S ustainability	Be Sensitive to Environment	Nishat ensures best use of environmental resources by adopting benchmark process and bringing continuous improvement in the same.
Humbleness	Be Empathic	Nishat encourages culture of mutual respect, support and develops congenial environment for people at workplace.
A ccountability	Be Responsible	Nishat believes in 'participative decision making' and assures that everyone should take responsibility for all decisions at all levels.
T rust	Trust the People	Nishat trusts its employees the most and believes in attaining sustainable competitive advantage through its Human Capital.

CHAIRMAN'S REVIEW REPORT

I am pleased to present you the annual report of Nishat Mills Limited (the "Company") for the year ended 30 June 2020. The Company follows the best practices relating to corporate governance and complies with all the relevant requirements of Companies Act, 2017 and the Listed Companies (Code of Corporate Governance) Regulations, 2019 with respect to composition, meetings and procedures of the Board of Directors (the "Board") and its Committees.

Elections of the Board were held at 31 March 2020 to elect the directors for the next term of three years because previous Board had completed its tenure. The new Board has seven members with diverse and multi-generational background having core competencies, knowledge, skills and experience relevant to the business of the Company. I am pleased to inform that Mrs. Sara Aqeel and Mrs. Mehak Adil joined the Board as independent directors in place of Mr. Ghazanfar Husain Mirza and Mr. Magsood Ahmed.

The Board has developed a mechanism for annual evaluation of Board's own performance, Members of the Board and its Committees in compliance with the provisions of Listed Companies (Code of Corporate Governance) Regulations 2019. The performance evaluation mechanism ensures that all statutory and legal requirements are fulfilled with regard to procedures, meetings and oversight role of the Board. The Board carried out annual evaluation of Board's own performance, members of the Board and its Committees during the year. The performance of the Board, its Members and Committees was satisfactory.

During the financial year 2019-20, the Board successfully achieved targets and objectives set for the growth of the Company by performing the following functions:

- Approved the revised vision and mission statements.
- Performed effective and robust oversight.
- Reviewed and approved overall corporate strategy, annual business plan, key financial performance indicators and other budgetary targets.
- Ensured the quality and appropriateness of financial reporting and the transparency of disclosures in annual and quarterly financial statements.
- Carried out risk assessment, especially, of regulatory and legal requirements, market trends, cotton supply and price, energy availability and cost, foreign exchange fluctuations, interest rate and liquidity risks.
- Reviewed effectiveness of internal control system.
- Performed the due diligence of investments and evaluated returns.
- Reviewed and approved the financing / borrowing facilities.
- Ensured timely dissemination of price sensitive and inside information to relevant regulatory authorities.

Directors' Report

Directors of Nishat
Mills Limited ("the
Company") are
pleased to present
the annual report
of the Company for
the year ended 30
June 2020 along
with the financial
statements and
auditors' report
thereon.

FINANCIAL REVIEW

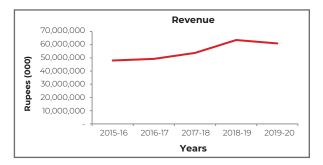

Financial Performance

Profit after tax of the Company decreased during the financial year ended 30 June 2020 as compared to the profit after tax of the corresponding last year ended 30 June 2019. The main reasons for decrease were reduction in sales due to outbreak of Covid-19 pandemic, decrease in dividend income and decrease in exchange gain on foreign currency.

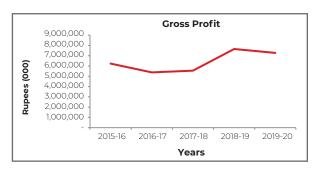

Financial highlights	2020 Rupees(000)	2019 Rupees(000)
Revenue	60,904,096	63,499,029
Gross profit	7,276,126	7,656,601
EBITDA	8,719,892	11,211,441
Depreciation	2,738,196	2,646,227
Finance cost	1,502,412	1,668,166
Dividend Income	2,044,302	3,029,845
Pre-tax profit	4,479,284	6,897,048
After tax profit	3,506,284	5,859,048

Revenue of the Company decreased by Rs. 2,594.933 million (4.09%) in the current year ended 30 June 2020 as compared to the corresponding year ended 30 June 2019. The main reason was decrease in export sales by Rs. 2,451.650 million due to unfavorable quantity variance because of lockdown, during the last quarter, in USA, Europe and China which are our main markets. Still the Company was able to cross the mark of Rs. 60.904 billion

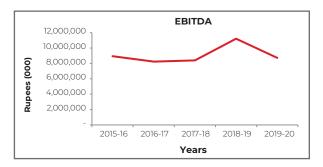

in its topline which is the second highest during the last five years.

The gross profit of the Company decreased by 4.97% from Rs. 7,656.601 million in the corresponding last year to Rs. 7,276.126 million in the current financial year. The main reason was decrease in revenue by 4.09%. A glance over the last five years indicates that the gross profit margin of the Company remained steady and decreased marginally to 11.95% in the current year from 12.06% in the last year.

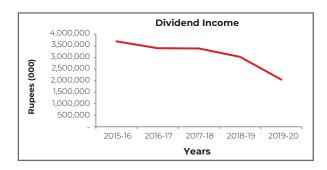

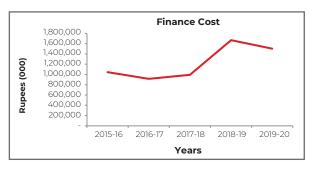

The Company earned EBITDA of Rs. 8,719.892 million during the year which reflects continuation of a steady trend over the last five years. EBITDA to sales percentage was 14.32%. The strong EBITDA is the evidence of robust cashflows of the Company which enables us to carry out regular BMR and finance working capital requirements.

The contribution from dividend income to the profitability of the Company was significant. The Company received dividends of Rs. 2,044.302 million during the financial year ended 30 June 2020. Over the years, the Company has built a strategic portfolio

representing all major sectors of the industry which contributes substantially in other income in the form of dividend income and capital gains.

Finance cost of the Company decreased by 9.94% due to reduction in average bank borrowing rate and decrease in average short term borrowings as a result of improvements in cashflows from operations. Overall finance cost of the Company also decreased despite investment in many new projects to diversify the business lines and expand the existing production facilities.

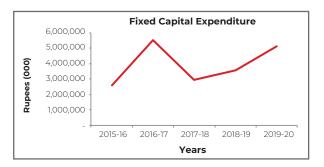

Profit after tax to sales % decreased from 9.23% in the last year to 5.76% in the current year due to decrease in other income.

Fixed Capital Expenditure

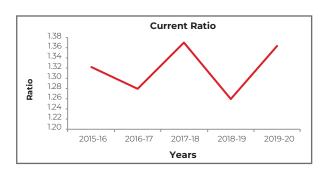

The Company invested Rs. 5.132 billion on fixed capital expenditure (CAPEX) which is an increase of 44.25% in the amount of CAPEX incurred during the corresponding last year. Major projects include expansion of open-end yarn production facility at Ferozewatwan,

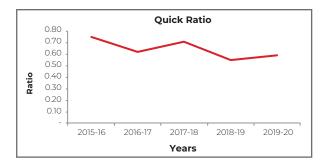

establishment of a new towel manufacturing unit and commissioning of 3.075 MW solar power plant.

Working Capital Management

Current and quick ratios increased by 7.94% and 7.27% to 1.36 and 0.59 times respectively which is the evidence of Company's strength to pay its short-term liabilities. The improvement in working capital management was achieved despite increased working capital requirements due to lockdown after coronavirus outbreak.

Earnings per Share

The Company maintains a positive stream of Earning Per Share (EPS) as reflected by the last five-year trend. It shows effectiveness of management's strategy which is pivot in enhancing the shareholders' value.

Appropriations

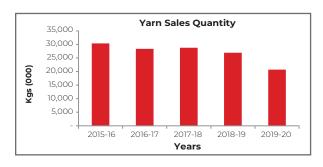

The Board of Directors of the Company has recommended 40% cash dividend (2019: 40%) and transferring of Rupees 2,101 million (2019: Rupees 4,386 million) to general reserve.

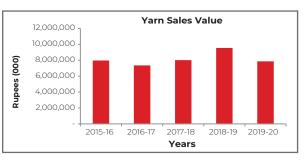

SEGMENT ANALYSIS

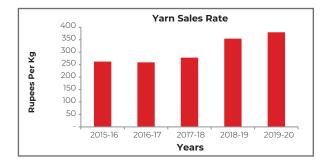

Following is the brief overview of the segmental performance:

Spinning

Cotton prices were low at the start of harvesting season during the FY 2019-20, but news of cotton shortage triggered the hasty buying which pushed the prices upward. The Company started to procure the cotton as soon as it became available in the market. The management also reconsidered its cotton buying strategy due to rising trend in cotton prices which were adversely affecting profitability of the Division. The Company closely watched the dynamics of local and international cotton markets and made best available price mix of cotton stocks for the year.

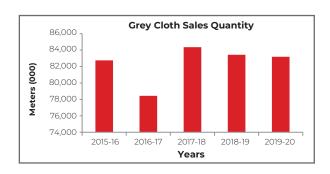

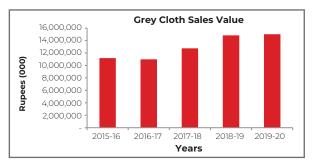

Financial performance of Spinning Division including the newly commissioned open-end yarn unit was remarkable during the first nine months of the financial year. However, outbreak of Covid-19, continued US-China trade war and delay in finalization of Pak-China Free Trade Agreement were the major factors which affected the profitability. Demand and prices of cotton yarn in international market consistently declined during the year. Local market which was very supportive during first nine months, also became silent in last quarter due to lockdown situation for Coronavirus preventive measures.

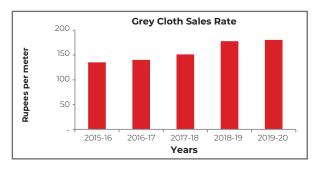

Weaving

The first nine months of the FY 2019-20 were somehow stable because there were not many fluctuations in yarn and polyester prices which are the major raw materials of the Division. Rupee was also steady around Rs. 156 per US Dollar. Such stability gives a better visibility of business and helps to plan accordingly. However, outbreak of coronavirus during the last quarter of the year created uncertainty in the world economy which severely affected the demand for textile products.

The Division successfully survived the pandemic due to its diversified product portfolio. Diversification has always been our key strategy which paid off in the times of crisis. Since the retail business was the major affectee, fashion fabric sale decreased significantly. Most of our customers requested us to slowed down / stop processing of their orders. On the contrary due to the pandemic there was a great shortage in the supply for health and medical based textile (masks / gowns etc.). Therefore the Division explored the health care business.

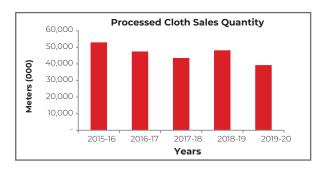

The future outlook of our grey cloth business does not look promising because pandemic has not fully controlled. We expect that this may negatively affect our future profitability.

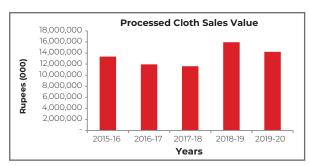

Dyeing

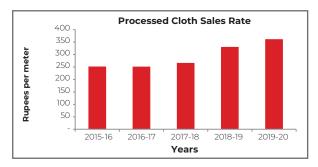

Covid-19 pandemic severely affected the financial performance of the Division during the last quarter. After the spread of Coronavirus, all our major customers immediately cancelled or asked us to hold the production of their orders. The outbreak has upset the annual financial results of the Division which performed well during the first nine months of the financial year ended 30 June 2020.

Since the governments all over the world have eased lockdowns due to slowdown in spread of the virus, the situation is expected to improve somehow. However, end of pandemic is nowhere in the sight. In current global scenario, fashion industry foresees a very slow demand for dyed cloth as there are huge

inventories piled up with retailers with reduced consumer demand. Notably there is an increase in demand for Personal Protective Equipment (PPE) related fabrics which are generally infrequent and low margin orders. The Division also produced such fabric during the last quarter of the financial year in order to keep its production facilities running. The management of the Division believes that development of the new product lines featuring quality and sustainability would be the key opportunities in this catastrophe. Therefore, we are in touch with all of our customers and keeping close eye on this unexpected and unusual situation.

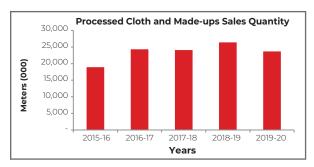

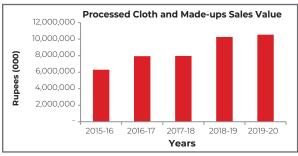

Home Textile

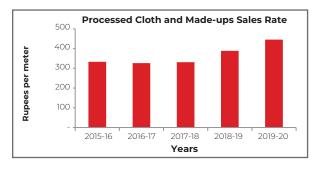

The Division operated at optimum capacity levels due to plenty of orders in the pipeline despite outbreak of Covid-19 pandemic in the third quarter. Still the last quarter was a struggle to survive and sustain. Sales went down and focus was shifted to managing the responsibility of thousands of employees' health, livelihood and lives. It has become a

continuous struggle after the outbreak of pandemic and outcome is in shape of a healthy work force. This was possible only due to the Division's preparedness to deal with this crisis and overall determination to fight and beat this disease.

The Division already had some business experience with Health Care Sector. Therefore, management immediately took steps to explore Health Care Sector, right after emergence of the disease, due to which the Company got the earliest orders of Masks and Hospital Isolation Gowns from both local and foreign customers. Production capacities were brought back online after massive retrofitting and redesigning of production processes and counselling of workers to implement the new SOPs for fighting the spread of coronavirus. We are happy to report that the Division is working at almost full capacity.

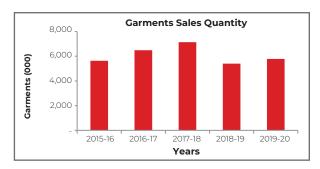

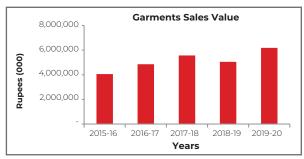

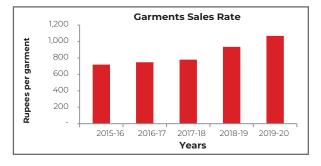

Garments

Profitability of the Garments Division significantly increased during the current financial year as compared to the corresponding last financial year. This improvement in profitability is attributable to accomplishment of many milestones in the financial year which includes the highest production efficiencies, remarkable quality performance, investments made in research and development, human development and automated equipment to boost production.

Outbreak of Covid-19 has severely affected the growth trajectory of the Division. Management is observing many of the social and environmental consequences of post-pandemic economic structures. expecting a major shift in worldwide consumption approach for fashion. Instead utilization of natural resources under linear economic model of take, make and dispose world would be tending towards more of circular or regenerative approach based on renewal and reuse. Therefore, the Division would be taking multiple sustainable initiatives throughout our operations by considering current crisis as an opportunity to create sustainable future. This would definitely be an excellent response towards evolving market needs and would strengthen our position as market lead.

Power Generation

Power Division completed another milestone, in line with its plan to diversify its power mix, by commissioning a 3 MW Wartsila Solar Power Plant at Sahianwala, Faisalabad in November 2019. Further plans to acquire two more Solar Power Plants for Power Divisions located at Bhikki and Ferozwatwan are under process while acquisition of a 320 KW Solar Power Plant for Lahore is at final stage. The commissioning of plant is expected before the end of the year. A 3.2 MW Steam Turbine for power plant located at Lahore was also commissioned in December 2019. This turbine generates electricity from high pressure / temperature steam produced by 9MW coal power plant before this steam is transferred at low pressure / temperature to production halls of Dyeing and Home Textile Divisions. Completion of this project has provided additional benefit from high pressure / temperature of steam which was previously wasted as steam at low pressure / temperature is required in fabric dyeing and finishing process. This has resulted in cost saving by around 30% in Coal Power Plant, Lahore.

RISKS AND OPPORTUNITIES

Nishat Mills Limited takes risks and creates opportunities in the normal course of business. Taking risk is important to remain competitive and ensure sustainable success. Our risk and opportunity management encompass an effective framework to conduct business in a well-controlled environment where risk is mitigated and opportunities are availed. Each risk and opportunity are properly weighted and considered before making any choice. Decisions are formulated only if opportunities outweigh risks.

Following is the summary of risks and strategies to mitigate those risks:

STRATEGIC RISKS

We are operating in a competitive environment where innovation, quality and cost matters, especially, in post Covid-19 world. This risk is mitigated through continuous research & development and persistent introduction of new technologies under BMR. Strategic risk is considered as the most crucial of all the risks. Head of all business divisions meet at regular intervals to form an integrated approach towards tackling risks present both at the international and national level.

BUSINESS RISKS

The Company faces a number of following business risks:

Cotton Supply and Price

The supply and prices of cotton is subject to the act of nature and demand dynamics of local and international cotton markets. There is always a risk of non-availability of cotton and upward shift in the cotton prices in local and international markets. The Company mitigates this risk by the procurement of the cotton in bulk at the start of the harvesting season.

Export Demand and Price

The exports are major part of our revenue. We face the risk of pandemics, competition and decline in demand of our products in international markets. We minimize this risk by building strong relations with customers, broadening our customer base, developing innovative products without compromising on quality and providing timely deliveries to customers.

Energy Availability and Cost

The rising cost and un-availability of energy i.e. electricity and gas shortage is a major threat to manufacturing industry. This risk, if remains unmitigated, can render us misfit to compete in the international markets. The Company has mitigated the risk of rising energy cost by opting for diversified fuels such as coal, furnace oil, bio-mass, diesel along with solar energy. The measures to conserve energy have also been taken at all manufacturing facilities of the Company. Likewise, risk non-availability of the energy has been minimized by installing power plants for generating electricity at all locations of the Company along with securing electricity connections from WAPDA.

FINANCIAL RISKS

The Board of Directors of the Company is responsible to formulate the financial risk management policies which are implemented by the Finance Department of the Company. The Company faces the following financial risks:

Currency risk

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to United States Dollar (USD), Arab Emirates Dirham (AED), Euro and Japanese Yen (JPY). The Company's foreign exchange risk exposure is restricted to the bank balances and the amounts receivable / payable from / to the foreign entities.

Interest rate risk

The Company's interest rate risk arises from long term financing, short term borrowings, loans and advances to subsidiary companies and bank balances in saving accounts. Financial instruments at fixed rate expose the Company to fair value interest rate risk.

Credit risk

The Company's credit exposure to credit risk and impairment losses relates to its trade debts. This risk is mitigated by the fact that majority of our customers have a strong financial standing and we have a long -standing business relationship with all our customers. We do not expect nonperformance by our customers; hence, the credit risk is minimal.

Liquidity risk

It is at the minimum due to the availability of enough funds through committed credit facilities from the Banks and Financial institutions.

Capital risk

When managing capital, it is our objective to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Company maintains low leveraged capital structure. We monitor the capital structure on the basis of the gearing ratio. Our strategy is to keep the gearing ratio at the maximum of 40% equity and 60% debt.

OPPORTUNITIES

As the leading textile company of the country, the Company is in a position to avail and exploit a number of opportunities. Following is the summary of some exciting opportunities.

- Regionally diversified customer base across the world provides a sustainable growth to export sales;
- Vibrant local and international subsidiary companies create demand for our products;
- Vertical integration makes it possible to exploit operational synergies;
- · Abundant supply of cotton in the country;
- High population growth of the country is a source of suitable manpower and a stimulus in creating the demand for textile products.

TEXTILE INDUSTRY OVERVIEW

Financial Year 2019-20 was very challenging, right from start of the year, for the textile industry due to global stagnation of demand, increase in cost of doing business, trade suspension with India and imposition of 17% sales tax on textile products. Collective effect of all these factors was decrease in profitability and cashflow squeeze. Yet, the worst came during the third quarter in the form of worldwide outbreak of Covid-19 pandemic. It increased the troubles of already struggling textile sector and led to closure of many small and medium sized units. Moreover, thousands of employees, across all segments of textile sector, have been laid off.

Although the spread of disease has slowed down, pandemic is not yet over. It has come out to be another factor that will contribute in low demand of textile products because of decrease in household income as a result of very high unemployment rate all over the world. Therefore, future dynamics of textile sector are not going to significantly improve in the next financial year.

SUBSIDIARY COMPANIES

The Company has also annexed consolidated financial statements along with separate financial statements in accordance with the requirements of International Financial Reporting Standards and Companies Act, 2017. Following is a brief description of all subsidiary companies of Nishat Mills Limited:

1. Nishat Power Limited

The Company owns and controls 51.01% shares of this subsidiary. The subsidiary is listed on Pakistan Stock Exchange Limited. The principle business of the subsidiary is to build, operate and maintain a fuel powered station having gross capacity of 200MW in Jamber Kalan, Tehsil Pattoki, District Kasur, Punjab, Pakistan. The subsidiary commenced its commercial production on 09 June 2010.

2. Nishat Linen (Private) Limited

This is a wholly owned subsidiary of the Company. The principal objects of the Subsidiary are to operate retail outlets for sale of textile and other products and to sell the textile products by processing the textile goods in own and outside manufacturing facilities. The subsidiary started its operations in July 2011 and is presently operating 110 retail outlets including e-stores in Pakistan.

3. Nishat Hospitality (Private) Limited

This is a wholly owned subsidiary of the Company. Subsidiary's object is to run a chain of hotels across the country. Currently it is operating a four star hotel in Lahore on international standards under the name of "The Nishat St. James Hotel". The subsidiary started its operations on OI March 2014.

4. Nishat Commodities (Private) Limited

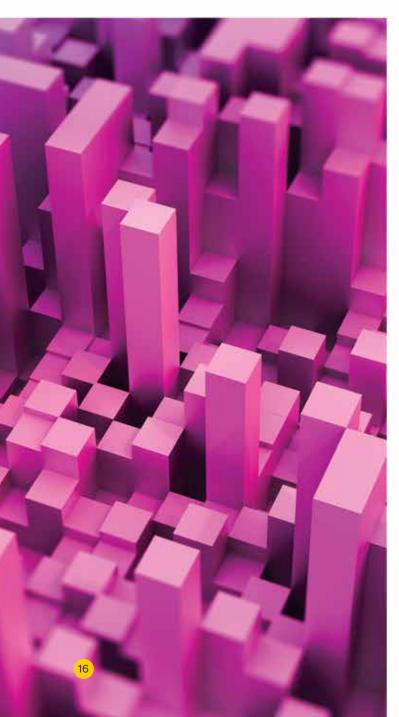

This is a wholly owned subsidiary of the Company. The object of the subsidiary is to carry on the business of trading of commodities including fuels, coals, building material in any form or shape manufactured, semi-manufactured, raw materials and their import and sale in Pakistan. The subsidiary started its operations in March 2016.

5. Lalpir Solar Power (Private) Limited

Lalpir Solar Power (Private) Limited is a private limited Company incorporated in Pakistan on 09 November 2015. It is a wholly owned subsidiary of Nishat Power Limited which is a subsidiary of Nishat Mills Limited. The financial statements of the subsidiary have been prepared on non-going concern basis. The explanation of which has been provided in Note 1(a) of the Consolidated Financial Statements and Directors' Report on the Consolidated Financial Statements.

6. Nishat Linen Trading LLC

Nishat Linen Trading LLC is a limited liability company incorporated in Dubai, UAE. It is a

wholly owned subsidiary of the Company. The subsidiary is principally engaged in trading of textile, blankets, towels, linens, ready-made garments, garments accessories and leather products along with ancillaries thereto through retail outlets and warehouses across United Arab Emirates. The subsidiary started its commercial operations in May 2011 and is presently operating 11 retail outlets in UAE.

7. Nishat International FZE

This is also a wholly owned subsidiary of Nishat Mills Limited. It was incorporated as a Free Zone Establishment limited Liability Company in Jebel Ali Free Zone, Dubai according to the laws of United Arab Emirates (UAE). It has been registered in the FZE register on February 07, 2013. The principal activity of the Subsidiary Company is trading in textile products such as blankets, towels & linens, ready-made garments, garments accessories and leather products such as shoes, handbags and all such ancillaries thereto.

8. Nishat Global China Company Limited

Nishat Global China Company Limited is incorporated in Yuexiu District, Guangzhou, China, as Foreign Invested Commercial Enterprises "FICE", in accordance with the Law of Peoples Republic of China on Foreign-Capital enterprises and other relevant Laws and Regulations. Nishat Global China Company Limited is a wholly owned subsidiary of Nishat International FZE which is a wholly owned subsidiary of Nishat Mills Limited. The principal business of the Subsidiary is wholesale, commission agency (excluding auction), import and export of textile goods and women fashion accessories. The subsidiary started its commercial operations in January 2014.

9. Nishat USA Inc.

The subsidiary is a corporation service company incorporated in the State of New York. It is a wholly owned subsidiary of the Company and was acquired by the Company on 01 October 2008. The corporation is a liaison office of the Company's marketing department providing access, information and other services relating to US Market.

CORPORATE SOCIAL RESPONSIBILITY

The Company takes a number of initiatives regarding the discharge of its responsibility towards society. Following is the brief snapshot of Corporate Social Responsibility (CSR) activities:

Environment Protection

Environment protection is the key focus area and the Company regularly invests to safeguard and protect environment. The Company has installed Effluent Water treatment plants at all dyeing, printing and garments production facilities in order to eliminate the hazardous impact of usage of textile chemicals on water. These plants have been in operations for many years. These plants treat the water used in production process for contamination and other impurities before its final drainage. The Company also regularly carries out tree plantation drive at its offices and factories.

Energy Conservation

Availability of cheap energy is the biggest challenge for the textile industry. Higher cost of energy as compared to our competitors in China, India and Bangladesh has severally affected our competitiveness in international market. Therefore, conservation of energy is top priority and the Company has embraced techniques such as replacement of existing conventional tube lights with LED lights, by installing waste and heat recovery plants to generate steam from gas engine exhaust and implementation of code of conducts for employees to promote energy conservation.

Waste Recycling

In addition to acquiring new environment friendly technologies, the Company also invests in recycling of waste generated from its operations which not only eliminates wastes but also reduces cost. The caustic soda recovery plant has been in operation for the last 18 years at our dyeing and finishing plant. The Company has also installed water treatment plants, cotton recycling plants and oil recycling machines at different sites to recycle the water, textile waste and oil for maximum saving of natural resources.

Occupational Safety and Health

Health and safety of the workers and staff is the most important thing for the Company. After the outbreak of coronavirus pandemic in the third quarter of the year, the Company immediately formulated a crisis management team which implemented the directives issued by Punjab Government regarding preventing the spread of the disease. The team launched a campaign at all locations of the Company and its surrounding for the awareness of appropriate precautions which an individual should take to save himself / herself and colleagues.

The Company also regularly organizes medical camps for malaria, typhoid, dengue and eye sight. Further regular fumigation is carried out at premises of all manufacturing facilities by using fogging machines to prevent dengue. The Company has also established dispensaries under the supervision of qualified doctors at its production facilities which are equipped with ambulances.

Equal Opportunity Employer

Diversity and ethics are the core value of the Company. The Company provides equal opportunity for employment and career progression to all irrespective of gender, class and religious discrimination. Majority of the workforce employed in Home Textile and Garments Divisions are women.

Community Welfare Schemes

The Company regularly carries out schemes of social welfare in areas adjacent to its manufacturing facilities by engaging its staff and using its money. The Company regularly organizes medical camps for malaria, typhoid and eye sight for the people living in the surroundings of its manufacturing facilities.

Consumer Protection Measures

The Company is also deeply concerned with consumers protection on humanitarian as well as business perspective. The Company has acquired the certification of Customs-Trade Partnership Against Terrorism (C-TPAT) at all its production facilities. C-TPAT is a voluntary supply chain security program aimed at improving the security of private companies' supply chains with respect to terrorism. Further the Company has obtained OEKO Tex Standards 100, SA-8000, WRAP and SEDEX certifications.

CORPORATE GOVERNANCE

Best Corporate Practices

Sr.#	Name of Director	No. of Meetings Attended
1	Mian Umer Mansha	3
	(Chief Executive Officer)	
2	Mian Hassan Mansha (Chairman)	4
3	Syed Zahid Hussain	4
4	Mr. Mahmood Akhtar	4
5	*Mr. Maqsood Ahmad	3
6	*Mr. Ghazanfar Hussain Mirza	3
7	Mr. Farid Noor Ali Fazal	3
8	*Mrs. Sara Aqeel	1
9	*Mrs. Mehak Adil	-

*Mrs. Mehak Adil and Mrs. Sara Aqeel were appointed as Directors in place of Mr. Maqsood Ahmad and Mr. Ghazanfar Hussain Mirza with effect from April 01, 2020.

Directors' Statement

Following is the Directors' statement on Corporate and Financial Reporting framework:

- The financial statements, prepared by the management of the Company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- 2. Proper books of account of the Company have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of the financial statements and accounting estimates are based on reasonable and prudent judgment.

- 4. International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departure there from has been adequately disclosed.
- 5. The system of internal control is sound in design and has been effectively implemented and monitored.
- 6. There are no significant doubts upon the Company's ability to continue as a going concern.
- 7. There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- 8. Value of investments in respect of retirement benefits fund: Provident Fund: 30th June, 2020: Rs. 3,562.395 Million Un-audited, 2019: Rs. 3,379.582 Million-Audited).

Transactions with related parties

The Company has fully complied with best practices on Transfer Pricing as contained in the Listing Regulations of Pakistan Stock Exchange and Companies (Related Party Transactions and Maintenance of Related Records) Regulations, 2018 while executing all transactions with related party. The detail of arrangements for transactions, as approved by the Board during the year, other than transactions in the ordinary course of business is as follows:

- 1. Further equity investment of up to Rs. 2.144 billion in MCB Bank Limited, an associated company, to earn dividend and prospective capital gains.
- Further investment of up to Rs. 1 billion as loan and advances in Nishat Hotels and Properties Limited, an associated company, in accordance with its investment policy to earn higher interest rate as compared to other investment opportunities available to company.
- 3. Equity investment of up to Rs. 950 million in Nishat Sutas Dairy Limited, an associated company, to earn dividend and prospective capital gains.
- 4. Further equity investment from Rs. 960 million to Rs. 1,267.680 million in Hyundai Nishat Motor (Private) Limited, an associated company, to earn dividend and prospective capital gains.
- 5. Investment in Hyundai Nishat Motor (Private) Limited, an associated company by way of guarantee / continuing Stand by letter(s) of Credit (SBLC) from Rs. 1200 million to Rs. 1,532.544 million.

Auditors

Financial Statement of the Company for the vear ended 30 June 2020 have been audited by M/s Riaz Ahmed & Company, Chartered Accountants who have given an unqualified report. Current auditors will retire on the conclusion of Annual General Meeting of the Company. Being eligible, M/s Riaz Ahmed & Company, Chartered Accountants have offered themselves for reappointment for the year ending 30 June 2021.

SUBSEQUENT EVENTS

No material changes and commitments affecting the financial position of the Company occurred between 30 June 2020 and 18 September 2020.

FUTURE PROSPECTS

Economic uncertainty inflicted by Covid-19 pandemic has greatly affected the future planning and current performance of the Company. So far, our years old strategy to diversify our product range paid off because we were able to sell to health care sector as soon as pandemic emerged.

Apart from coronavirus pandemic, other major challenge is expected rise in cotton prices due to shortage of cotton crop as a result of floods and heavy rains in cotton growing areas. Management is aware of the ensuing problems and has prepared its strategic plans accordingly.

Planned expansion of towel manufacturing unit in June 2020 has been delayed due to delay in shipments of machinery and unavailability of foreign consultants who could not reach Pakistan because of lockdown. The revised date of commissioning of the unit is expected in the first quarter of FY 2020-21.

For and on behalf of the Board of Directors.

Mian Umer Mansha Chief Executive Officer

Lahore 18 September 2020

ADEOUACY OF INTERNAL FINANCIAL **CONTROLS**

The Company has established an effective and efficient system of internal and financial controls to safeguard the assets of the Company, prevent and detect fraud and ensure compliance with all statutory and legal requirements. The internal control structure is regularly reviewed and monitored by the Internal Audit function duly established by the Board. Audit Committee reviews the internal control system on quarterly basis accordance with the term of its reference.

DIRECTORS' REMUNERATION

The Board of Directors has approved Directors' Remuneration Policy. The main features of the policy are as follows:

- The Company shall not pay remuneration of its non-executive directors including independent directors except for meeting fee for attending the Board and its Committees' meetings.
- The Company will reimburse or incur travelling expenses of and accommodation of Directors in relation to attending of the Board and Committees' meetings.
- The Directors' Remuneration Policy will be reviewed and approved by the Board of Directors from time to time.

PATTERN OF SHAREHOLDING

A statement of the pattern of shareholding as at June 30, 2020, which is required to be disclosed under the reporting framework, is annexed to this report.

ACKNOWLEDGEMENT

Directors are pleased and thankful to the employees for their continued dedication and efforts for the Company.

> Jand Jazal Farid Noor Ali Fazal

Director

- 15. The board has set up an effective internal audit function who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the company.
- 16. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the Chief Executive Officer, Chief Financial Officer, Head of Internal Audit, Company Secretary or Director of the company;
- 17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard;
- 18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with;
- 19. Explanations for non-compliance with requirements, other than regulations 3, 6, 7, 8, 27, 32, 33 and 36 are below:

Sr. No.	Requirement	Explanation of Non-Compliance	Regulation Number
1	Nomination Committee The Board may constitute a separate committee, designated as the nomination committee, of such number and class of directors, as it may deem appropriate in its circumstances.	Currently, the Board has not constituted a separate nomination committee and the functions are being performed by the human resource and remuneration committee. The Board shall consider to constitute nomination committee after next election of directors.	29
2	Risk Management Committee The Board may constitute the risk management committee, of such number and class of directors, as it may deem appropriate in its circumstances, to carry out a review of effectiveness of risk management procedures and present a report to the Board.	Currently, the Board has not constituted a risk management committee and a senior officer of the Company performs the requisite functions and apprise the Board accordingly. The Board shall consider to constitute risk management committee after next election of directors.	30
3	Disclosure of significant policies on website The Company may post key elements of its significant policies, brief synopsis of terms of reference of the Board's committees on its website and key elements of the directors' remuneration policy.	Although these are well circulated among the relevant employees and directors, the Board shall consider posting such policies and synopsis on its website in near future.	35
4	Representation of Minority shareholders The minority members as a class shall be facilitated by the Board to contest election of directors by proxy solicitation.	No one intended to contest election as director representing minority shareholders.	5
5	Responsibilities of the Board and its members The Board is responsible for adoption of corporate governance practices by the company.	Non-mandatory provisions of the Regulations are partially complied. The company is deliberating on full compliance with all the provisions of the Regulations.	10(1)

20. The two elected independent directors have requisite competencies, skills, knowledge and experience to discharge and execute their duties competently, as per applicable laws and regulations. As they fulfill the necessary requirements as per applicable laws and regulations, hence, appointment of a third independent director is not warranted.

from mon

Mian Hassan Mansha

Chairman

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Nishat Mills Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Nishat Mills Limited (the Company) for the year ended 30 June 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2020.

INDEPENDENT AUDITOR'S REPORT

To the members of Nishat Mills Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Nishat Mills Limited (the Company), which comprise the statement of financial position as at 30 June 2020, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2020 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Sr. No.	Key audit matters	How the matters were addressed in our audit
1.	Inventory existence and valuation	
	Inventory as at 30 June 2020 amounted to Rupees 23,010.112 million, break up of which is as follows:	Our procedures over existence and valuation of inventory included, but were not limited to:
	- Stores, spare parts and loose tools Rupees 2,256.569 million	 To test the quantity of inventories at all locations, we assessed the corresponding inventory observation instructions and participated in inventory counts on sites.
	- Stock-in-trade Rupees 20,753.543 million	Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the
	Inventory is measured at the lower of cost	management;

Sr. No.	Key audit matters	How the matters were addressed in our audit
	and net realizable value. We identified existence and valuation of inventory as a key audit matter due to its size, representing 20.79% of the total assets of the Company as at 30 June 2020, and the judgment involved in valuation. For further information on inventory, refer to the following: - Summary of significant accounting policies, Inventories note 2.16 to the financial statements. - Stores, spares parts and loose tools note 18 and Stock-in-trade note 19 to the financial statements.	 For a sample of inventory items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets; We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded invoice; On a sample basis, we tested the net realizable value of inventory items to recent selling prices and re-performed the calculation of the inventory write down, if any; We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory; In the context of our testing of the calculation, we analysed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs; and We also made enquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.
2.	Investments in equity securities Quoted investments: The Company's portfolio of quoted investments, except for investment in quoted subsidiary company, makes up 26.77% of total assets. Due to materiality of quoted investments in the context of the financial statements as a whole and the requirements of applicable accounting and reporting standards relating to classification, measurement and disclosures of investments in related parties, they are considered to be the area which had the greatest effect on our overall audit strategy and allocation of resources in planning and completing our audit.	 Our procedures included, but were not limited to: We documented and assessed the processes and controls in place to record investment transactions and to value the portfolio; We agreed the valuation of all of quoted investments from prices quoted on Pakistan Stock Exchange Limited and redemption price in case of open-end mutual fund except for investment in subsidiary company measured at cost less impairment loss, if any, in accordance with the provisions of IAS 27 'Separate Financial Statements'; We agreed the holding of all quoted investments from the Account Balance Report of Central Depository Company of Pakistan Limited, Statement of Account, in case of open-end mutual fund and physical share certificates in hand; and We verified the accuracy of management's judgement used in classification of quoted investments in related parties.

Sr. No.	Key audit matters	How the matters were addressed in our audit
	Un-quoted investments:	Our procedures included, but were not limited to:
	Investments in unquoted equity securities except for investments in unquoted subsidiary companies are accounted for as financial assets at fair value through other comprehensive income and are subject to fair valuation at each reporting date. Investments in unquoted subsidiary companies are stated at cost less impairment loss, if any. The investments as at 30 June 2020 are valued by an independent professional valuer. With reference to the valuation, management estimated the fair value of the investments at Rupees 3,809.318 million at year end. Investee companies are operating in Insurance, Packaging, Dairy, Hotel and Shopping Mall, Automobile and Energy sectors and therefore, fair values are highly dependent on their expansion plans and significant management judgements. Accordingly, the valuation of the investments was considered as one of the key audit matters. The fair values were determined based on	 We evaluated the independent professional valuer's competence, capabilities and objectivity; We assessed the valuation methodology used by the independent professional valuer to estimate the fair value of the investments; We checked, on a sample basis, the accuracy and reasonableness of the input data provided by management to the independent professional valuer, to supporting evidence, such as approved budgets and considering the reasonableness of these budgets by comparing the budgets to the historical results and market data; We assessed the reasonableness of cash flows projection, challenging and performing audit procedures on management's assumptions such as the future business growth driven by future expansion plan, future products selling prices and operating costs, discount rate by comparing the assumptions to historical results and published market and industry data and comparing the current year's results with the prior year forecast and other relevant
	the present value technique. The valuations involved significant judgements and estimates from management, including future business growth driven by future expansion plans, future products selling prices and operating costs of the investee, discount rate, etc.	information. Our internal valuation expert has been engaged to assist the review on valuation methodology and discount rate. In addition, we had discussed with the management of the investee companies to understand the business and assessed if there was any inconsistency in the assumptions used in the cash flows projection;
	For further information, refer to the following:	 We agreed holding of all un-quoted investments from physical share certificates in hand;
	- Summary of significant accounting policies, Investments note 2.9 to the financial statements.	 We performed sensitivity analysis in consideration of the potential impact of reasonably possible upside or downside changes in these key assumptions; and
	- Long term investments note 15 to the financial statements.	 We verified the accuracy of management calculation used for the impairment testing, in case of subsidiary companies carried at cost less impairment loss, if any.
3.	Capital expenditures	
	The Company is investing significant amounts in its operations and there are a number of areas where management judgement impacts the carrying value of property, plant and equipment and its respective depreciation profile. These include among other the decision to	 Our procedures included, but were not limited to: We tested operating effectiveness of controls in place over the property, plant and equipment cycle including the controls over whether costs incurred on activities is capital or operating in nature;

Sr. No.	Key audit matters	How the matters were addressed in our audit
	capitalize or expense costs; and review of useful life of the assets including the impact of changes in the Company's strategy. We focused on this area since the amounts have a significant impact on the financial position of the Company and there is significant management judgment required that has significant impact on the reporting of the financial position for the Company. Therefore, considered as one of the key audit matters. For further information, refer to the following: - Summary of significant accounting policies, property, plant, equipment and deprecation note 2.6 to the financial statements. - Property, plant and equipment note 13 to the financial statements.	 We evaluated the appropriateness of capitalization policies and depreciation rates; We performed tests of details on costs capitalized; and We verified the accuracy of management's calculation used for the impairment testing.
4.	Revenue recognition The Company recognized net revenue of Rupees 60,904.096 million for the year ended 30 June 2020. We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicator of the Company and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets. For further information, refer to the following: - Summary of significant accounting policies, Revenue from contracts with customers note 2.23 to the financial statements. - Revenue note 26 to the financial statements.	 Our procedures included, but were not limited to: We obtained an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue; We compared a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery documents and other relevant underlying documents; We compared a sample of revenue transactions recorded around the year-end with the sales orders, sales invoices, delivery documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period; We assessed whether the accounting policies for revenue recognition complies with the requirements of IFRS 15 'Revenue from Contracts with Customers'; and We compared the details of a sample of journal entries posted to revenue accounts during the year, which met certain specific risk-based criteria, with the relevant underlying documentation; and We also considered the appropriateness of disclosures in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to

the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Mubashar Mehmood.

CHIEF EXECUTIVE OFFICER

DIRECTOR

CHIEF FINANCIAL OFFICER

For the year ended June 30, 2020

1 THE COMPANY AND ITS OPERATIONS

- 1.1 Nishat Mills Limited (the Company) is a public limited Company incorporated in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The Company is engaged in the business of textile manufacturing and of spinning, combing, weaving, bleaching, dyeing, printing, stitching, apparel, buying, selling and otherwise dealing in yarn, linen, cloth and other goods and fabrics made from raw cotton, synthetic fibre and cloth and to generate, accumulate, distribute, supply and sell electricity.
- 1.2 Geographical location and addresses of all business units are as follows:

Sr. No.	Manufacturing units and offices	Address
1	Spinning units, yarn dyeing unit and power plant	Nishatabad, Faisalabad.
2	Spinning units and power plant	Plot No. 172-180 and 188-197, M-3 Industrial City, Sahianwala, FIEDMC, 2 K.M., Jhumra Chiniot Road, Chak Jhumra, Faisalabad.
3	Spinning units and power plant	20 K.M., Sheikhupura Road, Feroze Wattwan.
4	Weaving units and power plant	12 K.M., Faisalabad Road, Sheikhupura.
5	Weaving units, dyeing and finishing unit, processing unit, stitching units and power plants	5 K.M., Nishat Avenue Off 22 K.M., Ferozepur Road, Lahore.
6	Terry unit	7 K.M., Nishat Avenue Off 22 K.M., Ferozepur Road, Lahore.
7	Apparel unit	2 K.M., Nishat Avenue Off 22 K.M., Ferozepur Road, Lahore.
8	Head office	7-Main Gulberg, Lahore.
9	Liaison office	1st Floor, Karachi Chambers, Hasrat Mohani Road, Karachi.
10	Registered office	Nishat House, 53 - A, Lawrence Road, Lahore.

1.3 These financial statements are the separate financial statements of the Company. Consolidated financial statements of the Company are prepared separately. Details of the Company's investments in subsidiaries and associates are stated in note 15 to these financial statements.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) Accounting convention

These financial statements have been prepared under the historical cost convention except as otherwise stated in the respective accounting policies.

c) Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in application of accounting policies are as follows:

Financial instruments - fair value

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on assumptions that are dependent on conditions existing at the reporting date.

Useful lives, patterns of economic benefits and impairment

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of assets for possible impairment on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment and investment properties with a corresponding effect on the depreciation charge and impairment.

Inventories

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made on each reporting date on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

Income tax

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

Provisions

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Impairment of investments in subsidiaries

In making an estimate of recoverable amount of the Company's investments in subsidiaries, the management considers future cash flows.

For the year ended June 30, 2020

Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

d) Standards, interpretations and amendments to published approved accounting standards that are effective in current year and are relevant to the Company

Following standard, interpretation and amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2019:

- IFRS 16 'Leases'
- IFRS 9 (Amendments) 'Financial Instruments'
- IAS 28 (Amendments) 'Investments in Associates and Joint Ventures'
- IFRIC 23 'Uncertainty over Income Tax Treatments'
- IASB's Annual Improvements to IFRSs: 2015 2017 Cycle

The above mentioned accounting standards did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

e) Standard and amendments to published approved accounting standards that are effective in current year but not relevant to the Company

There are other standard and amendments to published standards that are mandatory for accounting period beginning on or after 01 July 2019 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) Amendments to published approved accounting standards that are not yet effective but relevant to the Company

Following amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2020 or later periods:

Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS. In addition, the IASB has also issued guidance on how to make materiality judgements when preparing general purpose financial statements in accordance with IFRS.

On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework. The new Framework: reintroduces the terms stewardship and prudence; introduces a new asset definition that focuses on rights and a new liability definition that is likely to be broader than the definition it replaces, but does not change the distinction between a liability and an equity instrument; removes from the asset and liability definitions references to the expected flow of economic benefits—this lowers the hurdle for identifying the existence of an asset or liability and puts more emphasis on reflecting uncertainty in measurement; discusses historical cost and current value measures, and provides some guidance on how the IASB would go about selecting a measurement basis for a particular asset or liability; states that the primary measure of financial performance is profit or loss, and that only in exceptional circumstances will the IASB use other comprehensive income and only for income or expenses that arise from a change in the current value of an asset or liability; and discusses uncertainty, derecognition, unit of account, the reporting entity and combined financial statements. The Framework is not an IFRS standard and does not override any standard, so nothing will change in the short term. The revised Framework will be used in future standard-setting decisions, but no changes will be made to current IFRS. Preparers might also use

the Framework to assist them in developing accounting policies where an issue is not addressed by an IFRS. It is effective for annual periods beginning on or after 1 January 2020 for preparers that develop an accounting policy based on the Framework.

Amendment to IFRS 3 'Business Combinations' – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The International Accounting Standards Board (IASB) has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past financial statements.

Interest Rate Benchmark Reform which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures' is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform.

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets') effective for the annual period beginning on or after 1 January 2022 amends IAS 1 'Presentation of Financial Statements' by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16 'Property, Plant and Equipment') effective for the annual period beginning on or after 1 January 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc, are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2 'Inventories'. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning

For the year ended June 30, 2020

of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.

- IFRS 9 'Financial Instruments' The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 'Leases' The amendment partially amends Illustrative Example 13 accompanying IFRS 16 'Leases' by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

The above amendments and improvements do not have a material impact on the financial statements.

g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2020 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

2.2 Employee benefit

The Company operates an approved funded provident fund scheme covering all its permanent employees and permanent employees of a Group Company. Equal monthly contributions are made both by the Company, other Group Company and employees at the rate of 9.5 percent of the basic salary to the fund. The Company's contributions to the fund are charged to statement of profit or loss.

2.3 Taxation

Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except to the extent that it relates to

items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.4 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency. Figures are rounded off to the nearest thousand of Pak Rupees.

2.5 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

2.6 Property, plant, equipment and depreciation

Property, plant and equipment except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Cost of property, plant and equipment consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. Freehold land and capital work-in-progress are stated at cost less any recognized impairment loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of profit or loss during the period in which they are incurred.

Depreciation

Depreciation on property, plant and equipment is charged to the statement of profit or loss applying the reducing balance method so as to write off the cost / depreciable amount of the assets over their estimated useful lives at the rates given in note 13. The Company charges the depreciation on additions from the date when the asset is available for use and on deletions up to the date when the asset is de-recognized. The residual values and useful lives are reviewed by the management, at each financial year-end and adjusted if impact on depreciation is significant.

De-recognition

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the statement of profit or loss in the year the asset is de-recognized.

2.7 Investment properties

Land and buildings held for capital appreciation or to earn rental income are classified as investment properties. Investment properties except land, are stated at cost less accumulated depreciation and any recognized impairment loss. Land is stated at cost less any recognized impairment loss. Depreciation on buildings is charged to the statement of profit or loss applying the reducing balance method so as to write off the cost of buildings over their estimated useful lives at a rate of 10% per annum.

For the year ended June 30, 2020

2.8 IFRS 16 "Leases"

The Company has adopted IFRS 16 from 01 July 2019. The standard replaces IAS 17 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognized in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognized lease liabilities (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under IFRS 16 will be higher when compared to lease expenses under IAS 17, as the operating expense is now replaced by interest expense and depreciation in the statement of profit or loss. For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities. For lessor accounting, the standard does not substantially change how a lessor accounts for leases.

The adoption of IFRS 16 has no financial impact on the financial statements of the Company.

Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

2.9 Investments and other financial assets

a) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

b) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or

For the year ended June 30, 2020

loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

2.10 Financial liabilities - classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

2.11 Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade debts and other receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.12 De-recognition of financial assets and financial liabilities

a) Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

b) Financial liabilities

The Company derecognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

2.13 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legal enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

2.14 Investment in subsidiaries

Investments in subsidiaries are stated at cost less impairment loss, if any, in accordance with the provisions of IAS 27 'Separate Financial Statements'.

2.15 Investment in associates - (with significant influence)

The Company is required to prepare separate financial statements, hence, in accordance with the requirements of IAS 27 'Separate Financial Statements', the investments in associates are accounted for in accordance with IFRS 9 'Financial Instruments' and are classified as fair value through other comprehensive income (FVTOCI).

2.16 Inventories

Inventories, except for stock in transit and waste stock / rags, are stated at lower of cost and net realizable value. Cost is determined as follows:

Stores, spare parts and loose tools

Useable stores, spare parts and loose tools are valued principally at moving average cost, while items considered obsolete are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

Stock-in-trade

Cost of raw material, work-in-process and finished goods is determined as follows:

(i) For raw materials: Annual average basis.

(ii) For work-in-process and finished goods: Average manufacturing cost including a portion of production overheads.

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock / rags are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.17 Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables generally do not include amounts over due by 365 days.

The Company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

For the year ended June 30, 2020

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

2.18 Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell.

2.19 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

2.20 Borrowing cost

Interest, mark-up and other charges on long-term finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long-term finances. All other interest, mark-up and other charges are recognized in statement of profit or loss.

2.21 Share capital

Ordinary shares are classified as share capital. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

2.22 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost.

2.23 Revenue from contracts with customers

i) Revenue recognition

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate.

Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Rent

Rent revenue from investment properties is recognised on a straight-line basis over the lease term. Lease incentives granted are recognised as part of the rental revenue. Contingent rentals are recognised as income in the period when earned.

Sale of electricity

Revenue from sale of electricity is recognized at the time of transmission.

Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

ii) Contract assets

Contract assets arise when the Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

iii) Customer acquisition costs

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

iv) Customer fulfilment costs

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Company that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

v) Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

vi) Contract liabilities

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

vii) Refund liabilities

Refund liabilities are recognised where the Company receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Company does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical

For the year ended June 30, 2020

data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

2.24 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate of the amount can be made.

2.25 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

2.26 Contingent assets

Contingent assets are disclosed when the Company has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization becomes certain.

2.27 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

2.28 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the statement of profit or loss.

2.29 Derivative financial instruments

Derivatives are initially recognized at fair value. Any directly attributable transaction costs are recognized in the statement of profit or loss as incurred. They are subsequently remeasured at fair value on regular basis and at each reporting date as a minimum, with all their gains and losses, realized and unrealized, recognized in the statement of profit or loss.

2.30 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.31 Ijara contracts

Under the Ijarah contracts the Company obtains usufruct of an asset for an agreed period for an agreed consideration. The Company accounts for its Ijarah contracts in accordance with the requirements of IFAS 2 'Ijarah'. Accordingly, the Company as a Mustaj'ir (lessee) in the Ijarah contract recognises the Ujrah (lease) payments as an expense in the profit and loss on straight line basis over the Ijarah term.

2.32 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the chief executive officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief executive officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Company has following reportable business segments: Spinning at Faisalabad (I and II) and Feroze Wattwan (I and II) (Producing different quality of yarn including dyed yarn and sewing thread using natural and artificial fibres), Weaving at Bhikki and Lahore (Producing different quality of greige fabric using yarn), Dyeing (Producing dyed fabric using different qualities of greige fabric), Home Textile (Manufacturing of home textile articles using processed fabric produced from greige fabric), Terry (Manufacturing of terry and bath products), Garments (Manufacturing of garments using processed fabric) and Power Generation (Generation and distribution of power using gas, oil, steam, coal and biomass).

Transaction among the business segments are recorded at cost. Inter segment sales and purchases are eliminated from the total.

2.33 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

2.34 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

42.2 **Geographical information**

The Company's revenue from external customers by geographical locations is detailed below:

	2020	2019
	(Rupees i	n thousand)
Europe	25,633,571	19,939,444
Asia, Africa and Australia	10,928,749	24,189,995
United States of America and Canada	9,390,084	4,262,846
Pakistan	14,951,692	15,106,744
	60,904,096	63,499,029

^{42.3} All non-current assets of the Company as at reporting dates are located and operating in Pakistan.

42.4 **Revenue from major customers**

The Company's revenue is earned from a large mix of customers.

			2020 (Figures i	2019 n thousand)
43	PLANT CAPACITY AND ACTUAL PRODUCTION			
	Spinning			
	100 % plant capacity converted to 20s count based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Kgs.)	86,111	82,283
	Actual production converted to 20s count based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Kgs.)	65,466	72,810
	Weaving 100 % plant capacity at 50 picks based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Sq.Mtr.)	289,273	313,718
	Actual production converted to 50 picks based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Sq.Mtr.)	275,483	300,155
	Dyeing and Finishing Production capacity for 3 shifts per day for 1,029 shifts			
	(2019: 1,095 shifts) Actual production on 3 shifts per day for 1,029 shifts	(Mtr.)	52,856	56,400
	(2019: 1,095 shifts)	(Mtr.)	42,912	49,394
	Power Plant Generation capacity Actual generation	(MWH) (MWH)	932 361	788 389

Processing, Stitching and Apparel

The plant capacity of these divisions are indeterminable due to multi product plants involving varying processes of manufacturing and run length of order lots.

For the year ended June 30, 2020

43.1 Reason for low production

In the note of plant capacity and actual production, plant capacity of each segment has been adjusted to incorporate the impact of temporary suspension of operations due to lock down announced by the Government of the Punjab. The Company resumed its operations after implementing necessary standard operating procedures.

Under utilization of available capacity for spinning, weaving, dyeing and finishing is mainly due to normal maintenance. Actual power generation in comparison to installed is low due to periodical, scheduled and unscheduled maintenance and low demand.

44 FINANCIAL RISK MANAGEMENT

44.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to hedge certain risk exposures.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors. The Company's finance department evaluates and hedges financial risks. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity.

a) Market risk

i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), Arab Emirates Dirham (AED), Euro, Japanese Yen (JPY) and Swiss Franc (CHF). Currently, the Company's foreign exchange risk exposure is restricted to bank balances and the amounts receivable / payable from / to the foreign entities. The Company's exposure to currency risk was as follows:

	2020	2019
Cash at banks - USD	37,934	77,275
Trade debts - USD	14,824,462	19,472,222
Trade debts - Euro	994,934	1,711,145
Trade debts - AED	1,244,456	2,571,661
Trade and other payables - USD	(1,935,624)	(1,572,549)
Trade and other payables - Euro	(155,010)	(63,404)
Trade and other payables - AED	-	(473,931)
Trade and other payables - JPY	(131,220)	(335,195)
Trade and other payables - CHF	(11,835)	-
Net exposure - USD	12,926,772	17,976,948
Net exposure - Euro	839,924	1,647,741
Net exposure - AED	1,244,456	2,097,730
Net exposure – JPY	(131,220)	(335,195)
Net exposure – CHF	(11,835)	-

The following significant exchange rates were applied during the year:

	2020	2019
Rupees per US Dollar		
Average rate	158.82	137.29
Reporting date rate	168.25	164.00
Rupees per Euro		
Average rate	175.53	156.63
Reporting date rate	189.11	186.37
rioporanig data rate		
Rupees per AED		
Average rate	43.20	37.36
Reporting date rate	45.79	44.50
Rupees per JPY		
Average rate	1.47	1.24
Reporting date rate	1.57	1.53
Rupees per CHF		
Average rate	163.18	-
Reporting date rate	177.43	_

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD, Euro, AED, JPY and CHF with all other variables held constant, the impact on profit after taxation for the year would have been Rupees 112.317 million (2019: Rupees 157.447 million) higher / lower mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is not exposed to commodity price risk.

Sensitivity analysis

The table below summarizes the impact of increase / decrease in the Pakistan Stock Exchange (PSX) Index on the Company's equity (fair value reserve FVTOCI investments). The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Company's equity instruments moved according to the historical correlation with the index:

Index	comprehe	atement of other ensive income ue reserve)
	2020 (Rupees	2019 in thousand)
PSX 100 (5% increase) PSX 100 (5% decrease)	1,481,883 (1,481,883)	1,361,939 (1,361,939)

Equity (fair value reserve) would increase / decrease as a result of gains / losses on equity investments classified as FVTOCI.

For the year ended June 30, 2020

iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest rate risk arises from long term financing, short term borrowings, bank balances in saving accounts and loans and advances to subsidiary companies. Financial instruments at variable rates expose the Company to cash flow interest rate risk. Financial instruments at fixed rate expose the Company to fair value interest rate risk.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments was:

2020 2019 (Rupees in thousand)

Fixed rate instruments Financial liabilities		
Long term financing	8,302,661	E 026 202
	· · · · ·	5,936,383
Short term borrowings	14,373,417	13,764,706
Financial assets		
Sales tax refund bonds	-	559,606
Term deposit receipts	90,596	500.000
	,	,
Floating rate instruments		
Financial assets		
	20	19
Bank balances - saving accounts		. •
Loans and advances to subsidiary companies	8,553,442	7,141,537
Financial liabilities		
Long term financing	1,623,152	1,108,014
Short term borrowings	4,956,351	4,217,556
onort term borrowings	7,000,001	7,217,550

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuates by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rupees 18.565 million (2019: Rupees 17.079 million) higher / lower, mainly as a result of lower / higher interest expense / income on floating rate financial instruments. This analysis is prepared assuming the amounts of financial instruments outstanding at reporting dates were outstanding for the whole year.

b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2020 (Rupees i	2019 n thousand)
Long term investments	33,447,071	30,803,330
Loans and advances	9,068,823	7,650,397
Deposits	105,269	115,476
Trade debts	4,326,780	4,711,061
Other receivables	36,591	38,424
Accrued interest	36,675	28,780
Bank balances	111,486	555,912
	47,132,695	43,903,380

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

For the year ended June 30, 2020

The Company's exposure to credit risk and allowance for expected credit losses related to trade debts is disclosed in Note 20.

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, the management does not expect non-performance by these counterparties on their obligations to the Company. Accordingly, the credit risk is minimal.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At 30 June 2020, the Company had Rupees 25,956.148 million (2019: Rupees 21,722.738 million) available borrowing limits from financial institutions and Rupees 128.241 million (2019: Rupees 576.625 million) cash and bank balances. The management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. The amount disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2020

	Carrying amount	Contractual cash flows	6 months or less	6-12 months	1-2 Year	More than 2 Years
			(Rupees in the	nousand) ·-		
Non-derivative financial liabilities:						
Long term financing	9,925,813	10,698,231	158,930	806,388	2,755,819	6,977,094

44.3 Offsetting financial assets and financial liabilities

As on reporting date, recognized financial instruments are not subject to off setting as there are no enforceable master netting arrangements and similar agreements.

44.4 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent long term financing and short term borrowings obtained by the Company as referred to in note 5 and note 9 respectively. Total capital employed includes 'total equity' as shown in the statement of financial position plus 'borrowings'. The Company's strategy, remained unchanged from last year. In accordance with the terms of agreement with the lenders of long term finances in connection with deferment of principal amount for twelve months, there is restriction on distribution of dividends by the Company during the relief period.

		2020	2019
Borrowings	Rupees in thousand	29,255,581	25,026,659
Total equity	Rupees in thousand	71,427,860	66,615,270
Total capital employed	Rupees in thousand	100,683,441	91,641,929
Gearing ratio	Percentage	29.06	27.31

The increase in the gearing ratio resulted primarily from increase in borrowings of the Company.

45 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

i) Fair value hierarchy

Total financial liabilities

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 30 June 2020	Level 1	Level 2	Level 3	Total
		(Rupees i	n thousand) ·	
Financial assets				
Fair value through other comprehensive income	29,637,753	-	3,809,318	33,447,07
Derivative financial assets	-	345	-	3
Total financial assets	29,637,753	345	3,809,318	33,447,4
Financial liabilities				
Derivative financial liabilities	-	6,206	-	6,2
Total financial liabilities	-	6,206	-	6,2
Recurring fair value measurements At 30 June 2019	Level 1	Level 2	Level 3	Total
		/D :		Iotai
		(Rupees II	n thousand) ·	
Financial assets		(Hupees II	n thousand) ·	iotai
	27,238,774	(Rupees II	3,004,950	
Fair value through other comprehensive income	27,238,774		<u>, , , , , , , , , , , , , , , , , , , </u>	30,243,7
Financial assets Fair value through other comprehensive income Derivative financial assets Total financial assets	27,238,774 - 27,238,774	-	<u>, , , , , , , , , , , , , , , , , , , </u>	30,243,7
Fair value through other comprehensive income Derivative financial assets	-	- 958	3,004,950	30,243,7
Fair value through other comprehensive income Derivative financial assets Total financial assets	-	- 958	3,004,950	30,243,7 9 30,244,6

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

7,583

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

7,583

For the year ended June 30, 2020

- Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.
- Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- **Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments and the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended 30 June 2020 and 30 June 2019:

Unlisted equity securities

(Rupees in thousand)

Balance as on 01 July 2018	4,888,528
Add: Investment made during the year	29,609
Less: Deficit recognized in other comprehensive income	(1,913,187)
Balance as on 30 June 2019	3,004,950
Add: Investment made during the year	403,300
Add: Surplus recognized in other comprehensive income	401,068
Balance as on 30 June 2020	3,809,318

iv) Valuation inputs and relationships to fair value

The following table summarizes the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

Description	Fair value at 30 June 2020 30 June 2019		Unobservable inputs	Range of inputs (probability- weighted average)	Relationship of unobservable inputs to fair value	
				30 June 2020		
	(Rupees i	n thousand)				
Fair value through other comprehensive income						
Nishat Paper Products Company Limited	549,483	168,231	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /	
			Risk adjusted discount rate	14.25%	increase in discount rate by 1% would increase / decrease fair value by Rupees +165.089 million / - 120.647 million.	
Nishat Dairy (Private) Limited	375,600	481,800	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /	
			Risk adjusted discount rate	14.43%	increase in discount rate by 1% would increase / decrease fair value by Rupees + 55.800 million / - 40.800 million.	
Security General Insurance Company Limited	590,975	676,364	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /	
			Risk adjusted discount rate	13.37%	increase in discount rate by 1% would increase / decrease fair value by Rupees +108.296 million / - 77.208 million.	
Nishat Hotels and Properties Limited	1,032,620	1,018,555	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /	
			Risk adjusted discount rate	8.74%	increase in discount rate by 1% would increase / decrease fair value by Rupees + 592.924 million / - 327.922 million.	
Hyundai Nishat Motor (Private) Limited	1,094,340	660,000	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /	
			Risk adjusted discount rate	14.87%	increase in discount rate by 1% would increase / decrease fair value by Rupees + 340.860 million / - 250.263 million.	

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

Valuation processes

Independent valuers perform the valuations of non-property items required for financial reporting purposes, including level 3 fair values. The independent valuers report directly to the Chief Financial Officer. Discussions of valuation processes and results are held between the Chief Financial Officer and the valuation team at least once every year, in

Notes to the Financial Statements

For the year ended June 30, 2020

line with the Company's annual reporting period.

The main level 3 inputs used by the Company are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analyzed at the end of yearly reporting period during the valuation discussion between the Chief Financial Officer and the independent valuers. As part of this discussion the independent valuers present a report that explains the reason for the fair value movements.

46 FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

i) Fair value hierarchy

Judgements and estimates are made for non-financial assets not measured at fair value in these financial statements but for which the fair value is described in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

At 30 June 2020	Level 1	Level 2	Level 3	Total
		(Rupees i	n thousand) ·	
Investment properties	-	4,622,255	-	4,622,255
Total non-financial assets	-	4,622,255	-	4,622,255
At 30 June 2019	Level 1	Level 2	Level 3	Total
At 30 June 2019	Level 1		Level 3 n thousand) ·	Total
At 30 June 2019 Investment properties	Level 1			Total 4,143,23

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent valuations for its investment properties at least annually. At the end of each reporting period, the management updates the assessment of the fair value of each property, taking into account the most recent independent valuations. The management determines a property's value within a range of reasonable fair value estimates. The best evidence of fair value is current prices in an active market for similar properties.

Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's investment properties at the end of every financial year. As at 30 June 2020, the fair values of the investment properties have been determined by Al-Hadi Financial & Legal Consultants (an approved valuer).

Changes in fair values are analyzed at the end of each year during the valuation discussion between the Chief Financial Officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

Notes to the Financial Statements

For the year ended June 30, 2020

48 IMPACT OF COVID-19 (CORONA VIRUS)

The pandemic of COVID-19 that rapidly spread all across the world has not only endangered human lives but has also adversely impacted the global economy. On 23 March 2020, the Government of the Punjab and the Government of Sindh announced a temporary lock down as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company temporarily suspended its operations. After implementing all the necessary Standard Operating Procedures (SOPs) to ensure safety of employees, the Company resumed its operations and took all necessary steps to ensure smooth and adequate continuation of its business in order to maintain business performance despite slowdown in economic activity. The lockdown caused disruptions in supply chain including supply of goods to the customers resulting in a decline in sales. Subsequent to the year ended 30 June 2020, due to significant reduction in outbreak, demand for the Company's goods is fast reverting back to normal levels. Due to this, management has assessed the accounting implications of these developments on these financial statements, including but not limited to the following areas:

- expected credit losses under IFRS 9 'Financial Instruments';
- the impairment of tangible assets under IAS 36 'Impairment of Assets';
- the net realisable value of inventory under IAS 2, 'Inventories';
- provisions and contingent liabilities under IAS 37 Provisions, Contingent Liabilities and Contingent Assets'; and
- going concern assumption used for the preparation of these financial statements.

According to management's assessment, there is no significant accounting impact of the effects of COVID-19 in these financial statements.

49 DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue on 18 September 2020 by the Board of Directors of the Company.

50 CORRESPONDING FIGURES

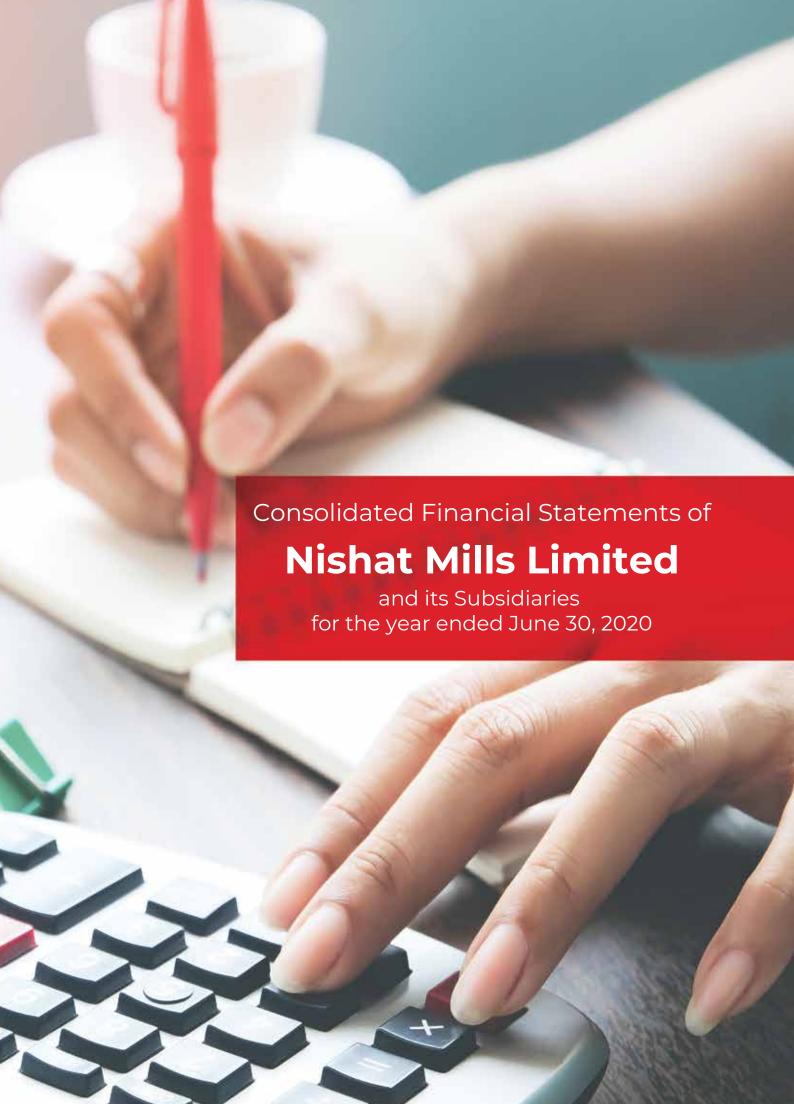

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant rearrangements have been made.

51 GENERAL

Figures have been rounded off to the nearest thousand of Rupees unless otherwise stated.

DIRECTOR

DIRECTORS' REPORT

The Directors are pleased to present their report together with the consolidated financial statement of Nishat Mills Limited ("the Holding Company") and its Subsidiary Companies (together referred to as Group) for the year ended 30 June 2020. The consolidated results comprise of financial statements of Nishat Mills Limited, Nishat Power Limited, Nishat Linen (Private) Limited, Nishat Hospitality (Private) Limited, Nishat USA Inc., Nishat Linen Trading LLC, Nishat International FZE, Nishat Global China Company Limited, Nishat Commodities (Private) Limited and Lalpir Solar Power (Private) Limited.

The Holding Company has annexed its consolidated financial statements along with its separate financial statements, in accordance with the requirements of International Financial Reporting Standards and Companies Act, 2017. The Directors' Report, giving a commentary on the performance of Nishat Mills Limited for the year ended 30 June 2020 has been presented separately. It also includes a brief description of all the subsidiary companies of the Holding Company.

Clarification to Qualifications in Audit Report

In their Report to the Members, Auditors have stated that consolidated financial statements include un-audited figures pertaining to Nishat USA Incorporated, a wholly owned subsidiary of Nishat Mills Limited. This Subsidiary Company is incorporated under the Business Corporation Law of the State of New York. The governing law does not require audit of financial statements of the Subsidiary Company. Hence, we have used un-audited financial statements of the Subsidiary Company to prepare Consolidated Financial Statements.

We would like to draw your attention to emphasis of matter paragraph (a) of the independent auditors' report to the members (i) which refers to an amount of Rs 816 million (2019: Rs 816 million) relating to capacity purchase price, included in trade debts of Nishat Power Limited (NPL), not acknowledged by National Transmission and Despatch Company Limited ('NTDCL'). Further details are mentioned in note 23.6 of the annexed financial statements. Based on the favourable Expert determination and International Arbitration Award, management of NPL strongly feels that under the terms of the PPA and Implementation Agreement, the above amount is likely to be recovered by NPL. Consequently, no provision for the above-mentioned amount has been made in these financial statements. (ii) which refers to delayed payment charges on outstanding delayed payment invoices, not acknowledged by NTDCL. Further details are mentioned in note 14(b) of the annexed financial statements. On prudence basis, the company has not recognized the income and corresponding receivable in these financial statements due to its uncertainty on account of pendency of enforcement proceedings of the final award.

We would also like to draw your attention to emphasis of matter paragraph (b) of the independent auditors' report to the members which refers to Note 1(a) to the consolidated financial statements and states the liquidation of two subsidiaries, Nishat UK (Private) Limited and Concept Garments and Textile Trading FZE. The Board of Directors of the Holding Company approved the winding up of Nishat UK (Private) Limited and Concept Garments and Textile Trading FZE on 26 February 2019 and 26 April 2019 respectively. Accordingly, Nishat UK (Private) Limited and Concept Garments and Textile Trading FZE were liquidated on 23 July 2019 and 26 December 2019 respectively.

We would also like to draw your attention to emphasis of matter paragraph (c) of the independent auditors' report to the members which refers to Note 1(a) to the consolidated financial statements and states that the Lalpir Solar Power (Private) Limited (LSPPL) is no longer a going concern, therefore, the financial statements of LSPPL have been prepared on the basis of estimated realizable / settlement values of assets and liabilities respectively. LSPPL had fulfilled initialed conditions required for the supply of electricity, but it could not get Power Acquisition Request and Consent from Central Power Purchasing Agency. Therefore, project came to a standstill and the management of LSPPL has intended to initiate process of winding up of LSPPL for which legal consultants have been approached. Therefore, financial accounts of LSPPL for year 2020 have been prepared on non-going concern basis.

For and on behalf of the Board of Directors

INDEPENDENT AUDITOR'S REPORT

To the members of Nishat Mills Limited

Qualified Opinion

We have audited the annexed consolidated financial statements of Nishat Mills Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 30 June 2020, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2020, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Qualified Opinion

The financial statements of Nishat USA, Inc. (Subsidiary Company) for the year ended 30 June 2020 were unaudited. Hence, total assets of Rupees 17,183,659 as at 30 June 2020 and total turnover and net profit of Rupees 48,272,966 and Rupees 848,180 respectively for the year ended 30 June 2020 pertaining to the aforesaid Company have been incorporated in these consolidated financial statements by the management using un-audited financial statements.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matters

We draw attention to the following matters:

- **a.** Note 14(b) and Note 23.6 to the consolidated financial statements, which describe the matters relating to litigations with National Transmission and Despatch Company Limited (NTDC) on account of recoverability of delayed payment charges and capacity revenue respectively.
- **b.** Note 1(a) to the consolidated financial statements, which refers to the liquidation of two subsidiaries, Concept Garments and Textile Trading FZE and Nishat UK (Private) Limited during the year.
- **c.** Note 1(a) to the consolidated financial statements, which states that the Lalpir Solar Power (Private) Limited Subsidiary Company is no longer a going concern, therefore, the financial statements of Lalpir Solar Power (Private) Limited have been prepared on the basis of estimated realizable / settlement values of assets and liabilities respectively.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Following are the key audit matters:

Sr. No.	Key audit matters	How the matters were addressed in our audit
1.	Accounting for equity accounted associates	
	Investments in equity-accounted associates amounted to Rupees 34,134 million (22% of total assets) as at 30 June 2020. There is a risk that associates are not accounted for and disclosed properly. As such, we have identified the impairment assessment, equity accounting and disclosure for the investments in equity accounted associates as representing key audit matters due to the significance of the balance to the consolidated financial statements as a whole. The Group's management conducts its impairment test to assess the recoverability of the equity accounted associates and considers whether there are indicators of impairment with respect to these investments. Impairment assessments of these investments require significant judgement and there is the risk that valuation of the investments may be incorrect and any potential impairment charge miscalculated. For further information on investments in equity-accounted associates, refer to the following: - Summary of significant accounting policies, Consolidation – Associates note 2.2(b) to the consolidated financial statements. - Critical accounting estimates and judgements note 2.1(c) - Long term investments note 18 to the consolidated financial statements.	 Our procedures included, but were not limited to: We perused the supporting documentation and ensured that they are properly accounted for in accordance with IAS 28; We ensured proper equity accounting was carried out during the year by looking at the post-acquisition change in the Group's share of net assets of the associates. In particular, we have: Tested additions of investments made during the year; and Checked the accuracy for computation of share of dividend income and profit or loss and other comprehensive income of the associates. We assessed the adequacy of the disclosures presented within the consolidated financial statements to ensure they are in accordance with IFRS 12; We sent group audit instructions to the respective component auditors to gain comfort on the audit procedures performed by the component auditors over the financial statements of associates; We evaluated the reasonableness of management's assumptions and estimates used in determining the recoverable values of material investments. We assessed the assumptions and estimates based on our knowledge of the Group and the industries.
2.	Assessment of control and significant influence on investments	
	There is a risk that management has made an error in judgement or may have not fully considered all rules, facts and circumstances in assessing whether the Group has control or significant influence on its investments which may have significant consequences on the consolidated financial statements.	 Our procedures included, but were not limited to: We tested the design and implementation of key controls around the application of the accounting standards and evaluated the significant judgements that management exercised in determining whether the Group controls or have significant influence over the

Sr.	Key audit matters	How the matters were addressed in our audit
	For further information, refer to the following: - Summary of significant accounting policies, Consolidation note 2.2 to the consolidated financial statements. - Note 1 and Note 18 to the consolidated financial statements.	 investee companies; We reviewed documents to support any key judgments management has made in determining whether they control or have significant influence over an investee e.g. power over relevant activities; We have tested the consolidation process to assess whether the conclusions reached have been appropriately applied in the preparation of the consolidated financial statements and adequate disclosures have been made in the consolidated financial statements.
3.	Inventory existence and valuation Inventory of the textile business of the Group as at 30 June 2020 represented a material position in the consolidated statement of financial position. Inventory is measured at the lower of cost and net realizable value. We identified existence and valuation of inventory as a key audit matter due to its size, representing 19.24% of total assets of the Group as at 30 June 2020, and the judgment involved in valuation. For further information on inventory, refer to the following: - Summary of significant accounting policies, Inventories note 2.16 to the consolidated financial statements. - Stores, spares and loose tools note 21 and Stock-in-trade note 22 to the consolidated financial statements.	 Our procedures over existence and valuation of inventory included, but were not limited to: To test the quantity of inventories at all locations, we assessed the corresponding inventory observation instructions and participated in inventory counts on sites. Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the management; For a sample of inventory items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets; We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded invoice; On a sample basis, we tested the net realizable value of inventory items to recent selling prices and re-performed the calculation of the inventory write down, if any; We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory; In the context of our testing of the calculation, we analysed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs; We also made enquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.

_	I	
Sr. No.	Key audit matters	How the matters were addressed in our audit
4.	Capital expenditures The textile business of the Group is investing significant amounts in its operations and there are a number of areas where management judgement impacts the carrying value of property, plant and equipment and its respective depreciation profile. These include among other the decision to capitalize or expense costs; and review of useful life of the assets including the impact of changes in the Group's strategy. We focused on this area since the amounts have a significant impact on the financial position of the Group and there is significant management judgment required that has significant impact on the reporting of the financial position for the Group. Therefore, considered as one of the key audit matters. For further information, refer to the following: - Summary of significant accounting policies, Property, plant, equipment and deprecation note 2.7 to the consolidated financial statements. - Property, plant and equipment note 15 to the consolidated financial statements.	 Our procedures included, but were not limited to: We tested operating effectiveness of controls in place over the property, plant and equipment cycle including the controls over whether costs incurred on activities is capital or operating in nature; We evaluated the appropriateness of capitalization policies and depreciation rates; We performed tests of details on costs capitalized; We verified the accuracy of management's calculation used for the impairment testing.
5.	Revenue recognition We identified recognition of revenue of textile business of the Group as a key audit matter because revenue is one of the key performance indicators and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets. For further information, refer to the following: - Summary of significant accounting policies, Revenue from contracts with customers note 2.23 to the consolidated financial statements. - Revenue note 30 to the consolidated financial statements.	 Our procedures included, but were not limited to: We obtained an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue; We compared a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery documents and other relevant underlying documents; We compared a sample of revenue transactions recorded around the year-end with the sales orders, sales invoices, delivery documents and other relevant underlying documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period;

Sr. No.	Key audit matters	How the matters were addressed in our audit
		 We assessed whether the accounting policies for revenue recognition complies with the requirements of IFRS 15 'Revenue from Contracts with Customers'; We compared the details of a sample of journal entries posted to revenue accounts during the year, which met certain specific risk-based criteria, with the relevant underlying documentation; We also considered the appropriateness of disclosures in the consolidated financial statements.
6.	Application of IFRS 16 'Leases' The Group has adopted IFRS 16 'Leases' with effect from 01 July 2019. IFRS 16 introduces a single on consolidated statement of financial position lease accounting model for leases entered into by lessees. A lessee recognizes a right-of-use asset representing its right of using the underlying asset and a corresponding lease liability representing its obligations to make lease payments. On adoption of IFRS 16, the Group has changed its accounting policy for operating leases which are now recognized on the consolidated statement of financial position. The Group has accordingly recognized right-of-use assets and lease liabilities as at 01 July 2019. The comparative figures for the 2019 reporting period have not been restated, as permitted under the specific transitional provisions of the standard. The adoption of IFRS 16 involves estimation and judgement. Because of the significance of the impact of these judgements / estimates, we considered this a key audit matter. For further information on leases, refer to the following: - Summary of significant accounting policies, Leases note 2.10 to the consolidated financial statements. - Lease liabilities and Right-of-use assets note 6 and note 17 to the consolidated financial statements respectively.	 Our audit procedures included the following: Obtaining an understanding of the management's process for identification of agreements which contain leasing arrangements; Evaluating the selection of accounting policies and methodology followed by the management for determination and measurement of right-of-use assets, corresponding lease liabilities and other related impacts; On a sample basis, testing the underlying data used by the management from the lease contracts for determination of the right-of-use assets and corresponding lease liabilities. Further, performed re-computations on a test basis to assess the accuracy of computations performed by the management; and Assessing whether the presentation and disclosures relating to the adoption of IFRS 16 in the consolidated financial statements are in compliance with the applicable financial reporting framework.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the *Basis for Qualified Opinion* section above, the Group should have consolidated Nishat USA, Inc. (Subsidiary Company) based on audited financial statements. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to this matter.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mubashar Mehmood.

LALPIR SOLAR POWER (PRIVATE) LIMITED

Lalpir Solar Power (Private) Limited is a private limited Company incorporated in Pakistan on 19 November 2015 under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017). It is a wholly owned subsidiary of Nishat Power Limited which is a subsidiary of Nishat Mills Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The principal activity of the Company is to build, own, operate and maintain or invest in a solar PV power project having gross capacity upto 20 MWp. The Company achieved various milestones like approval of feasibility study, No Objection Certificate (NOC) from Environmental Protection Agency (EPA), approval of Grid Interconnection Study (GIS) from Multan Electric Power Company Limited (MEPCO) and from National Transmission and Despatch Company Limited (NTDCL). Further, consent for purchasing power from the project have also been provided by MEPCO. Generation Licence No. SPGL/26/2018 has been granted by National Electric Power Regulatory Authority (NEPRA) to the Company for its 11.120 MW Solar PV Power Project located at Mauza Verar, Sipra Mehmood Kot, District Muzaffargarh, in the province of Punjab, pursuant to Section 14(B) of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 / Amendment Act, 2018. The upfront solar tariff announced by NEPRA expired on 30 June 2016.

The management of the Company continuously tried its best to get Power Acquisition Request and Consent to Procure Power from Central Power Purchasing Agency (Guarantee) Limited (CPPA-G) so that development of the project can be moved forward. However, CPPA-G informed the Company that Ministry of Energy has conveyed the Cabinet Committee on Energy (CCOE) decision to CPPA-G and further sent a list of 145 projects as approved by the Cabinet for necessary action. The CPPA-G stated that power project of the Company is not included in the list of 145 projects, therefore, CPPA-G is of the view that request of the Company cannot be entertained. Furthermore, during the year Alternate Energy Development Board (AEDB) informed that Solar PV Power Project of the Company is placed under category III of the decision of the Cabinet Committee on Energy (CCoE). All category-III projects are allowed by the CCoE to proceed ahead subject to becoming successful in the competitive bidding process to be undertaken by AEDB, based on the quantum ascertained for each technology by Indicative Generation Capacity Expansion Plan (IGCEP) by NTDCL.

The management of the Company understand that to-date, no such competitive bidding process has been undertaken even the IGCEP has not been finalized to-date. The response of CPPA-G and AEDB have made the Solar PV Power Project of the Company more complicated. Hence, voluntary winding up of the Company under the Companies Act, 2017 is being considered.

In view of the aforesaid reasons, the Company is not considered a going concern

LIQUIDATION OF NISHAT UK (PRIVATE) LIMITED AND CONCEPT GARMENTS AND TEXTILE TRADING FZE

During the previous year, the management of Nishat International FZE, pursuant to resolution of board of directors of Nishat Mills Limited dated 26 February 2019 and 26 April 2019 respectively, decided to liquidate Nishat UK (Private) Limited and Concept Garments and Textile Trading FZE. During the current year, Nishat UK (Private) Limited and Concept Garments and Textile Trading FZE were liquidated on 23 July 2019 and 26 December 2019 respectively.

b) Significant restrictions

Cash and bank balances held in foreign countries are subject to local exchange control regulations. These regulations provide for restrictions on exporting capital from these countries, other than through normal dividends. The carrying amount of these assets included within the consolidated financial statements to which

these restrictions apply is Rupees 410.121 million (2019: Rupees 507.654 million).

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except as otherwise stated in the respective accounting policies.

c) Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the consolidated financial statements or where judgments were exercised in application of accounting policies are as follows:

Financial instruments - fair value

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on assumptions that are dependent on conditions existing at the reporting date.

Useful lives, patterns of economic benefits and impairment

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management. Further, the Group reviews the value of assets for possible impairment on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment and investment properties with a corresponding effect on the depreciation charge and impairment.

Inventories

Inventory write-down is made based on the current market conditions, historical experience and

For the year ended June 30, 2020

selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made on each reporting date on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

Income tax

In making the estimates for income tax currently payable by the Group, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

Provisions

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the consolidated statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Group is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

Impairment of investments in equity method accounted for associates

In making an estimate of recoverable amount of the Group's investments in equity method accounted for associates, the management considers future cash flows.

Standard, interpretations and amendments to published approved accounting standards that are effective in current year and are relevant to the Group

Following standard, interpretation and amendments to published approved accounting standards are mandatory for the Group's accounting periods beginning on or after 01 July 2019:

- IFRS 16 'Leases'
- IFRS 9 (Amendments) 'Financial Instruments'
- IAS 28 (Amendments) 'Investments in Associates and Joint Ventures'
- IFRIC 23 'Uncertainty over Income Tax Treatments'
- IASB's Annual Improvements to IFRSs: 2015 2017 Cycle

The Group had to change its accounting policies and make certain adjustments without restating prior year results following the adoption of IFRS 16. These are disclosed in note 2.10 to these consolidated financial statements. Most of the other amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the

current or future periods.

e) Standard and amendments to published approved accounting standards that are effective in current year but not relevant to the Group

There are other standard and amendments to published standards that are mandatory for accounting period beginning on or after 01 July 2019 but are considered not to be relevant or do not have any significant impact on the Group's financial statements and are therefore not detailed in these consolidated financial statements.

f) Amendments to published approved accounting standards that are not yet effective but relevant to the Group

Following amendments to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after 01 July 2020 or later periods:

Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS. In addition, the IASB has also issued guidance on how to make materiality judgements when preparing general purpose financial statements in accordance with IFRS.

On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework. The new Framework: reintroduces the terms stewardship and prudence; introduces a new asset definition that focuses on rights and a new liability definition that is likely to be broader than the definition it replaces, but does not change the distinction between a liability and an equity instrument; removes from the asset and liability definitions references to the expected flow of economic benefits-this lowers the hurdle for identifying the existence of an asset or liability and puts more emphasis on reflecting uncertainty in measurement; discusses historical cost and current value measures, and provides some guidance on how the IASB would go about selecting a measurement basis for a particular asset or liability; states that the primary measure of financial performance is profit or loss, and that only in exceptional circumstances will the IASB use other comprehensive income and only for income or expenses that arise from a change in the current value of an asset or liability; and discusses uncertainty, derecognition, unit of account, the reporting entity and combined financial statements. The Framework is not an IFRS standard and does not override any standard, so nothing will change in the short term. The revised Framework will be used in future standard-setting decisions, but no changes will be made to current IFRS. Preparers might also use the Framework to assist them in developing accounting policies where an issue is not addressed by an IFRS. It is effective for annual periods beginning on or after 1 January 2020 for preparers that develop an accounting policy based on the Framework.

Amendment to IFRS 3 'Business Combinations' – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The International Accounting Standards Board (IASB) has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past consolidated financial statements.

Interest Rate Benchmark Reform which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures' is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the

For the year ended June 30, 2020

Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. An entity shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform.

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets') effective for the annual period beginning on or after 1 January 2022 amends IAS 1 'Presentation of Financial Statements' by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16 'Property, Plant and Equipment') effective for the annual period beginning on or after 1 January 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc, are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2 'Inventories'. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the consolidated financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.

- IFRS 9 'Financial Instruments' – The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.

- IFRS 16 'Leases' - The amendment partially amends Illustrative Example 13 accompanying IFRS 16 'Leases' by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

The above amendments and improvements do not have a material impact on the consolidated financial statements.

g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Group

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2020 but are considered not to be relevant or do not have any significant impact on the Group's financial statements and are therefore not detailed in these consolidated financial statements.

2.2 Consolidation

a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The assets and liabilities of Subsidiary Companies have been consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Companies.

Intragroup balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of Subsidiary Companies attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as separate item in the consolidated financial statements.

b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity

For the year ended June 30, 2020

accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

Investments in equity method accounted for associates are tested for impairment in accordance with the provision of IAS 36 'Impairment of Assets'.

c) Translation of the financial statements of foreign subsidiaries

The financial statements of foreign subsidiaries of which the functional currency is different from that used in preparing the Group's financial statements are translated in functional currency of the Group. Statement of financial position items are translated at the exchange rate at the reporting date and statement of profit or loss items are converted at the average rate for the period. Any resulting translation differences are recognized under exchange translation reserve in consolidated reserves.

2.3 Employee benefit

The Group operates approved funded provident fund scheme covering all permanent employees. Equal monthly contributions are made both by the employer and employees to the fund. The employer's contributions to the fund are charged to consolidated statement of profit or loss.

2.4 Taxation

Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

The profits and gains of Nishat Power Limited - Subsidiary Company derived from electric power generation are exempt from tax in terms of Clause (132) of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the conditions and limitations provided therein. Under Clause 11(v) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, the Subsidiary Company is also exempt from levy of minimum tax on 'turnover' under section 113 of the Income Tax Ordinance, 2001. However, full provision is made in the consolidated statement of profit or loss on income from sources not covered under the above clauses at current rates of taxation after taking into account, tax credits and rebates available, if any.

Provision for income tax on the income of foreign subsidiaries - Nishat USA, Inc. and Nishat Global China Company Limited is computed in accordance with the tax legislation in force in the country where the income is taxable.

Deferred

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the consolidated statement of profit or loss, except to the extent

that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

Nishat Power Limited - Subsidiary Company has not made provision for deferred tax as the Subsidiary Company's management believes that the temporary differences will not reverse in the foreseeable future due to the fact that the profits and gains of the Company derived from electric power generation are exempt from tax subject to the conditions and limitations provided for in terms of Clause 132 of Part I of the Second Schedule to the Income Tax Ordinance, 2001.

2.5 Goodwill

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain. Goodwill is not amortised but is reviewed for impairment at least annually.

2.6 Foreign currencies

These consolidated financial statements are presented in Pak Rupees, which is the Group's functional currency. All monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the reporting date, while the transactions in foreign currencies (except the results of foreign operation which are translated to Pak Rupees at the average rate of exchange for the year) during the year are initially recorded in functional currency at the rates of exchange prevailing at the transaction date. All non-monetary items are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses are recorded in the consolidated statement of profit or loss.

2.7 Property, plant, equipment and depreciation

Property, plant and equipment except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Cost of property, plant and equipment consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. Freehold land and capital work-in-progress are stated at cost less any recognized impairment loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to consolidated statement of profit or loss during the period in which they are incurred. Major spare parts and stand-by equipment qualify as property, plant and equipment when an entity expects to use them for more than one year. Transfers are made to relevant operating fixed assets category as and when such items are available for use.

Depreciation

Depreciation on property, plant and equipment is charged to consolidated statement of profit or loss applying the reducing balance method, except in case of Nishat Power Limited and Nishat Linen Trading LLC (Subsidiary Companies), where this accounting estimate is based on straight line method, so as to write off the cost / depreciable amount of the assets over their estimated useful lives at the rates given in Note 15.1. The depreciation is charged on additions from the date when the asset is available for use and on deletions upto the date when the asset is de-recognized. The residual values and useful lives are

For the year ended June 30, 2020

reviewed by the management, at each financial year end and adjusted if impact on depreciation is significant.

De-recognition

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the consolidated statement of profit or loss in the year the asset is de-recognized.

2.8 Investment properties

Land and buildings held for capital appreciation or to earn rental income are classified as investment properties. Investment properties except land, are stated at cost less accumulated depreciation and any recognized impairment loss. Land is stated at cost less any recognized impairment loss (if any). Depreciation is charged to consolidated statement of profit or loss applying the reducing balance method so as to write off the cost of buildings over its estimated useful lives at a rate of 10% per annum.

2.9 Intangible assets

Amortization on additions to intangible assets is charged from the date when the asset is acquired or capitalized upto the date when the asset is de-recognized.

2.10 IFRS 16 "Leases"

The Group has adopted IFRS 16 from 01 July 2019. The standard replaces IAS 17 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognized in the consolidated statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognized lease liabilities (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under IFRS 16 will be higher when compared to lease expenses under IAS 17, as the operating expense is now replaced by interest expense and depreciation in the consolidated statement of profit or loss. For classification within the consolidated statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities. For lessor accounting, the standard does not substantially change how a lessor accounts for leases.

Impact of adoption

IFRS 16 has been adopted using the modified retrospective approach and as such the comparatives have not been restated. The impacts of adoption as at 01 July 2019 are as follows:

Rupees in thousand

Right-of-use assets increased by Short term prepayments decreased by Lease liability increased by 2,023,428 91,756 1,931,672

Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Group expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Group has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to consolidated statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

Nishat Power Limited - Subsidiary Company has a Power Purchase Agreement (PPA) with its sole customer, National Transmission and Despatch Company Limited (NTDC) for twenty-five years which commenced from 09 June 2010. SECP through SRO 986(I)/2019 dated 02 September 2019, has granted exemption from the requirements of IFRS 16 to all companies to the extent of their power purchase agreements executed before 01 January 2019. Therefore, IFRS 16 will not have any impact on the consolidated financial statements to the extent of power purchase agreement of Nishat Power Limited - Subsidiary Company.

Under IFRS 16, the consideration required to be made by the lessee for the right to use the asset is to be accounted for as a finance lease. Nishat Power Limited - Subsidiary Company's power plant's control due to purchase of total output by NTDC appears to fall under the scope of finance lease under IFRS 16. Consequently, if Nishat Power Limited - Subsidiary Company was to follow IFRS 16 with respect to its power purchase agreement, the effect on these consolidated financial statements would be as follows:

2020

	(Rupees i	n thousand)
De-recognition of property, plant and equipment	(9,132,804)	(9,635,568)
De-recognition of trade debts	(6,065,065)	(5,510,129)
Recognition of lease debtor	9,738,063	11,556,096
Decrease in un-appropriated profit at the beginning of the year Decrease in profit for the year Decrease in un-appropriated profit at the end of the year	(3,589,601) (1,870,405) (5,460,006)	(2,146,101) (1,443,500) (3,589,601)

2019

For the year ended June 30, 2020

2.11 Investments and other financial assets

a) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- · those to be measured at amortized cost

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

b) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated statement of profit or loss.

Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the

effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the consolidated statement of profit or loss.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

Equity instruments

The Group subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

Fair value through other comprehensive income (FVTOCI)

Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the consolidated statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

2.12 Financial liabilities – classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in consolidated statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

2.13 Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade debts other than those due from the Government of Pakistan and other receivables, the Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For the year ended June 30, 2020

2.14 De-recognition of financial assets and financial liabilities

a) Financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Group is recognized as a separate asset or liability.

b) Financial liabilities

The Group derecognizes a financial liability (or a part of financial liability) from its consolidated statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

2.15 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the consolidated financial statements when there is a legal enforceable right to set off and the Group intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

2.16 Inventories

Inventories, except for stock in transit and waste stock / rags are stated at lower of cost and net realizable value. Cost is determined as follows:

Stores, spare parts and loose tools

Useable stores, spare parts and loose tools are valued principally at moving average cost, while items considered obsolete are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

Stock-in-trade

Cost of raw material, work-in-process and finished goods is determined as follows:

i) For raw materials: Annual average basis.

ii) For work-in-process and finished goods: Average manufacturing cost including a portion of production overheads.

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock / rags are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.17 Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables generally do not include amounts over due by 365 days.

The Group has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been

grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

However, in respect of companies holding financial assets due from the Government of Pakistan, SECP through SRO 985(I)/2019 dated 02 September 2019 has notified that the requirements contained in IFRS 9 with respect to application of expected credit losses method shall not be applicable till 30 June 2021 and that such companies shall follow relevant requirements of IAS 39 in respect of above referred financial assets during the exemption period.

2.18 Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell.

2.19 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

2.20 Borrowing cost

Interest, mark-up and other charges on finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such finances. All other interest, mark-up and other charges are recognized in consolidated statement of profit or loss.

2.21 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issuance of new shares are shown in equity as a deduction, net of tax, if any.

2.22 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost.

2.23 Revenue from contracts with customers

i) Revenue recognition

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate.

Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over

For the year ended June 30, 2020

the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Rent

Rent revenue from investment properties is recognised on a straight-line basis over the lease term. Lease incentives granted are recognised as part of the rental revenue. Contingent rentals are recognised as income in the period when earned.

Sale of electricity

Revenue from the sale of electricity to NTDC, the sole customer of Nishat Power Limited – Subsidiary Group, is recorded on the following basis:

Capacity revenue is recognized based on the capacity made available to NTDC; and Energy revenue is recognized based on the Net Electrical Output (NEO) delivered to NTDC.

Capacity and Energy revenue is recognized based on the rates determined under the mechanism laid down in the Power Purchase Agreement.

Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

Hotel business

Revenue from hotel ownership comprises amounts earned in respect of rental of rooms, food and beverage sales, and other ancillary services and goods supplied by the Group. For each of the revenue streams, the Group recognizes revenue over time or at a point in time specifically after the performance obligation of transfer of goods or services to the customer has been fulfilled. Revenue is recognized over the period when rooms are occupied or services are performed. Revenue from sale of food and beverages and goods is recognized at the point of sale when the food and beverages and goods are delivered to customers. Payment is due immediately when the hotel guests occupies the room and receives the services and goods.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

ii) Contract assets

Contract assets arise when the Group performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

iii) Customer acquisition costs

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

iv) Customer fulfilment costs

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Group that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

v) Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

vi) Contract liabilities

Contract liability is the obligation of the Group to transfer goods to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Group performs its performance obligations under the contract.

vii) Refund liabilities

Refund liabilities are recognised where the Group receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Group does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

2.24 Provisions

Provisions are recognized when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate of the amount can be made.

2.25 Earnings per share

Earnings per share (EPS) is calculated by dividing the profit or loss attributable to ordinary shareholders of the Holding Company by the weighted average number of ordinary shares outstanding during the year.

2.26 Contingent assets

Contingent assets are disclosed when the Group has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are not recognized until their realization becomes certain.

2.27 Contingent liabilities

Contingent liability is disclosed when the Group has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of

For the year ended June 30, 2020

the outflow can be reliably estimated, a provision is recognized in the consolidated financial statements.

2.28 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each consolidated statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the consolidated statement of profit or loss.

2.29 Derivative financial instruments

Derivative that do not qualify for hedge accounting are recognized in the consolidated statement of financial position at estimated fair value with corresponding effect to consolidated statement of profit or loss. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

2.30 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.31 Ijara contracts

Under the Ijarah contracts the Group obtains usufruct of an asset for an agreed period for an agreed consideration. The Group accounts for its Ijarah contracts in accordance with the requirements of IFAS 2 'Ijarah'. Accordingly, the Group as a Mustaj'ir (lessee) in the Ijarah contract recognises the Ujrah (lease) payments as an expense in the profit and loss on straight line basis over the Ijarah term.

2.32 Segment reporting

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the Group's chief operating decision makers to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief operating decision makers include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which can not be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Group has following reportable business segments: Spinning at Faisalabad (I and II), Feroze Wattwan (I and II) (Producing different quality of yarn including dyed yarn and sewing thread using natural and artificial fibres), Weaving at Bhikki and Lahore (Producing different quality of greige fabric using yarn), Dyeing (Producing dyed fabric using different qualities of greige fabric), Home Textile (Manufacturing of

home textile articles using processed fabric produced from greige fabric), Terry (Manufacturing of terry and bath products), Garment (Manufacturing of garments using processed fabric), Power Generation (Generation, transmission and distribution of power using gas, oil, steam, coal and biomass) and Hotel (Business of hotel and allied services).

Transaction among the business segments are recorded at cost. Inter segment sales and purchases are eliminated from the total.

2.33 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

2.34 Dividend and other appropriations

Dividend distribution to the shareholders is recognized as a liability in the consolidated financial statements in the periods in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

3 ISSUED, SUBSCRIBED AND PAID-UP SHARE CAPITAL

7 LONG TERM SECURITY DEPOSITS

These represent interest free security deposits received from stockists in connection with 'Nishat Linen' retail outlets in Pakistan. These security deposits have been utilized for the purpose of business in accordance with the terms of written agreements with stockists.

For the year ended June 30, 2020

		Note	2020 (Rupees in	2019 n thousand)
8	DEFERRED INCOME TAX			
	The liability for deferred taxation originated due to temporary difference relating to:			
	Taxable temporary differences on:			
	Unquoted equity investment		126,104	144,676
	Investments in associates		2,566,707	2,543,239
	Accelerated tax depreciation	8.2	703,788	141,506
			3,396,599	2,829,421
	Deductible temporary difference on:			
	Turnover tax carried forward	8.3	(588,552)	(286,401)
	Lease liabilities		(625,366)	-
	Deferred liabilities - accumulating compensated absences	8.4	(447)	(673)
	Unabsorbed tax losses and tax credits	8.4	(198,136)	(142,612)
	Others	8.4	(11,087)	-
			(1,423,588)	(429,686)
			1,973,011	2,399,735

- 8.1 Provision for deferred tax on temporary differences other than relating to surplus on revaluation of unquoted equity investment of the Holding Company was not considered necessary as it is chargeable to tax under section 169 of the Income Tax Ordinance, 2001. Temporary differences of Nishat Power Limited Subsidiary Company are not expected to reverse in the foreseeable future due to the fact that the profits and gains derived from electric power generation are exempt from tax. Nishat Hospitality (Private) Limited Subsidiary Company has not recognised deferred tax assets of Rupees 34.325 million (2019: Rupees 34.203 million) in respect of minimum tax paid and available for carry forward under section 113 and 153 of the Income Tax Ordinance, 2001, as sufficient tax profit would not be available to set these off in the foreseeable future. Minimum tax paid u/s 113 and 153 aggregating to Rupees 2.655 million, Rupees 6.567 million, Rupees 7.913 million, Rupees 9.189 million, Rupees 7.879 million and Rupees 2.778 million would not be available for carry forward against future tax liabilities subsequent to tax years 2021, 2022, 2023, 2024 and 2025 respectively.
- 8.2 This relates to Nishat Hospitality (Private) Limited, Nishat Linen (Private) Limited and Nishat Commodities (Private) Limited Subsidiary Companies.
- **8.3** This relates to Nishat Linen (Private) Limited Subsidiary Company.
- 8.4 These relate to Nishat Hospitality (Private) Limited Subsidiary Company.

14 CONTINGENCIES AND COMMITMENTS

a) Contingencies

- Guarantees of Rupees 2,941.607 million (2019: Rupees 2,255.144 million) are given by the banks of Nishat Mills Limited Holding Company to Sui Northern Gas Pipelines Limited against gas connections, Shell Pakistan Limited and Pakistan State Oil Limited against purchase of furnace oil, Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess, Directorate of Cotton Cess Management against cotton cess, Collector of Customs against regulatory duty, Model Customs Collectorate Lahore against imported coal, State Bank of Pakistan against mark up subsidy, Inspector General Frontier Corps KP (South) and the President of Islamic Republic of Pakistan through the controller of military accounts (Defence Purchase) against fulfillment of sales orders, High Court of Sindh, Karachi against the matter of importation of LED Lights and to the bank of Hyundai Nishat Motor (Private) Limited (associated company) to secure financial assistance to the associated company. Further, the Holding Company has issued cross corporate guarantees of Rupees 266.667 million (2019: Rupees Nil) and Rupees 16.2 million (2019: Rupees Nil) on behalf of Nishat Linen (Private) Limited wholly owned subsidiary company and Nishat Hospitality (Private) Limited wholly owned subsidiary company to secure the obligations of subsidiary companies towards their lenders.
- ii) Post dated cheques of Rupees 8,223.314 million (2019: Rupees 6,695.544 million) are issued by Nishat Mills Limited Holding Company to customs authorities in respect of duties on imported items availed on the basis of consumption and export plans. If documents of exports are not provided on due dates, cheques issued as security shall be encashable.
- iii) Holding Company's share in contingencies of associates accounted for under equity method is Rupees 5,203 million (2019: Rupees 5,624 million).

In financial year 2014, a sales tax demand of Rupees 1,218.132 million was raised against Nishat Power Limited - Subsidiary Company through order dated 11 December 2013, passed by the Assistant Commissioner Inland Revenue ('ACIR') disallowing input sales tax for the tax periods of July 2010 through June 2012. The disallowance was primarily made on the grounds that since revenue derived by the Subsidiary Company on account of 'capacity revenue' was not chargeable to sales tax, input sales tax claimed by the Subsidiary Company was required to be apportioned with only the input sales tax attributable to other revenue stream i.e. 'energy revenue' admissible to the Subsidiary Company. Upon appeal before Commissioner Inland Revenue (Appeals) ['CIR(A)'], such issue was decided in Subsidiary Company's favour, however, certain other issues agitated by the Subsidiary Company were not adjudicated. Both the Subsidiary Company and department have filed appeals against the order of CIR(A) before Appellate Tribunal Inland Revenue ('ATIR'), which have not been adjudicated.

Subsequently, the above explained issue was taken up by department for tax periods of July 2009 to June 2013 (involving input sales tax of Rupees 1,722.811 million), however, the Subsidiary Company assailed the underlying proceedings before Lahore High Court ('LHC') directly and in this respect, through order dated 31 October 2016, LHC accepted the Subsidiary Company's stance and annulled the proceedings. The department has challenged the decision of LHC before Supreme Court of Pakistan and has also preferred an Intra Court Appeal against such order which are pending adjudication.

Similarly, for financial year 2014, Subsidiary Company's case was selected for 'audit' and such issue again formed the core of audit proceedings (involving input sales tax of Rupees 596.091 million). Subsidiary Company challenged the jurisdiction in respect of audit proceedings before LHC and while LHC directed the management to join the subject proceedings, department was debarred from passing the adjudication order. During the year, LHC has dismissed the petition in favour of the department, by allowing the department to complete the audit proceedings that are pending completion.

Since, the issue has already been decided in Subsidiary Company's favour on merits by LHC and based on advice of the Subsidiary Company's legal counsel, no provision on these accounts have been made in these consolidated financial statements.

- v) During the year 2019, the Commissioner Inland Revenue has raised a demand of Rupees 179.046 million against Nishat Power Limited Subsidiary Company through his order dated April 16, 2019, mainly on account of input tax claimed on inadmissible expenses in sales tax return for the tax periods of July 2014 to June 2017 and sales tax default on account of suppression of sales related to tax period June 2016. The Subsidiary Company filed application for grant of stay before the ATIR against recovery of the aforesaid demand that was duly granted. Further, the Subsidiary Company has filed appeals before CIR(A) and ATIR against the order which is pending adjudication. Management has strong grounds to believe that the case will be decided in Subsidiary Company's favour. Therefore, no provision has been made on this account in these consolidated financial statements.
- vi) During the year 2019, National Electric Power Regulatory Authority (NEPRA) issued a show cause notice dated February 13, 2019, to Nishat Power Limited Subsidiary Company along with other Independent Power Producers to provide rationale of abnormal profits earned since commercial operation date (COD) that eventually led to initiation of proceedings against the Subsidiary Company by NEPRA on March 18, 2019. The Subsidiary Company has challenged the authority of NEPRA to take suo moto action before the Islamabad High Court (IHC) wherein IHC has provided interim relief by suspending the suo moto proceedings. The case is currently pending adjudication before IHC. Management of the Subsidiary Company is confident that based on the facts and law, there will be no adverse implications for the Subsidiary Company.

For the year ended June 30, 2020

- vii) The banks have issued the following on behalf of Nishat Power Limited Subsidiary Company:
 - a) Letter of guarantee of Rupees 11.50 million (2019: Rupees 11.00 million) in favour of Director Excise and Taxation, Karachi, under direction of Sindh High Court in respect of suit filed for levy of infrastructure cess.
 - b) Letters of guarantee of Rupees 100 million (2019: Rupees 100 million) in favour of fuel suppliers.
 - c) Letter of guarantee of Rupees 1.5 million (2019: Rupees 1.5 million) in favour of Punjab Revenue Authority, Lahore.
- viii) Guarantees of Rupees 100.350 million (2019: Rupees 89.350 million) are given by the banks of Nishat Linen (Private) Limited - Subsidiary Company to Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess and Collectors of Customs against import consignments.
- ix) Through orders, the deemed assessments for tax years 2016, 2015, 2014, 2013 and 2012 were amended by Additional Commissioner Inland Revenue (ACIR) and Commissioner Inland Revenue (CIR) under section 122(5A) of the Income Tax Ordinance, 2001. Nishat Linen (Private) Limited Subsidiary Company's appeals before Commissioner Inland Revenue [CIR(A)] were successful except for the legal issue of treating the Subsidiary Company as a manufacturer with relation to toll-manufactured goods. Appeals on this point have been filed before the Appellate Tribunal Inland Revenue which are pending adjudication. The Subsidiary Company is confident of favorable outcome of its appeals based on advice of the tax advisor and has carry forward minimum tax paid in tax years 2016, 2015 and 2014.
- x) Through notice dated 25 January 2018, issued by the Deputy Commissioner Inland Revenue (DCIR) under sections 161/205 of the Ordinance, Nishat Linen (Private) Limited Subsidiary Company had been called upon to demonstrate its compliance with various withholding provisions of the Income Tax Ordinance, 2001. The subject proceedings have been finalized through order dated 03 August 2018, whereby, aggregate default amounting to Rupees 2.551 million has been adjudged against the Subsidiary Company. The Subsidiary Company's appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] was successful except for the legal issue amounting to Rupees 1.419 million. Appeal on this point has been filed before the Appellate Tribunal Inland Revenue which is pending adjudication. The Subsidiary Company is confident of favorable outcome of its appeal based on advice of the tax advisor.
- xi) Bank guarantee of Rupees 1.9 million (2019: Rupees 1.9 million) is given by the bank of Nishat Commodities (Private) Limited Subsidiary Company in favour of Director, Excise and Taxation to cover the disputed amount of infrastructure cess.

b) Contingent asset:

i) On 07 August 2017, Nishat Power Limited - Subsidiary Company instituted arbitration proceedings against NTDC/Government of Pakistan by filing a Request for Arbitration ('RFA') with the London Court of International Arbitration ('LCIA') (the 'Arbitration Proceedings') for disallowing an amount of Rupees 1,084.748 million relating to delayed payment charges on outstanding delayed payment invoices. The Subsidiary Company believes it is entitled to claim delayed payment charges on outstanding delayed payments receivables from NTDC as per terms of the PPA. However, NTDC has denied this liability and objected on the maintainability of the Arbitration Proceedings, terming it against the PPA and refused to pay delayed payment charges on outstanding delayed payments receivables.

The LCIA appointed a sole Arbitrator and a hearing was also held in March 2018. During the year, the Arbitrator has issued Partial Final Award in which he has rejected the NTDC's objection to the maintainability of the Arbitration Proceedings.

While the Arbitration Proceedings on merits of the case are underway, Subsidiary Company has submitted the Partial Final Award before LHC and obtained interim relief from honorable LHC, whereby, LHC has restrained NTDC from taking steps for delaying the arbitration proceedings and challenging the award in Civil Courts of Pakistan. As the above amount is disputed, therefore, on prudence basis, the Subsidiary Company has not accounted for these amounts as receivable in these consolidated financial statements.

In April 2019, a final hearing was held and final decision was given in July 2020, in favour of the Subsidiary Company. According to the final award, Arbitrator has accepted Subsidiary Company's request and directed NTDC to pay (i) interest at the Delayed Payment Rate (DPR) on Delayed Payment (DP) invoices, which is estimated at Rupees 1,422 million upto 30 June 2020 and may vary as per legal advice (ii) DP invoices submitted pursuant to Section 9.6 of the PPA in consistent with the first-in-first-out principle (iii) pay legal costs in the sum of Rupees 12,771,207 (iv) hearing expenses in the sum of GBP 17,393 and (v) Arbitration cost in the sum of GBP 44,136.

The Subsidiary Company is in the process of filling the final award in LHC for enforcement purposes. On prudence basis, the Subsidiary Company has not recognized the income and corresponding receivable for the above mentioned amounts in these consolidated financial statements due to its uncertainty on account of pendency of enforcement proceedings of the final award. Such amounts as per final award would be recognized when it attains finality and its collectability is certain.

c) Commitments

- i) Contracts for capital expenditure of the Group are approximately of Rupees 322.818 million (2019: Rupees 1,005.666 million).
- ii) Letters of credit other than for capital expenditure of the Group are of Rupees 2,381.289 million (2019: Rupees 1,040.985 million).
- iii) Outstanding foreign currency forward contracts of the Group are Rupees 389.348 million (2019: Rupees 463.868 million).
- iv) The amount of future payments under operating lease and the period in which these payments will become due from Nishat Power Limited Subsidiary Company is as follows:

23.3 As at 30 June 2020, trade debts due from other than related parties of Rupees 1,696.067 million (2019: Rupees 1,837.087 million) were past due but not impaired. These relate to a number of independent customers from whom there is no recent history of default. The ageing analysis of these trade debts is as follows:

Upto 1 month	1,426,041	1,252,533
1 to 6 months	244,476	562,348
More than 6 months	25,550	22,206
	1,696,067	1,837,087

For the year ended June 30, 2020

23.4 As at 30 June 2020, trade debts due from related parties amounting to Rupees 45.976 million (2019: Rupees 3.419 million) were past due but not impaired. The ageing analysis of these trade debts is as follows:

	2020	2019	
	(Rupees in thousand)		
Upto 1 month	45,588	-	
1 to 6 months	388	3,419	
More than 6 months	-		
	45,976	3,419	

- Trade receivables of Nishat Power Limited Subsidiary Company from NTDC are considered good. These are secured by a guarantee from the Government of Pakistan under the Implementation Agreement and are in the normal course of business and interest free, however, a delayed payment mark-up at the rate of three months KIBOR plus 4.5% per annum is charged in case the amounts are not paid within due dates. The rate of delayed payment mark-up charged during the year on outstanding amounts ranges from 10.64% to 18.42% (2019: 10.57% to 17.47%) per annum. Trade debts include unbilled receivables of Rupees 2,740.517 million (2019: Rupees 652.678 million).
- 23.6 Trade debts of Nishat Power Limited Subsidiary Company Include an amount of Rupees 816.033 million relating to capacity revenue not acknowledged by NTDC as the plant was not fully available for power generation. However, the sole reason of this under-utilization of plant capacity was non-availability of fuel owing to non-payment by NTDC.

Since management considers that the primary reason for claiming these payments is that plant was available, however, could not generate electricity due to non-payment by NTDC, therefore, management believes that Subsidiary Company cannot be penalized in the form of payment deductions due to NTDC's default of making timely payments under the PPA. Hence, the Subsidiary Company had taken up this issue at appropriate forums.

On 28 June 2013, the Subsidiary Company entered into a Memorandum of Understanding ('MoU') for cooperation on extension of credit terms with NTDC whereby it was agreed that the constitutional petition filed by the Subsidiary Company before the Supreme Court of Pakistan on the abovementioned issue would be withdrawn unconditionally and it would be resolved through the dispute resolution mechanism under the PPA. Accordingly, as per terms of the MoU, the Subsidiary Company applied for withdrawal of the aforesaid petition in 2013 and on 25 January 2018, the Supreme Court disposed off the petitions filed before it. During the financial year 2014, the Subsidiary Company in consultation with NTDC, appointed an Expert for dispute resolution under the PPA.

During the financial year 2016, the Expert gave his determination whereby the aforesaid amount was determined to be payable to the Subsidiary Company by NTDC. Pursuant to the Expert's determination, the Subsidiary Company demanded the payment of the aforesaid amount of Rupees 816.033 million from NTDC that has not yet been paid by NTDC. The Subsidiary Company filed a request for arbitration in the London Court of International Arbitration ('LCIA'), whereby an Arbitrator was appointed.

In October 2015, the Government of Pakistan ('GOP') through Private Power & Infrastructure Board ('PPIB') filed a case in the court of Senior Civil Judge, ("Civil Case 2015"), Lahore, against the aforementioned decision of the Expert, praying it to be illegal, which is pending adjudication.

Consequently, invitation to participate in arbitration was issued to the PPIB/GOP. PPIB filed separate Civil Suit before the Civil Judge, Lahore, seeking inter alia that the parties should be restrained from participating in the arbitration proceedings in the LCIA ("Civil Case 2016"). The Subsidiary Company filed applications in the Civil Court where the Subsidiary Company prayed that the Civil Court, Lahore lacks the jurisdiction in respect of the cases filed by PPIB. In respect of the aforementioned applications, through its orders dated 18 April 2017, the Civil Court, Lahore rejected Subsidiary Company's pray and granted the pray of PPIB whereby, the court accepted PPIB's applications for interim relief in 2015 and 2016 Civil Suits. Being aggrieved, the company challenged before the Additional District Judge, Lahore against the aforementioned orders of the Civil Court and continued to take part in the arbitration proceedings. Furthermore, in response to the Subsidiary Company's continued participation in the arbitration proceedings, PPIB filed contempt petition before Lahore High Court ('LHC') in respect of the decision of the Civil Court, Lahore and the LHC passed an order in those proceedings. The Subsidiary Company challenged the LHC's order before the Division Bench of LHC, which decided the matter in favour of the Subsidiary Company through its order dated 31 May 2017 whereby, the aforementioned order of the LHC was suspended.

The Arbitrator, on 08 June 2017, declared his Partial Final Award and decided the matter principally in Subsidiary Company's favour and declared that the above mentioned Expert's determination is final and binding on all parties ("Final Partial Award").

Aggrieved by the Partial Final Award, NTDC challenged the Arbitrator's decision in Lahore Civil Court ("Civil Case 2017"), which suspended the Final Partial Award on 10 July 2017. In response to this decision of Civil Court, the Subsidiary Company filed a revision petition in District Court and the District Court ("District Case 2017") while granting interim relief to the Subsidiary Company, suspended the Civil Court's order on 12 August 2017. Along with challenging the Final Partial Award in Lahore Civil Court, NTDC also challenged the same, on 06 July 2017, in Commercial Court of England. As per advice of foreign legal counsel, the Subsidiary Company also filed a case for anti suit injunction in Commercial Court of England against NTDC on 14 August 2017.

The District Judge, Lahore through his order dated 8 July 2017 set-aside the aforementioned orders of the Civil Judge, Lahore dated 18 April 2017 and accepted Subsidiary Company's appeals but dismissed the Subsidiary Company's revision petitions concerning the issue of jurisdiction. Aggrieved by this decision, (i) the Subsidiary Company filed writ petitions before the LHC, which announced a favourable decision and suspended the proceedings of Civil Cases 2015 and 2016 till the final decision of LHC; and (ii) GOP/PPIB filed revision petitions in the LHC, which are currently pending adjudication.

On 29 October 2017, the Arbitrator declared his Final Award whereby he ordered NTDC to pay to the company: i) Rupees 816.033 million pursuant to Expert's determination; ii) Rupees 189.385 million being Pre award interest; iii) Rupees 9.203 million for breach of arbitration agreement; iv) Rupees 1.684 million and USD 612,310 for the Subsidiary Company's cost of proceedings; v) GBP 30,157 for company's LCIA cost of Arbitration and vi) Interest at KIBOR + 4.5% compounded semi-annually from the date of Final Award until payment of these amounts by NTDC ("the Final Award") that works out to Rupees 347.417 million up to 30 June 2020.

On 24 November 2017, NTDC challenged the Final Award in Commercial Court of England. On 29 November 2017, Subsidiary Company filed an application before Lahore High Court for implementation/enforcement of Final Award that is also pending adjudication. During the hearing held in December 2017 in London, NTDC withdrew its petitions dated 06 July 2017 and 24 November 2017 filed before Commercial Court of England against the company, pertaining to Partial Final Award and Final Award respectively.

For the year ended June 30, 2020

On 4 May 2018, Commercial Court of England issued a favourable decision in the case of anti suit injunction, thereby preventing NTDC from pursuing case in Pakistan Civil Courts against Partial Final Award/Final Award and taking any steps outside England to set aside Partial Final Award/Final Award/Final Award issued by the Arbitrator. Aggrieved by this decision, NTDC had sought permission to file an appeal before the Court of Appeals, London, which was rejected by the Court on 04 October 2018.

Based on the favourable Expert's determination and Arbitration Award, management strongly feels that under the terms of the PPA and Implementation Agreement, the above amount of Rupees 816.033 million is likely to be recovered by the company. Consequently, no provision for this amount has been made in these consolidated financial statements.

Further, on prudence basis, the Group has not recognised the abovementioned amounts in these consolidated financial statements for Pre-award interest, breach of arbitration agreement, Subsidiary Company's cost of proceedings, Subsidiary Company's LCIA cost of Arbitration and interest thereon on all these amounts as per Final Award due to its uncertainty since it is pending adjudication as mentioned above. Such amounts as per Final Award would be recognized when it attains finality and it is certain.

45 a)

2020	2019
(Figures	in thousand)

5	PLANT CAPACITY AND ACTUAL PRODUCTION			
	Holding Company - Nishat Mills Limited			
	Spinning 100 % plant capacity converted to 20s count based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Kgs.)	86,111	82,283
	Actual production converted to 20s count based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Kgs.)	65,466	72,810
	Weaving 100 % plant capacity at 50 picks based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Sq.Mtr.)	289,273	313,718
	Actual production converted to 50 picks based on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Sq.Mtr.)	275,483	300,155
	Dyeing and Finishing Production capacity for 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Mtr.)	52,856	56,400
	Actual production on 3 shifts per day for 1,029 shifts (2019: 1,095 shifts)	(Mtr.)	42,912	49,394
	Power Plant Generation capacity	(MWH)	932	788
	Actual generation	(MWH)	361	389

Processing, Stitching and Apparel

The plant capacity of these divisions are indeterminable due to multi product plants involving varying processes of manufacturing and run length of order lots.

b) Subsidiary Company - Nishat Power Limited

	Installed capacity [Based on 8,784 hours (2019: 8,760 hours)] Actual energy delivered	(MWH) (MWH)	1,715 277	1,711 675
c)	Subsidiary Company - Nishat Hospitality (Private) Limited		Total roor	ns available
	Nishat Suites		21.789	21.179

45.1 REASON FOR LOW PRODUCTION

- a) In the note of plant capacity and actual production, plant capacity of each segment of the Holding Company has been adjusted to incorporate the impact of temporary suspension of operations due to lock down announced by the Government of the Punjab. The Holding Company resumed its operations after implementing necessary standard operating procedures.
 - Under utilization of available capacity by the Holding Company for spinning, weaving, dyeing and finishing is mainly due to normal maintenance. Actual power generation in comparison to installed is low due to periodical, scheduled and unscheduled maintenance and low demand.
- b) Output produced by the plant of Nishat Power Limited Subsidiary Company is dependent on the load demanded by NTDCL and plant availability.

48 FINANCIAL RISK MANAGEMENT

48.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance. The Group uses derivative financial instruments to hedge certain risk exposures.

Risk management is carried out by the finance departments of the Holding Company and Subsidiary Companies under the policies approved by their respective Board of Directors. The Holding Company and Subsidiary Companies' finance departments evaluates and hedge financial risks. The Board of each Group Company provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity.

a) Market risk

i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Group is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), Euro, United Arab Emirates Dirham (AED), Japanese Yen (JPY) and Swiss Franc (CHF). Currently, the Group's foreign exchange risk exposure is restricted to bank balances, long term loan, security deposit and the amounts receivable / payable from / to the foreign entities. The Group's exposure to currency risk was as follows:

	2020	2019
Cash at banks - USD	37,934	101,724
Cash in hand and at banks - AED	-	11,317,841
Trade debts - USD	14,824,462	19,457,390
Trade debts - Euro	994,934	1,711,145
Trade debts - AED	1,244,456	73,969
Trade and other payables - USD	(1,535,624)	(1,791,612)
Trade and other payables - Euro	(155,010)	(63,404)
Trade and other payables - AED	(1,384)	(1,959,855)
Trade and other payables - JPY	(131,220)	(335,195)
Trade and other payables - CHF	(11,835)	-
Net exposure - USD	13,326,772	17,767,502
Net exposure - Euro	839,924	1,647,741
Net exposure - AED	1,243,072	9,431,955
Net exposure - JPY	(131,220)	(335,195)
Net exposure - CHF	(11,835)	-

For the year ended June 30, 2020

	2020	2019
The following significant exchange rates were applied during the year:		
Rupees per US Dollar		
Average rate	158.82	137.29
Reporting date rate	168.25	164.00
Rupees per Euro		
Average rate	175.53	156.63
Reporting date rate	189.11	186.37
Rupees per AED		
Average rate	43.20	37.36
Reporting date rate	45.79	44.50
Rupees per JPY		
Average rate	1.47	1.24
Reporting date rate	1.57	1.53
Rupees per CHF		
Average rate	163.18	-
Reporting date rate	177.43	-

Sensitivity Analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD, Euro, AED and JPY with all other variables held constant, the impact on profit after taxation for the year would have been Rupees 122.784 million (2019: Rupees 182.008 million) higher / lower, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Group is not exposed to commodity price risk.

Sensitivity Analysis

The table below summarises the impact of increase / decrease in the Pakistan Stock Exchange (PSX) Index on Group's other comprehensive income (fair value reserve) for the year. The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Group's equity instruments moved according to the historical correlation with the index.

Index	CC	ct on statem emprehensive (fair value re	e income
		2020 (Rupees in	2019 thousand)
PSX 100 (5% increase) PSX 100 (5% decrease)		769,530 (769,530)	829,220 (829,220)

Equity (fair value reserve) would increase / decrease as a result of gains / losses on equity investments classified as fair value through other comprehensive income.

iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's interest rate risk mainly arises from long term financing, short term borrowings, trade debts and bank balances in saving accounts. Financial instruments at variable rates expose the Group to cash flow interest rate risk. Financial instruments at fixed rate expose the Group to fair value interest rate risk.

At the reporting date the interest rate profile of the Group's interest bearing financial instruments was:

2020 2019 (Rupees in thousand)

Fixed rate instruments		
Financial assets		
Sales tax refund bonds	-	559,606
Term deposit receipts	-	500,000
Short term investment	17,677	-
Financial liabilities

Short term borrowings	9,895,649	10,637,868
	, ,	, , , , , , , , , , , ,

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Group.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuates by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rupees 4.518 million (2019: Rupees 56.995 million) lower / higher, mainly as a result of higher / lower interest expense on floating rate financial instruments. This analysis is prepared assuming the amount of financial instruments outstanding at reporting date were outstanding for the whole year.

b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

Investments	15,981,573	17,820,379
Loans and advances	827,105	837,257
Deposits	287,425	277,320
Trade debts	23,604,593	21,795,191
Other receivables	51,964	74,717
Accrued interest	2,301	2,862
Bank balances	724,013	1,173,887
	41,478,974	41,981,613

For the year ended June 30, 2020

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

The Group's exposure to credit risk and impairment losses related to trade debts is disclosed in Note 23.

Due to the Group's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Group. Accordingly the credit risk is minimal.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Group manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At 30 June 2020, the Group had Rupees 31,914.037 million (2019: Rupees 25,153.946 million) available borrowing / financing limits from financial institutions and Rupees 758.727 million (2019: Rupees 1,220.422 million) cash and bank balances. Management believes the liquidity risk to be low.

Following are the contractual maturities of financial liabilities, including interest payments. The amounts disclosed in the table are undiscounted cash flows.

Contractual maturities of financial liabilities as at 30 June 2020

49 Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry and the requirements of the lenders, the Group monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent long term financing, short term borrowings obtained by the Group as referred to in note 5 and note 11 respectively. Total capital employed includes 'total equity' as shown in the consolidated statement of financial position plus 'borrowings'. In accordance with the terms of agreement with the lenders of long term finances in connection with deferment of principal amount for twelve months, there is restriction on distribution of dividends by the Group during the relief period.

		2020	2019
Borrowings	Rupees in thousand	34,216,671	34,488,595

50 FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

i) Fair value hierarchy

Judgments and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 30 June 2020	Level 1	Level 2	Level 3	Total
		·· (Rupees i	n thousand) ·	
Financial assets				
Fair value through other				
comprehensive income	15,390,599	-	590,974	15,981,573

Total financial assets	15,390,599	345	590,974	15,981,918
Financial liabilities				
Derivative financial liabilities	-	6,206	-	6,206
Total financial liabilities	-	6,206	-	6,206
Recurring fair value measurements At 30 June 2019	Level 1	Level 2	Level 3	Total
_	Level 1		Level 3 n thousand) ···	Total
_	Level 1			Total
At 30 June 2019	Level 1			Total
At 30 June 2019 Financial assets	Level 1			Total 17,260,773
At 30 June 2019 Financial assets Fair value through other			n thousand) ···	
Financial assets Fair value through other comprehensive income		(Rupees i	n thousand) ···	17,260,773
Financial assets Fair value through other comprehensive income Derivative financial assets	16,584,409	(Rupees i - - 958	n thousand) 676,364	17,260,773 958
Financial assets Fair value through other comprehensive income Derivative financial assets Total financial assets	16,584,409	(Rupees i - - 958	n thousand) 676,364	17,260,773 958

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer out of level 3 measurements.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

- Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.
- Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments and the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended 30 June 2020 and 30 June 2019:

	Unlisted equity security
	(Rupees in thousand)
Balance as on 01 July 2018	924,043
Less: Deficit recognized in other comprehensive income	(247,679)
Balance as on 30 June 2019	676,364
Less: Deficit recognized in other comprehensive income	(85,390)
Balance as on 30 June 2020	590,974

iv) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

Description	Fair v	Fair value at		Range of inputs (probability- weighted average)	Relationship of unobservable inputs to
	30 June 2020	30 June 2019	inputs	30 June 2020	fair value
	(Rupees in	n thousand)			
Investment:					
Security General Insurance Company Limited	590,974	676,364	Terminal growth factor	2.00%	Increase / decrease in terminal growth factor by 1% and decrease /
			Risk adjusted discount rate	13.37%	increase in discount rate by 1% would increase / decrease fair value by Rupees +108.296 million / -77.208 million.

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

For the year ended June 30, 2020

Valuation processes

Independent valuer performs the valuations of non-property items required for financial reporting purposes, including level 3 fair values. The independent valuer report directly to the Chief Financial Officer of the Holding Company. Discussions of valuation processes and results are held between the Chief Financial Officer of the Holding Company and the valuation team at least once every six month, in line with the Group's half yearly reporting periods.

The main level 3 inputs used by the Group are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period during the half yearly valuation discussion between the Chief Financial Officer of the Holding Company and the independent valuer. As part of this discussion the independent valuer presents a report that explains the reason for the fair value movements.

51 DATE OF AUTHORIZATION FOR ISSUE

These consolidated financial statements were authorized for issue on 18 September 2020 by the Board of Directors.

52 CORRESPONDING FIGURES

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant rearrangements have been made.

53 GENERAL

Figures have been rounded off to the nearest thousand of Rupees unless otherwise stated.

ڈائر کیٹ رز کی رپورٹ

منتقبل کے امکانات

کووڈ19 کی دجہ سے معاثی عدم استحقام نے ہماری مستقبل کی منصوبہ بندی اور موجودہ کارکردگی کو بری طرح متاثر کیا ہے۔ ہمیں ہماری پراڈ کٹ ریٹے کو متنوع بنانے کی ہماری پرانی حکمت عملی کاثمر پہلے ہی مل چکا ہے کیونکہ ہم وبائی امراض تھیلتے ہی صحت کی دکھیے بھال کے شعبے میں فورا کاروبار کرنے کے قابل ہوگئے تھے۔

کوروناوائرس وبائی بیماری کےعلاوہ، کپاس کےا گنےوالےعلاقوں میں سیلا باور بھاری بارش کے نتیجے میں روئی کی فصل کی قلت کےسبب کپاس کی قیمتوں میں بڑے چیلنج کی توقع ہے۔ انتظامیہ آنے والی پریثانیوں سے آگاہ ہےاوراس کےمطابق اس نے اپنے سڑی پنجگ منصوبے تیار کیے ہیں۔

جون 2020 میں تولیہ تیار کرنے والے یونٹ کی توسیع کی منصوبہ بندی میں تاخیر کی وجہ مشینری کی ترسیل میں تاخیر اورغیر ملکی مشیروں کی عدم دستیابی ہے، جولاک ڈاؤن کی وجہ سے پاکستان نہیں پہنچ سکے۔اس بونٹ کے کمشنگ کی نظر ثانی شدہ تاریخ مالی سال 21-2020 کی پہلی سہ ماہی میں متوقع ہے۔

داخلی مالی کنٹر ولز کی مہارت

کمپنی نے اپنے اٹا ثوں کی حفاظت، دھوکہ دہی کورو کئے اور ان کا پیۃ لگانے اور تمام قانونی تقاضوں کی تغیل کو یقینی بنانے کے لئے اندرونی اور مالی کنٹرول کا ایک موثر نظام قائم کیا ہے۔ اندرونی کنٹرول ڈھانچے کا با قاعد گی سے جائزہ لیا جاتا ہے اور بورڈ کے قائم کردہ داخلی آڈٹ کے ذریعہ ٹکرانی کی جاتی ہے۔ آڈٹ کمیٹی اپنے حوالہ کی مدت کے مطابق سہ ماہی کے حساب سے اندرونی کنٹرول سٹم کا جائزہ لیتی ہے۔

ڈائر کیٹرز کامشاہرہ

بورڈ آف ڈائر کیٹرزنے ڈائر کیٹرز کی معاوضہ پالیسی کی منظور کی دے دی ہے۔ پالیسی کی بنیاد کی خصوصیات مندرجہ ذیل ہیں۔ کمپنی اپنے نان ایکز بیٹوڈ ائر کیٹرزسمیت آزادڈ ائر کیٹرز کو بورڈ اورکمیٹیوں کے اجلاسوں میں شرکت کی فیس کے علاوہ معاوضہ ادائہیں کرے گی۔ کمپنی بورڈ اور اس کی کمیٹیوں کے اجلاسوں میں شرکت کے سلسلے میں ڈائر کیٹرز کے سفراور رہائش کے اخراجات کا معاوضہ یا ان کے اخراجات ادا کرے گی۔ ڈائر کیٹرز کی معاوضہ یالیسی کا وقیافو قباحائز دکراجائے گا اور بورڈ آف ڈائر کیٹرز کے ذریعیاس کی منظور کی دی جائے گی۔

ڈائر یکٹرز کی رپورٹ (جاری ہے)

9- نشاط يوالس اے انكار يور يعد

ماتحت ادارہ ایک کارپوریشن سروس کمپنی ہے جوریاست نیویارک میں ہے۔ یہ پنی کامکمل ملکیتی ذیلی ادارہ ہے اوراسے 10 اکتوبر 2008 کو کمپنی نے حاصل کیا تھا۔ کارپوریشن کمپنی کے مارکیٹنگ ڈیپارٹمنٹ کا ایک رابطہ دفتر ہے جوامریکی مارکیٹ سے متعلق رسائی معلومات اور دیگرخد مات مہیا کرتا ہے۔

كاربوريث ساجي ذمه داري

معاشرے کے خلاف اپنی ذمہ داری نبھانے کے سلسلے میں کمپنی متعد داقد امات کرتی ہے۔ کار پوریٹ ساجی ذمہ داری (CSR) کی سرگرمیوں کامختصر جائزہ مندرجہ ذیل ہے۔

ماحولياتى حفاظت

ما حولیات کی حفاظت کلیدی ہے اور کمپنی ما حولیات کی حفاظت کے لئے با قاعد گی سے سرمایہ کاری کرتی ہے۔ پانی پرٹیکٹائل کیمیکلز کے استعال کے مضراثر ات کوختم کرنے کے لئے کمپنی نے رنگئے، پر نٹنگ اور گارمنٹس کی تیاری کی سہولیات پر مکوثر ٹریٹنٹ پلانٹ لگائے ہیں۔ یہ پلانٹ کئی سالوں سے چل رہے ہیں۔ یہ پلانٹ پانی کی آخری نکاس سے پہلے آلودگی اور دیگر نجاستوں کو پیداواری عمل میں قابل استعال بناتے ہیں۔ کمپنی اپنے دفاتر اور فیکٹریوں میں بھی با قاعدگی سے درختوں کی شجر کاری مہم چلاتی ہے۔

توانائي كاتحفظ

ٹیکٹائل کی صنعت کے لئے سستی توانائی کی دستیابی سب سے بڑا چلنج ہے۔ چین ، بھارت اور بنگلہ دلیش میں ہمارے حریفوں کے مقابلے میں توانائی کی زیادہ قیمت نے بین الاقوامی منڈی میں ہماری مسابقت کو متعدد بارمتاثر کیا ہے۔ لہذا، توانائی کا بچاؤاولین ترجیج ہے اور کمپنی نے ایل ای ڈی لائٹس کے ساتھ ساتھ موجودہ روایتی ٹیوب لائٹس کو تبدیل کرنے ، گیس انجن کے ذریعے بھاپ پیدا کرنے ، فضلہ اور ہیٹ ریکوری کے پلانٹ لگا کراور ملاز مین پرتوانائی کے بچاؤ کے لئے ضابطہ اخلاق پڑئل کرنے کی تکنیک کو اپنایا ہے۔

فضلے کی ری سائیکلنگ

نئی ماحول دوست ٹیکنالوجی کے حصول کے علاوہ بمپنی اپنے پیدا ہونے والے کچرے کی رئی سائیکلنگ میں بھی سرمایہ کاری کرتی ہے جو نہ صرف ضائع شدہ کچرے کو ختم کرتی ہے بلکہ لاگت کو بھی کم کرتی ہے۔ کاسٹک سوڈ اریکوری پلانٹ ہمارے رنگنے اور فنشنگ پلانٹ میں پیچھلے 18 سالوں سے کام کر رہا ہے۔ کمپنی نے قدرتی وسائل کی زیادہ سے زیادہ بچت کے لئے یانی ، ٹیکسٹائل کے فضلے اور تیل کوری سائریکل کرنے کے لئے مختلف مقامات پرواٹرٹر ٹیٹنٹ پلاٹش ، روئی کے رئی سائیکلنگ پلانٹ اور آئل رئی سائریکلنگ مشینیں بھی لگائیں ہیں۔

بيشهورانه حفاظت اورصحت

کارکنان اور عملے کی صحت اور حفاظت کمپنی کے لئے سب سے اہم چیز ہے۔ سال کی تیسری سہ ماہی میں کورونا وائرس وبائی بیاری کے پھیلنے کے بعد، کمپنی نے فوری طور پرایک" بحران انتظامیہ "کی ٹیم شکیل دی جس نے اس بیاری کے پھیلاؤ کورو کئے ہے متعلق حکومت پنجاب کی ہدایت پڑمل درآ مدکیا۔ ٹیم نے مناسب احتیاطی تدابیر سے آگاہی کے لئے کمپنی اور اس کے آس پاس کے تمام مقامات پرایک مہم چلائی جو ہرفر دکوا پنے آپ کواور اپنے ساتھیوں کو بچانے کے لئے اپنانا چاہئے۔

سمپنی ملیریا، ٹائیفائیڈ، ڈینگی اور آنکھوں کی بینائی کے لئے با قاعدگی سے میڈیکل کیمپ کا بھی اہتمام کرتی ہے۔ ڈینگی سے بچنے کے لئے فو گنگ مشینوں کا استعال کر کے مینوفیکچرنگ کی تمام سہولیات کےاحاطے میں مزید با قاعدگی سے کیڑے مارسپر سے کیا جاتا ہے۔ کمپنی نے اپنی پیداواری سہولیات پر قابل ڈاکٹروں کی نگرانی میں ڈسپنسریاں بھی قائم کی ہیں جوایمبولینسوں سے لیس ہیں۔

مساوی مواقع فراہم کرنے والا آجر

تنوع اوراخلا قیات کمپنی کی بنیادی قدر ہیں۔کمپنی کسی بھی صنف،طبقاتی اور نہ ہی امتیاز سے بالاتر ہوکر ملازمت اور کیریئر کی ترقی کے لئے کیسال مواقع فراہم کرتی ہے۔ہوم ٹیکسٹائل اور

مینونیکچرنگ سہولیات میں ٹیکسٹائل کی اشیاء تیار کر کے فروخت کرنا ہیں۔ ذیلی ادارہ نے اپنی کاروائی جولائی1 101 میں شروع کی تھی اوراس وقت پاکستان میں ای اسٹورز سمیت 10 مررہی ہیں۔ ریٹیل شاپس کام کررہی ہیں۔

3- نشاط ماسپلیلی (یرائیویث) لمیٹڈ

یے پینی کا کمل ملکیتی ماتحت ادارہ ہے۔ماتحت کمپنی کامقصد ملک بھر میں ہوٹلوں کا سلسلہ چلانا ہے۔اس وقت وہ" دی نشاط بینٹ جیمز ہوٹل" کے نام سے بین الاقوامی معیار پرلا ہور میں ایک فورا شار ہوٹل چلار ہاہے۔ماتحت ادارہ نے 01 مارچ 2014 کواپنی کاروائیاں شروع کیں۔

4_ نشاط كمود ثير (يرائيويث) لميشد

یے کمپنی کامکمل ملکیتی ماتحت ادارہ ہے۔ ذیلی ادارہ کامقصدیہ ہے کہ پاکستان میں کسی بھی شکل ماحالت میں ایندھن، کو ئلے، بلڈنگ میٹریل سمیت اجناس کی تجارت کا کاروبارجاری رکھے۔ ماتحت ادارہ نے مار چ 2016 میں اپنی کاروائیاں شروع کیں۔

5_ لال پیرسولریاور (یرائیویث) لمیشد

لال پیرسولر پاور (پرائیویٹ) کمیٹڈ ایک پرائیویٹ کمیٹڈ کمپنی ہے جو 90 نومبر 2015 کو پاکتان میں انکار پوریٹ کی گئتھی۔ یہ نشاط پاور کمیٹڈ کا کمل ملکیتی ذیلی ادارہ ہے جو نشاط طز کمیٹڈ کا ماتحت ادارہ ہے۔ ذیلی سمپنی کے مالی حسابات non-going کنسرن کے طور پر تیار کیے گئے ہیں۔ جس کی تفصیلات کنسولیڈ یٹڈ مالی حسابات کی ڈائیریکٹرز رپورٹ اور کنسولیڈ یٹڈ مالی حسابات کے نوٹ نمبرا میں درج ہیں۔

6- نشاطلینن ٹریڈنگ ایل ایل سی

نشاط لیننٹریڈنگ ایل ایل میں دبئی متحدہ عرب امارات میں قائم ایک لمیٹر کمپنی ہے۔ یہ کمپنی کا مکمل ملکیتی ماتحت ادارہ ہے۔ ذیلی ادارہ بنیادی طور پر ٹیکٹائل ، کمبل، تو لیے، کپڑے، ریڈی میڈگارمنٹس، گارمنٹس کے لواز مات اور چری مصنوعات کی تجارت کے ساتھ ساتھ متحدہ عرب امارات میں ریڈیل آؤٹ کیٹس اور گوداموں کے ذریعہ تجارت میں مصروف ہے۔ ذیلی ادارہ
نے اپنی تجارتی کاروائی مئی 2011 میں شروع کی تھی اوراس وقت متحدہ عرب امارات میں 11 ریڈیل دکا نیس چل رہی ہیں۔

7_ نشاط انٹرنیشنل ایف زیڈای

یے نظاط مذلہ بیٹر کا مکمل ملکیتی ماتحت ادارہ ہے۔ متحدہ عرب امارات کے قوانین کے مطابق جبل علی فری زون ، دبئ میں اسے فری زون اسٹیبلشمنٹ لمیٹر کمپنی کے طور پر قائم کیا گیا تھا۔ اس کو 07 فروری ، 2013 کوانیف زیڈرای کے رجٹر میں درج کیا گیا ہے۔ سبسڈ بری کمپنی کی بنیادی سرگرمی ٹیکسٹائل کی مصنوعات جیسے کمبل، تو لیے اور کپٹر ے، ریڈی میڈگارشٹس، گارشٹس کے لواز مات اور چبڑے کی مصنوعات جیسے جوتے ، بیٹڈ بیگ اور اس طرح کی تمام ذیلی تجارت کرنا ہے۔

8_ نشاط گلوبل جائعه مینی لمیشد

نشاط گلوبل جائے بھی نمائیڈ کوغیر ملکی سرماید دارانہ کاروباری اداروں اور جمہوریہ چین کے متعلقہ قوانین وضوابط سے کے مطابق غیر ملکی سرماید کاری کمرشل انٹر پرائزز"فائس" کے نام سے چین کے گوانگ زو کے ضلع پوسیسو میں شامل کیا گیا ہے۔نشاط گلوبل جائے بھینی کمیٹر نشاط انٹریشنل ایف زیڈای کامکمل ملکیتی ماتحت ادارہ ہے، جونشاط ملز کمیٹر کمکمل ملکیت میں ماتحت ادارہ کے باتحت ادارہ کا بنیادی کاروبارتھوک فروشی کمیشن ایجنسی (نیلامی کوچھوڑ کر)، ٹیکٹائل سامان اورخواتین فیشن لواز مات کی درآمد اور برآمد ہے۔ ذیلی ادارہ نے اپنی تجارتی کاروائی جنوری 2014 میں شروع کی تھی۔

ڈائر یکٹرز کی رپورٹ (جاری ہے)

سرمائے کا خطرہ

سرمائے کا انتظام کرتے وقت ہمارامقصد بیہ ہے کہ کمپنی کے صف داروں اور دیگر سٹیک ہولڈرز کوفوائد دینے اور سرمائے کی لاگت کو کم کرنے کے لئے سرمایہ کاری کے ڈھانچ کو برقرار کو اور کی سٹیک ہولڈرز کوفوائد دینے اور سرمائے کی لاگت کو بین ۔ ہماری حکمت عملی بیہ ہے کہ گیئرنگ تناسب کو رکھنے کے ساتھ کمپنی کی حیثیت اور صلاحیت کو برقرار رکھا جائے۔ زیادہ سے زیادہ 40 فیصدا یکو پٹی اور 60 فیصد قرض پر رکھا جائے۔

مواقع

ملک کی معروف ٹیکٹائل کمپنی کی حیثیت ہے، کمپنی متعددموا قع کو پیش نظر رکھنے اوران کا فائدہ اٹھانے کی پوزیشن میں ہے۔ کچھود کچیپ مواقع کا خلاصہ ذیل میں ہے۔

د نیا بھر میں علاقائی طور پرمتنوع کسٹمر ہیں برآ مدی فروخت کے لئے یا ئیدار نموفرا ہم کرتا ہے۔

* متحرك مقامي اوربين الاقوامي ما تحت كمينيال جماري مصنوعات كي طلب پيدا كرتي بين -

*عمودی انضام آپریشنل ہم آ ہنگی کا استعال ممکن بنا تا ہے۔

** ملک میں کیاس کی وافر فراہمی ہے۔

* ملک کی آبادی میں اضافی مناسب افرادی قوت کا ایک ذریعہ ہے اور ٹیکٹائل کی مصنوعات کی طلب کو پیدا کرنے کامحرک ہے۔

ٹیکسٹائل انڈسٹری کا جائزہ

مالی سال 20-2019 ٹیکٹائل کی صنعت کے لئے طلب کے عالمی عدم استحکام ، کاروبار کرنے کی لاگت میں اضافے ، ہندوستان کے ساتھ تجارتی معظلی اور ٹیکٹائل مصنوعات پر 17 فیصد سیز ٹیکس لگانے کی وجہ سے بہت ہی مشکل تھا۔ ان تمام عوامل کا اجتماعی اثر منافع اور کیش فلوکی کمی کی شکل میں تھا۔ اس کے باوجود ، تیسری سہماہی کے دوران بدترین 19-COVID عالمگیروبا کی شکل میں سامنے آیا۔ اس نے ٹیکٹائل کے شعبے میں پہلے سے جاری جدوجہد کی پریشانیوں کو بڑھایا اور بہت سے چھوٹے اور درمیانے درجے کے بینٹوں کو بند کرنے کا باعث بنا۔ مزید یہ کہ ٹیکٹائل سیکٹر کے تمام طبقات کے ہزاروں ملاز میں کو ملازمت سے فارغ کردیا گیا ہے۔

اگرچہ بیاری کے پھیلا ؤمیں کی آ چی ہے،لین وبائی مرض ابھی ختم نہیں ہواہے۔ایک اور پہلویہ سامنے آیا ہے جو پوری دنیا میں بےروزگاری کی شرح بہت زیادہ ہونے کے نتیج میں گھریلو آمدنی میں کمی کی وجہ سے ٹیکسٹائل کی مصنوعات کی طلب کم ہوچکی ہے۔لہذا،آئندہ مالی سال میں ٹیکسٹائل کے شعبے کی مستقبل مےمحرکات میں بہتری کاامکان کم ہے۔

سبسد کری کمپنیاں

سمپنی نے بین الاقوامی مالیاتی رپورٹنگ معیارات اورکھینیز ایک 2017 کے تقاضوں کے مطابق علیحدہ اور مشتکم مالی گوشوار سے بھی منسلک کردیے ہیں۔نشاط ملزلمیٹڈ کی تمام ذیلی کمپنیوں کی ایک مختصروضاحت ذیل میں ہے۔

1_ نشاط یا ورکمیشر

کمپنی اس ماتحت ادارہ کے 10. 5 فیصد تصص کی مالک ہے اور اسے کنٹرول کرتی ہے۔ ذیلی ادارہ پاکستان سٹاک ایکی پیٹے کمیٹٹر میں درج ہے۔ ماتحت ادارہ کا بنیادی کاروبار سیسے کہ جمبر کلال بخصیل پتوکی شلع قصور، پنجاب، پاکستان میں ایندھن سے چلنے والے 200 میگا واٹ پاور ٹیشن کی تعمیر کرے، اس کواستعال میں لائے اور اس کی دیکھ بھال ہے۔ ماتحت ادارہ نے اپنی کمرشل پیداوار کا آغاز 90 جون 2010 کوکیا۔

2- نشاطلینن (یرائیویث) لمیٹڈ

یہ مینی کا مکمل ملکیتی ماتحت ادارہ ہے۔ ماتحت ادارہ کے مقاصد ٹیکسٹائل اور دیگر مصنوعات کی فروخت کے لئے ریٹیل دکانوں کو چلانے اور ٹیکسٹائل کی مصنوعات کو مقامی اور بیرونی

کیاس کی فراہمی اور قیت

روئی کی فراہمی اور قیمتیں مقامی اور بین الاقوامی منڈیوں کی ضرورت اورطلب کی حرکیات کے تحت ہیں۔مقامی اور بین الاقوامی منڈیوں میں روئی کی قیمتوں میں اسکی عدم دستیا بی اورقیمتوں میں اضافے کا خطرہ ہمیشہ سےموجود رہاہے فصل کی کٹائی کے سیزن کے آغاز پر ملک میں کیاس کی خریداری سے کمپنی اس خطرے کو کم کرتی ہے۔

برآ مدات كى طلب اور قيمت

برآ مدات جماری آمدنی کا ایک اہم حصہ ہے۔ ہمیں وبائی امراض،مسابقت اور بین الاقوامی منڈیوں میں اپنی مصنوعات کی طلب میں کمی کے خطرے کا سامنا ہے۔ ہم صارفین کے ساتھ مضبوط تعلقات استوار کرنے،کسٹمرز میں کو وسیج کرنے،معیار سیمجھونہ کئے بغیر مصنوعات کی تیاری اور صارفین کو بروقت فراہمی سے اس خطرے کو کم کرتے ہیں۔

توانائی کی دستیابی اور لاگت

بڑھتی ہوئی قیمتیں اور توانائی کی عدم دستیابی یعنی بجل اور گیس کی قلت مینونی چرنگ انڈسٹری کے لئے ایک بڑا خطرہ ہے۔ یہ خطرہ اگر بدستور برقر ارر ہا تو بین الاقوامی منڈی میں مقابلہ کرنے کے لئے منفی اثرات پہنچا سکتا ہے۔ کمپنی نے شمسی توانائی کے ساتھ ساتھ کوئلہ، فرنس آئل، بائیو ماس اور ڈیزل جیسے متنوع ایندھن کا انتخاب کر کے توانائی کی لاگت میں اضافے کے خطرے کو کم کمیا ہے۔ توانائی کے تحفظ کے اقدامات کمپنی کے تمام معامات پر بھی کئے تیں۔اس طرح وایڈ اسے بھی حاصل کرنے کے ساتھ ساتھ کمپنی کے تمام مقامات پر بھی میں اس طرح وایڈ اسے بھی حاصل کرنے کے ساتھ ساتھ کمپنی کے تمام مقامات پر بھی کے لئے بیں۔اس طرح وایڈ اسے بھی حاصل کرنے کے ساتھ ساتھ کمپنی کے تمام مقامات پر بھی کے ایک بیدا کرنے کے لئے باور بیانٹس لگا کرتو انائی کی عدم دستیانی کے خطرے کو کم کمیا گیا ہے۔

مالىخطرات

تمپنی کابورڈ آف ڈائر کیٹرز مالی رسک مینجنٹ کی پالیسیاں مرتب کرنے کا ذمہ دار ہے، جو کمپنی کے محکمہ خزانہ کے ذریعے نافذ کیاجا تا ہے۔ کمپنی کومندرجہ ذیل مالی خطرات در پیش میں:

كرنسي كاخطره

سمپنی مختلف کرنبی کے استعال سے بیدا ہونے والے خطرے سے دو چار ہے جو کہ امریکی ڈالر،عرب اماراتی درہم (اےای ڈی)، یورواور جاپانی بین (جے پی وائے) پرمشتمل ہے۔ بنیادی طور پر میپنی کاغیرملکی زرمبادلہ بینکول کی رقوم اور بیرون ملک سے وصول کردہ/ادا کردہ رقوم پرمشتمل ہے۔

شرح سود کا خطرہ

سمپنی کی شرح سود کا خطرہ طویل مدتی فنانسنگ قلیل مدتی قرضوں اور ماتحت کمپنیوں کے ایڈوانس اور سیونگ اکاؤنٹ کے بینک بیلنس سے پیدا ہوتا ہے۔مقررہ شرح پر مالیاتی آلات کمپنی کوفیئر ویلیوشرح سود کے خطرے سے دوچار کردیتے ہیں۔

قرض كاخطره

کمپنی کے کریڈٹ رسک اورخرابی کے نقصانات کا وجوداس کے تجارتی قرضوں سے منسلک ہے۔اس خطرے کواس حقیقت سے کم کیا جاسکتا ہے کہ ہمارے بیشتر صارفین کی مالی حیثیت مضبوط ہے اور ہمارے تمام صارفین کے ساتھ ہمارے دہرینے کاروباری تعلقات ہیں۔ہم اپنے صارفین کے ذریعہ عدم کارکردگی کی تو قعنہیں کرتے ہیں۔لہذا،کریڈٹ رسک کم ہے۔

ليكويثريني كاخطره

پیپنکوں اور مالیاتی اداروں کی طرف سے عہد کردہ کریڈٹ سہولیات کے ذریعہ فٹڈ ز کی فراہمی کی وجہ سے کم از کم ہے۔

ڈائر یکٹرز کی رپورٹ (جاری ہے)

گارمنٹس

گزشتہ مالی سال کے مقابلے میں رواں مالی سال کے دوران گارمنٹس ڈویژن کے منافع میں خاطرخواہ اضافیہ ہوا ہے۔منافع میں یہ بہتری مالی سال کے سنگ میل سے منسوب ہے جس میں پیداوار کی اعلی کارکردگی ، قابل ذکر معیاری کارکردگی ہتھیق وتر تی میں کی گئی سرماییکاری ، انسانی تر تی اور پیداوار بڑھانے کے لئے خود کارنظام کا ایکو پہنٹ شامل ہے۔

COVID-19 کے پھیلاؤنے ڈویژن ہذاکی نشوونماکو بری طرح متاثر کیا ہے۔ انتظامیہ وبائی امراض کے معاثی ڈھانچے کے بہت سے معاشرتی اور ماحولیاتی نتائج کا مشاہرہ کررہی ہے، توقع ہے کہ دنیا بھر میں فیشن مصنوعات کی کھیت کے طریقہ کار میں ایک بہت بڑی تبدیلی آئے گی۔ اس کی بجائے قدرتی وسائل کو" لینے ، بنانے اور تلف کرنے "کے معاثی نمونہ کے تحت استعال کرنا ، انگی تجدید اور پھران کے دوبارہ استعال یا تخلیق نو پر بنی نقط نظر کی طرف راغب ہونا پڑے گا۔ لہذا ڈویژن ہذا موجودہ ممل کو بہتر اور پائیدار مستقبل کے حصول کا موقع سبجھتے ہوئے اپنی کارروائیوں کے دوران مناسب اقدامات کرے گی۔ مارکیٹ کی ضروریات کو تیار کرتے ہوئے بینی طور پریدا کی بہترین رڈمل ہوگا اور مارکیٹ کی برتری کے طور پر ہماری اپوزیشن مشحکم کرے گا۔

ياور جنزيش

پاورڈویژن نے نومبر 2019 میں ساہیا نوالہ، فیصل آباد میں 3 میگا واٹ کا وارٹسیلا سولر پاور پلانٹ شروع کر کے اپنے پاورکس کومتنوع بنانے کے منصوبے کے مطاباتی ایک اور سنگ میل حاصل کیا ہے۔ مزید بر آن بھی اور فیروز وٹو اس میں واقع پاورڈویژنوں کے لئے شمی تو انائی کے 2 پلانٹس حاصل کرنامنصوبہ میں شامل ہے جبلہ لا ہور میں 2010 کی محصول آخری مراحل میں ہے۔ سال کے اختتا م سے قبل بلانٹ کی فراہمی متوقع ہے۔ لا ہور میں واقع پاور پلانٹ کے لئے 3.2 میگا واٹ کی سٹیم ٹربائن کو دمبر 2019 میں شروع کیا گیا تھا پیڑبائن 9 میگا واٹ کو کلا نے کہ ذریعے تیار کردہ ہائی پریشر اٹم پریچر کی بھاپ سے بچلی پیدا کرتی ہے۔ اور پھر اس بھاپ کو کم پریشر اٹم پریچر پرڈائنگ ارزگائی کے پروڈکشن ہوجا تا ہو۔ ڈائنگ اور ہوم ٹیکٹائل ڈویژنز میں اس پراجیک کی تھیل سے بھاپ کے ہائی پریشر اٹم پریچر سے اصل ہوا ہے جو اس سے قبل ضائع ہوجا تا تھے۔ ڈائنگ اور ہوم ٹیکٹائل ڈویژنز میں اس پراجیک کی تھیل سے بھاپ کے ہائی پریشر اٹم پریچر سے اضافی فائدہ حاصل ہوا ہے جو اس سے قبل ضائع ہوجا تا تھا۔ اس کے نتیجے میں کو کلہ کے یاور بلانٹ کی اور میں لاگت کی بچت میں آفریل 20 فیصد اضافی ہوا ہے۔

خطرات اورمواقع

نشاط ملزلمیٹڈ کاروبارے معمول کے دوران رسک لیتااواس طرح مواقع پیدا کرتا ہے۔ مسابقت رکھنے اور پائیدار کامیا بی کوئیٹنی بنانے کے لئے رسک لینا ضروری ہے۔ ہماری رسک اینڈ مینجنٹ پالیسی کا دارو مدار بہتر طریقے سے سنجالے گئے ماحول کے مئوثر فریم ورک پرہے جس کی بنیاد پر جہاں خطرہ کم ہوتا ہے مواقع سے استفادہ حاصل کیا جاتا ہے۔ کسی بھی قتم کے فیصلے سے پہلے ہر خطرے اور موقع کا انتخاب مناسب طریقے سے پر کھاور بچھ کر کیا جاتا ہے۔ فیصلے صرف اسی صورت میں طے کئے جاتے ہیں جب مواقع خطرے سے زیادہ ہوں۔ ان خطرات کو کمکر نے کے لئے حکمت عملی کا خلاصہ حسب ذیل ہے:

سٹر ینجگ خطر ہے

ہم ایک مسابقتی ماحول میں کام کررہے ہیں خاص طور پر19-Covid کے بعد توجدت، معیاراور لاگت کا معاملہ ہے۔ BMR کے تحت نئی مستقل تحقیق و ترتی اوراس کے استعال کے ذریعے اس خطرے کو کم کیا جاسکتا ہے۔ سٹر بیٹی ارسک کو تمام خطرات میں سب سے اہم سمجھا جاتا ہے۔ تمام کاروباری ڈویژنوں کے سربراہ بین الاقوامی اور مقامی سطح پر موجودہ خطرات سے منطنے کے لئے ایک مربوط نقط نظر بنانے کے لئے با قاعدہ وقفوں سے مطتے ہیں۔

كاروبارى خطرات

کمپنی کومتعدد کاروباری خطرات درپیش ہیں۔

ويونك ابنائي

مالی سال 20-2019 کے پہلے 9 ماہ کسی نہ کسی طرح مشخکم رہے کیونکہ سوت اور پولیئسٹر ، جو ڈویژن بذا کے اہم خام مال ہیں ، کی قیمتوں میں زیادہ اتار چڑھاؤنہیں تھا۔ روپیے بھی 156 فی امریکی ڈالر کے لگ بھگ مشخکم رہا۔اس طرح کے استحکام سے کاروبار کی بہتر نموہوتی ہے اوراس کے مطابق منصوبہ بندی کرنے میں مددملتی ہے۔ تاہم سال کی آخری سہاہی کے دوران کورونا وائرس کے پھیلا وُنے عالمی منڈی میں غیریقینی صورتحال بیدا کردی جس نے ٹیکٹائل مصنوعات کی طلب کوشد پدمتا ترکیا۔

ڈویژن ہذاا پے متنوع پروڈکٹ پورٹ فولیو کی وجہ ہے وبائی مرض کے اثرات ہے بگی۔ توع ہمیشہ ہماری کلیدی حکمت عملی رہی ہے جس نے بحران کے دوران تلافی کی۔ چونکہ دیٹیل کاروبارسب سے زیادہ متاثر تھالہذا فیشن فیبرک کی فروخت میں نمایاں کی ہوئی۔ ہمارے بیشتر صارفین نے اپنے آرڈرز پڑمل درآ مدکوست ابند کرنے کی درخواست کی۔اس کے برعکس وبائی مرض کے دوران صحت اور میڈیکل پڑمنی ٹیکٹائل (ماسک/ گاؤن وغیرہ) کی فراہمی میں نمایاں کی تھی لہذا ڈویژن بنہانے صحت کی دیکھ بھال کے کاروبار پر کام کیا۔

ہمارے گرے کلاتھ کے کاروبار کامستقبل امیدافزانہیں لگتا کیونکہ وبائی مرض پرکمل طور پر قابونہیں پایا جاسکا۔اس سے ہمارے مستقبل کے منافع پر منفی اثرات مرتب ہو سکتے ہیں۔

ڈائ*نگ ارنگ*نا

00VID-19 وبائی مرض نے سابقہ سہ ماہی کے دوران ڈویژن ہذا کی کارکردگی کو بری طرح متاثر کیا۔کورونا دائرس کے پھیلاؤ کے بعد ہمارے تمام بڑے گا ہوں نے اپنے آرڈرز کو فوری طور پر منسوخ کر دیایاان آرڈرز کی تیاری کوروک دینے کے لئے کہا۔ وبا کے باعث ڈویژن ہذا کے سالانہ مالی نتائج پریشان کن ہیں۔باوجود یکہ 30 جون 2020 کو اختتام شدہ مالی سال کے پہلے وہاہ میں عمدہ کارکردگی کا مظاہرہ دیکھا گیا۔

چونکہ وائرس کے پھیلاؤ میں کی کی وجہ سے پوری دنیا کی حکومتوں نے لاک ڈاؤن میں زمی کر دی ہے لہذا کسی نہ کسی حدتک بہتری کی توقع ہے تا ہم وہائی مرض کا خاتمہ ابھی نظر نہیں آتا۔
موجودہ عالمی منظرنا ہے میں صارفین کی طلب اور ریٹیلرز کے آرڈرز میں کمی کے باعث فیشن انڈسٹری رنگے ہوئے کپڑوں کی بہت ست مانگ کی پیش گوئی کرتی ہے۔خاص طور پر پرسنل
پرڈیکٹو ایکو پمٹس (پی پی ای) سے متعلقہ کپڑوں کی مانگ میں بھی اضافہ ہوا ہے جو کہ عام طور پر کم منافع بخش آرڈرز ہوتے ہیں۔ڈویژن ہذانے مالی سال کی آخری سہ ماہی میں اس
طرح کیا مکانات کا جائزہ لیا ہے جن سے اپنی پیداواری سہولیات کو جاری رکھ سکے۔انظامید کا خیال ہے کہ معیاری اور سطح میں عیں اور اس غیر متوقع اور غیر معمولی صور تحال پر گہری نظر رکھے ہوئے ہیں۔

ہوم ٹیکسٹائل

تیسری سہ ماہی کے دوران COVID-19 وبا پھیلنے کے باوجود پائپ لائن میں دستیاب آرڈرز کی کافی تعداد کے سبب ڈویژن ہذانے زیادہ سے زیادہ صلاحیت پر کام کیا پھر بھی آخری سہ ماہی ہوا تھی۔ فروخت کم ہوگئی اور ہزاروں ملاز مین کی صحت، معاش اور زندگی کی ذمہ داریاں نبھانے کی جانب توجہ مرکوز کر دی گئی۔ وبائی مرض کے پھیلنے کے بعد سیہ جدوجہد ستقل حیثیت اختیار کر چکل ہے اور اس کا نتیجہ صحت مندور ک فورس کی شکل میں مل رہا ہے۔ بیصرف اس بحران سے نمٹنے کے لئے ڈویژن کی تیاری اور اس بیاری سے لڑنے اور شکست دینے کے ابتہا عی عزم کی وجہ سے ممکن ہوا۔

ڈویژن ہذا پہلے ہی سے ہملتھ کیئر کے شعبہ میں کاروبار کے تجربہ کی حامل ہے لہذا انتظامیہ نے وبائی مرض کے ظہور کے بعد فوری طور پر ہمیلتھ کیئر کے شعبہ کوفروخت کے اقدامات کئے ،جس کی وجہ سے کمپنی کومقامی اور غیر ملکی دونوں صارفین کی جانب سے ماسک اور ہمیتال کے لئے Isolation Gowns کے ابتدائی آرڈرزل گئے ۔کورونا وائرس کے پھیلاؤ سے لڑنے کی وجہ سے کمپنی کومقامی اور غیر ملکی دونوں صارفین کی جانب سے ماسک اور ہمیتال کے لئے مشاورت کے بعد پیداوار کے ملکی کواز سرنو ڈیز ائن کرنے اور کارکنوں کی مشاورت کے بعد پیداواری صلاحیت سے کام کررہی ہے۔
لائن منتقل کیا گیا تھا۔ جمیس میا طلاع دیتے ہوئے خوثی ہے کہ ڈویژن ہذا تقریبا پوری صلاحیت سے کام کررہی ہے۔

ڈائر کیسٹرز کی رپورٹ (جاری ہے)

ادھارکی اوسط شرح میں کمی اورآ پریشنز سے کیش فلو میں بہتری کے نتیجہ میں قلیل مدتی قرضہ جات میں کمی کے باعث کمپنی کی مالی لاگت میں % 9.94 فیصد کی کمی ہوئی۔ برنس لائسز اور پروڈکشن میں توسیع کے متعدد نئے پراجیکٹس میں سرمایہ کاری کے باوجود کمپنی کی مجموعی مالی لاگت میں کمی واقع ہوئی ہے۔

دیگرآ مدن میں کی کے باعث گزشتہ سال کے 9.23 فیصد کے مقابل موجودہ سال کے دوران بعداز ٹیکس کی فروخت سے شرح میں 76.5 فیصد تک کمی ہوئی ہے۔

مقرره سرماييخرچ

کمپنی نے مقررہ سر ماییزی (CAPEX) پر 132 ارب روپے کی سر ماییکاری کی جو کہ سابقہ سال کی سر ماییکاری سے 44.25 فیصد زیادہ ہے۔ اہم پراجمیکٹس میں فیروز وٹواں میں او پن اینڈیارن پروڈکشن کی توسیع ،ایک عدد نئے ٹاول مینوفیکچرنگ یونٹ کا قیام اور 3.075 میگاواٹ سولر پاور پلانٹ کی کمشنگ شامل میں۔

ور کنگ کیپٹل مینجمنٹ

موجودہ اور فوری تناسب بالترتیب 7.94 فیصد اور 7.27 فیصد کی شرح سے اضافہ کے بعد 1.36 اور 0.59 گنا ہوگئے ہیں جو کہ مختصر مدت کی ذمہ داریوں کی ادائیکیوں کے لئے مہینی کے استحکام کا ثبوت ہے۔ورکنگ کیپٹل مینجنٹ میں کورونا وائرس تھیلنے کے بعد لاک ڈاؤن کی وجہ سے ضروریات میں اضافہ کے باوجو بہتری ہوئی ہے۔

في شيئر آمدني

کمپنی نے کزشتہ 5 سال کے رجحان سے ظاہر ہونے والی فی حصص آمدنی (ای پی ایس) کے مثبت ہونے کا سلسلہ برقر اررکھا ہے۔اس سے انتظامیہ کی جانب سے حصص کنندگان کی قدر بڑھانے پرمُورحکمت عملی کامئوژین ظاہر ہوتا ہے۔

تحصیصات (Appropriations)

کمپنی کے بورڈ آف ڈائر کیٹرزنے %40 نقد منافہ مقسمہ (2019:%40) اور 2,101 ملین روپے (4,386:2019 ملین روپے) کی عام ریز رومیں منتقل کرنے کی سفارش کی ہے۔

سیگمنٹ تجزیہ

کمپنی کے شعبہ وار کار کر دگی کامخضر جائز ہ مندرجہ زیل ہے۔

سيننگ/ كتاكم

مالی سال 20-2019 کے دوران کٹائی کے سیزن کے آغاز پر کپاس کی قیمتیں کم تھیں لیکن کپاس کی قلت کی خبروں کی وجہ سے سینررز نے جلد بازی میں خریداری شروع کر دی جس نے قیمتوں کواضافے کی جانب دھیل دیا۔ مارکیٹ میں دستیاب ہوتے ہی کمپنی نے کپاس کی خریداری شروع کر دی۔ کپاس کی قیمتوں میں اضافے کے باعث ڈویژن ہذا کو ہری طرح متاثر ہونے کے خدشے کے پیش نظران تظامیہ نے اپنی روئی خرید نے کی حکمت عملی پرنظر ثانی کی ۔ کمپنی نے مقامی اور بین الاقوامی کپاس کی منڈیوں کے محرکات کو بھی قریب سے دیکھا اور سال کے لئے دستیاب کپاس کے مٹاک کا بہترین پرائس مکس تیار کیا۔

مالی سال کے پہلے 9 ہاہ کے دوران نے کمیشنڈ او پن انڈیارن یونٹ سمیت ڈویژن مذاکی مالی کارکردگی قابل ذکر رہی تاہم COVID-19 ،امریکہ چین تجارتی جنگ کا جاری رہنا اور پاک چین آزاد تجارتی معاہدے کی حتی تشکیل میں تاخیروہ اہم عوامل تھے جنہوں نے پورے سال کے منافع کومتاثر کیا۔ سال کے دوران بین الاقوامی مارکیٹ میں سوت کی طلب اور قیمتوں میں کمی کا سلسلہ جاری ہے۔ مقامی مارکیٹ جو پہلے 9 ماہ کے دوران بہت سازگارتھی ،گزشتہ سماہی میں کورونا وائرس سے بچاؤ کے اقد امات کی وجہ سے مندی کا شکار رہی۔

ڈائر یکٹرز کی رپورٹ

ڈائز یکٹرزر پورٹ

نشاط مزلمیٹٹر (کمپنی) کے ڈائر یکٹران کمپنی بندا کی سالانہ رپورٹ برائے سال مختتم 30 جون 2020 مع مالی گوشوارے اورایٹہ یٹرزرپورٹ پیش کرتے ہوئے خوشی محسوں کرتے ہیں۔

مالی جائزه مالی کارکردگی

30 جون 2020 کواختنام شدہ مالی سال کے دوران ٹیکس ادائیگی کے بعد کمپنی کا منافع 30 جون 2020 کواختنام شدہ مالی سال کے دوران ٹیکس ادائیگی کے بعد منافع کے مقابل کم جواہے۔اس کی کی بنیادی وجوہات میں COVID-19 و باکا پھیلاؤ مجصولہ آمدن میں کمی اور فارن ایک چینج گین میں کمی شامل ہیں۔

2019 روپي (000)	(000) چې 2020	مالى جھلكياں
63,499,029	60,904,096	آمدنی
7,656,601	7,276,126	مجموعى منافع
11,211,441	8,719,892	EBITDA
2,646,227	2,738,196	(Depreciation) فرسودگی
1,668,166	1,502,412	مالى لا گت
3,029,845	2,044,302	منقسمه آمدك (Dividend Income)
6,897,048	4,479,284	قبل از کیکس منافع
5,859,048	3,506,284	بعداز ثيكس منافع

30 جون 2020 کو اختتا م شدہ مالی سال کے دوران 30 جون 2019 کو اختتا م شدہ مالی سال کے مقابل کمپنی کی آمدن میں 2,594.933 ملین روپ (4.09 فیصد) کی وجہ سے واقع ہوئی۔ اس کمی کی بنیاد کی وجہ یوایس اے، پورپ اور چین جیسی اہم منڈ یول میں آخری سہ ماہی کے دوران لاک ڈاؤن کے باعث فروخت کی مقدار میں غیر متوقع کمی کی وجہ سے برآمدی فروخت میں 2,451.650 ملین روپے کی کمی ہے۔ تاہم اس کے باوجود کمپنی نے 60.904 ارب روپے کا ہدف ٹاپ لائن میں حاصل کیا ہے جو کہ گزشتہ 5 سال میں دوسرے نمبر پر ہے۔

کمپنی کا مجموعی منافع گزشته سال کے 7,656.60 ملین روپے کے مقابل موجودہ مالی سال کے دوران 7,276.126 ملین روپے تک 7,656.60 فیصد کم ہوا ہے، اس کی بنیادی وجہ رپینی کا مجموعی منافع کا مارجن برقر ارر ہاجو کہ گزشتہ سال کے 12.06 فیصد کے مقابل رواں سال میں 11.95 فیصد تک کم ہوا۔ میں مہوا۔

اس سال کے دوران کمپنی نے 8,719.892 ملین روپے کا EBITDA حاصل کیا جو کہ گزشتہ 5 سال کے دوران مستقل مزاج ربحان کا عکاس ہے۔8,719.892 اور فروخت کی شرح 14.322 فیصدر ہی ۔ EBITDA کمپنی کے پائیدار کیش فلو کا ثبوت ہے جوہمیں ریگولر BMR کو جاری رکھنے اور درکار سرمایی کی ضروریات کو پورا کرنے کے قابل بنا تا ہے۔

ڈیویڈنڈ آمدن کی مدمیں کمپنی کے منافع کے حصول کی صلاحیت نمایاں رہی۔30 جون 2020 کو اختتام شدہ مالی سال کے دوران کمپنی نے 2,044.302 ملین روپے کے ڈیویڈنڈ وصول کیے ۔گزشتہ سالوں کے دوران کمپنی نے تمام شعبہ جات کا نمائندہ پورٹ فولیو بنالیا ہے جو ڈیویڈنڈ آمدن اور مجموعی منافع کی شکل میں دیگر آمدن میں نمایاں اضافہ ظاہر کرتا ہے۔
