DIRECTORS' REPORT

Directors of Nishat Mills Limited ("the Company") are pleased to present the Directors' Report for the quarter ended 30 September 2022.

Operating Financial Results

Profit after tax increased by Rs. 861.604 million (26.18%) in the current quarter ended 30 September 2022 as compared to the corresponding quarter of financial year 2022. The main reason of increase in profitability was increase in topline by Rs. 9,944.704 (40.77%) from Rs. 24,391.883 million to Rs. 34,336.587 million. Gross profit also increased in line with increase in sales. Gross profit to sales percentage remained steady. It was 19.37% in the current quarter as compared to 19.45% in the corresponding quarter of the last year. However, distribution cost increased by Rs. 585.711 million due to increase in freight and shipment costs.

Financial Highlights	Quarter ended 30 September		Increase / (decrease) %
	2022	2021	
Revenue (Rs. '000')	34,336,587	24,391,883	40.77
Gross Profit (Rs. '000')	6,651,690	4,745,051	40.18
Profit after tax (Rs. '000')	4,152,404	3,290,800	26.18
Gross Profit (%)	19.37	19.45	
Profit after tax (%)	12.09	13.49	
Earnings per share – (Rs.)	11.81	9.36	

Dividend income increased by Rs. 507.257 million (115.27%) from Rs. 440.076 million to Rs. 947.333 million. Finance cost also increased by Rs. 542.937 million in the current quarter due to increase in average borrowing cost and short-term loans which were obtained to finance increased working capital requirements.

General Market Review and Future Prospects

First quarter of the financial year 2022-23 was very difficult for the textile sector due to global recession, skyrocketing raw material cost, high inflation and currency fluctuations. Big international brands cancelled or delayed orders which affected all segments of textile sector in the value chain.

Massive floods during the monsoon season have further increased the problems of the sector because major part of cotton crop has damaged that would reduce the local cotton supply. Although, cotton prices in international market have decreased but cost of importing has massively increased because of rapid depreciation of PKR against USD.

High raw material cost in combination with already expensive energy has made Pakistani textile products less attractive as compared to products of regional competitors.

Segment Analysis

Following is the brief overview on segmental performance of the Company.

Spinning

Financial year 2022-23 started with very high local raw cotton prices due to short crop as a result of devastating floods in country. On the contrary, international cotton prices went down due to expectation of recession around the world. Cotton prices in Pakistan further boosted as result of hasty buying by spinners to cover their annual requirements. The Company has also started to buy Pakistani raw cotton as soon as it was available in the market to cover its yarn manufacturing requirements for financial year 2022-23. The Company has planned to import cotton to create an adequate mix.

Yarn	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (kgs '000')	7,615	9,607	(1,992)	(20.73)
Rate / kg	806.38	581.18	225.20	38.75
Sale – (Rs. '000')	6,140,603	5,583,413	557,190	9.98

Demand for cotton yarn significantly decreased in international and local markets. The Company recorded a decrease of 20.73% in term of quantity sold in the current quarter as compared to corresponding quarter of the last year. Spinning division has well diversified production facility and selling both fine and coarser yarn to satisfy the needs of its customers.

Weaving

Demand for grey cloth declined as both Europe and USA plunged into recession. We foresee a downward trend in our sales to Europe which is our biggest export market. Customers have already started to postpone or stop their orders. However, weaving division anticipates opportunities in local market because some of European customers are arranging supply of dyed / finished fabric from Pakistani manufacturers.

Grey Cloth	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (meters '000')	24,463	23,285	1,178	5.06
Rate / meter	347.88	235.37	112.51	47.80
Sale – (Rs. '000')	8,510,284	5,480,613	3,029,671	55.28

Product / market diversification is a key element of our long-term strategy. We are continuously exploring new opportunities in fabrics for technical / industrial usage.

Dyeing

Dyeing division performed exceptionally well during the current quarter as compared to the corresponding quarter of the last year. Dyed fabric sales of the division grew by 77%.

Processed Cloth	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (meters '000')	11,572	10,383	1,189	11.45
Rate / meter	682.60	429.81	252.79	58.81
Sale – (Rs. '000')	7,899,048	4,462,743	3,436,305	77.00

Production capacity of the second quarter is already booked because peak season of our business has started. Smooth execution of deliveries and capacity management will be our major challenge during this period. Management is hopeful that the division will be able to maintain current performance level in second quarter as well.

Home Textile

Financial performance of Home Textile division remained steady during the current quarter as compared to corresponding quarter of the last year. The division sustained its sales volume. Worldwide economic recession and resultant demand reduction has affected orders and production pipeline of the division. Management expects this trend will continue during the second quarter.

European and American retailers are reducing their reliance on Chinese manufactures and shifting their orders to other countries. The division is hopeful that current fall in demand may be offset by additional business shifting from China.

Processed Cloth and Made-ups	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (meters '000')	7,427	7,626	(199)	(2.61)
Rate / meter	687.06	507.42	179.64	35.40
Sale – (Rs. '000')	5,102,828	3,869,559	1,233,269	31.87

Following is the sales comparison of Terry unit which is a very important part of the division. The plan to enhance the production capacity of the unit is underway.

Terry	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (kgs '000')	540	529	11	2.08
Rate / kg	1,447.97	998.95	449.02	44.95
Sale – (Rs. '000')	781,906	528,447	253,459	47.96

Garments

The current quarter was challenging for Garments division because overall economy of the country remained volatile and slow. Inflation and hike in interest rates pushed cost of doing business upward. Global recession and overstocking by the customers further declined the demand of garments. Despite adverse economic conditions, garments sales increased 31.20% in the current quarter as compared to corresponding quarter of the last year.

Garments	Quarter ended 30 September		Increase / (Decrease)	
	2022	2021	Value	% age
Sale – (garments '000')	1,802	2,076	(274)	(13.20)
Rate / garment	1,902.28	1,258.55	643.73	51.15
Sale – (Rs. '000')	3,427,914	2,612,752	815,162	31.20

We stayed targeted to sustain our business, and meet the demands of the market by enhancing our production techniques, upgrading technology and increasing our overall efficiency.

Power Generation

Energy cost increased many-fold in the current quarter as compared to the corresponding quarter of the last year. Furnace oil and coal prices increased unprecedentedly. Similarly, Government of Pakistan increased subsidized rate of RLNG in the current quarter as compared to corresponding last year's quarter from USD 6.5 per mmbtu to USD 9 per mmbtu.

During the current quarter, there was great uncertainty on continuation of subsidized electricity tariff. However, Government gave relief to textile sector along with four other export-oriented sectors by announcing supply of electricity at Rs. 19.99 per unit from 01 October 2022 to 30 June 2023.

Subsidiary Companies and Consolidated Financial Statements

Nishat Power Limited, Nishat Linen (Private) Limited, Nishat Hospitality (Private) Limited, Nishat Commodities (Private) Limited, Nishat USA Inc., Nishat Linen Trading LLC, Nishat International FZE and China Guangzhou Nishat Global Co., Ltd form portfolio of subsidiary companies of the Company. Therefore, the Company has annexed consolidated condensed interim financial statements in addition to its separate condensed interim financial statements, in accordance with the requirements of International Financial Reporting Standards.

Composition of the Board

The composition of the Board is as follows:

Total number of Directors:

- | | |
|-----------|---|
| a) Male | 5 |
| b) Female | 2 |

Composition

i)	Independent Directors	2
ii)	Non-executive Directors	4
iii)	Executive Director	1

Committees of the Board

Audit Committee:

Sr. No. Name of Director

1	Mrs. Mehak Adil	Chairperson / Member
2	Syed Zahid Hussain	Member
3	Mr. Mahmood Akhtar	Member

Human Resource and Remuneration (HR&R) Committee:

Sr. No. Name of Director

1	Mian Umer Mansha	Member
2	Mrs. Sara Aqeel	Chairperson / Member
3	Mr. Mahmood Akhtar	Member

Directors' Remuneration

The Board of Directors has approved Directors' Remuneration Policy. The main features of the policy are as follows:

- The Company shall not pay remuneration to its non-executive directors including independent directors except for meeting fee for attending meetings of Board and its Committees.
- The Company will reimburse or incur expenses of travelling and accommodation of Directors in relation to attending meetings of the Board and its Committees.
- The Directors' Remuneration Policy will be reviewed and approved by the Board of Directors from time to time.

Acknowledgement

The Board is pleased about the efforts of the management, staff and workers.

Cash and cash equivalents at the end of the period		752,352	101,266

The annexed notes form an integral part of these unconsolidated condensed interim financial statements.

CHIEF EXECUTIVE OFFICER

DIRECTOR

CHIEF FINANCIAL OFFICER

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

1 THE COMPANY AND ITS OPERATIONS

Nishat Mills Limited is a public limited Company incorporated in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The Company is engaged in the business of textile manufacturing and of spinning, combing, weaving, bleaching, dyeing, printing, stitching, apparel, buying, selling and otherwise dealing in yarn, linen, cloth and other goods and fabrics made from raw cotton, synthetic fibre and cloth, and to generate, accumulate, distribute, supply and sell electricity.

2 BASIS OF PREPARATION

2.1 These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These unconsolidated condensed interim financial statements are unaudited and do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2022.

3 ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these unconsolidated condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Company for the year ended 30 June 2022.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these unconsolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these unconsolidated condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published financial statements of the Company for the year ended 30 June 2022.

	Note	Un-audited 30 September 2022 (Rupees in thousand)	Audited 30 June 2022
5 LONG TERM FINANCING - SECURED			
Opening balance		15,320,725	14,576,825
Add: Obtained during the period / year		1,141,528	3,707,601
Less: Repaid during the period / year		(900,221)	(3,040,165)
Less: Deferred income recognized during the period / year		-	(5,406)
Add: Amortized during the period / year		10,899	81,870
Net impact	5.1	10,899	76,464
		15,572,931	15,320,725
Less: Current portion shown under current liabilities		(2,883,062)	(3,036,613)
		12,689,869	12,284,112

5.1 This represents net impact of benefit of loans obtained under the schemes of State Bank of Pakistan at below market rate of interest.

6 CONTINGENCIES AND COMMITMENTS

a) Contingencies

- i) Guarantees of Rupees 3,845.609 million (30 June 2022: Rupees 4,045.687 million) are given by the banks of the Company to Sui Northern Gas Pipelines Limited against gas connections, Shell Pakistan Limited and Pakistan State Oil Limited against purchase of furnace oil, Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess, Directorate of Cotton Cess Management against cotton cess, Collector of Customs against regulatory duty, Inspector General Frontier Corps KP (South) and The President of Islamic Republic of Pakistan through the Controller of Military Accounts (Defence Purchase) against fulfillment of sales orders, High Court of Sindh, Karachi against the matter of importation of LED lights and to the bank of Hyundai Nishat Motor (Private) Limited (associated company) to secure financial assistance to the associated company. Further, the Company has issued cross corporate guarantees of Rupees 1,173.333 million (30 June 2022: Rupees 1,173.333 million), Rupees 41.600 million (30 June 2022: Rupees 41.600 million) and Rupees 1,750 million (30 June 2022: Rupees 1,750 million) on behalf of Nishat Linen (Private) Limited - wholly owned subsidiary company, Nishat Hospitality (Private) Limited - wholly owned subsidiary company and Nishat Sutas Dairy Limited - associated company respectively to secure the obligations of subsidiary companies and associated company towards their lenders.
- ii) Post dated cheques of Rupees 14,447.645 million (30 June 2022: Rupees 13,356.688 million) are issued to customs authorities in respect of duties on imported items availed on the basis of consumption and export plans. If documents of exports are not provided on due dates, cheques issued as security shall be encashable.

12 SEGMENT INFORMATION

12.1 The Company has following reportable business segments. The following summary describes the operation in each of the Company's reportable segments:

Spinning:	Producing different qualities of yarn including dyed yarn and sewing thread using natural and artificial fibers
Weaving:	Producing different qualities of greige fabric using yarn.
Dyeing:	Producing dyed fabric using different qualities of greige fabric.
Home Textile and Terry:	Manufacturing of home textile articles using processed fabric produced from greige fabric and manufacturing of terry and bath products.
Garments:	Manufacturing of garments using processed fabric.
Power Generation:	Generation and distribution of power using gas, oil, steam, coal, solar and biomass.

Transactions among the business segments are recorded at cost. Inter segment sales and purchases have been eliminated from the total.

For the quarter ended 30 September 2022 (Un-audited)

Revenue from contracts with customers

12.3 Reconciliation of reportable segment assets and liabilities

Total assets for reportable segments

Total assets as per unconsolidated condensed interim statement of financial position

Total liabilities for reportable segments

Unallocated liabilities:
Deferred liabilities
Other corporate liabilities

Total liabilities as per unconsolidated condensed interim statement of financial position

13 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS**i) Fair value hierarchy**

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these unconsolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

**Recurring fair value measurements
At 30 September 2022**

Level 1

Level 2

Level 3

Total

(Rupees in thousand)

Financial assets				
Fair value through other comprehensive income	23,556,660	-	7,241,653	30,798,313
Derivative financial assets	-	60,915	-	60,915
Total financial assets	23,556,660	60,915	7,241,653	30,859,228
Financial liabilities				
Derivative financial liabilities	-	55,390	-	55,390
Total financial liabilities	-	55,390	-	55,390

**Recurring fair value measurements
At 30 June 2022 - Audited**

Level 1

Level 2

Level 3

Total

(Rupees in thousand)

Financial assets				
Fair value through other comprehensive income	24,271,003	-	6,917,218	31,188,221
Derivative financial assets	-	57,518	-	57,518
Total financial assets	24,271,003	57,518	6,917,218	31,245,739
Financial liabilities				
Derivative financial liabilities	-	9,595	-	9,595
Total financial liabilities	-	9,595	-	9,595

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

There were no transfers between levels 1 and 2 for recurring fair value measurements during the quarter. Further there was no transfer out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments and the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended 30 June 2022 and for the period ended 30 September 2022:

	Unlisted equity securities (Rupees in thousand)
Balance as on 30 June 2021 - Audited	7,603,461
Add: Investment made during the period	357,225
Add : Surplus recognized in other comprehensive income	-
Balance as on 30 September 2021 - Unaudited	7,960,686
Add: Investment made during the period	919,024
Less: Deficit recognized in other comprehensive income	(1,962,492)
Balance as on 30 June 2022 - Audited	6,917,218
Add: Investment made during the period	129,000
Add : Surplus recognized in other comprehensive income	195,435
Balance as on 30 September 2022 - Unaudited	7,241,653

iv) Valuation inputs and relationships to fair value

The following table summarizes the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

Description	Fair value at		Unobservable inputs	Range of inputs (probability-weighted average)	Relationship of unobservable inputs to fair value
	30 September 2022	30 June 2022		30 September 2022	
	(Rupees in thousand)				

Fair value through other comprehensive income

Nishat Paper Products Company Limited	621,034	621,034	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +201.271 million / -148.453 million.
			Risk adjusted discount rate	17.14%	
Nishat Dairy (Private) Limited	485,400	485,400	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +64.200 million / - 49.800 million.
			Risk adjusted discount rate	19.32%	
Security General Insurance Company Limited	372,235	372,235	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +43.155 million / - 32.826 million.
			Risk adjusted discount rate	17.65%	
Nishat Hotels and Properties Limited	1,364,983	1,364,983	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +384.179 million / - 262.781 million.
			Risk adjusted discount rate	14.14%	
Hyundai Nishat Motor (Private) Limited	3,187,702	2,863,267	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +236.803 million / -193.541 million.
			Risk adjusted discount rate	20.94%	
Nishat Sutas Dairy Limited	1,210,299	1,210,299	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +513.547 million / -350.539 million.
			Risk adjusted discount rate	14.22%	

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

CHINA GUANGZHOU NISHAT GLOBAL CO., LTD.

China Guangzhou Nishat Global Co., Ltd. is a Company incorporated in People's Republic of China on 25 November 2013. It is a wholly owned subsidiary of Nishat International FZE which is a wholly owned subsidiary of Nishat Mills Limited. The primary function of China Guangzhou Nishat Global Co., Ltd. is to competitively source products for the retail outlets operated by Group companies in Pakistan and the UAE. The registered office of China Guangzhou Nishat Global Co., Ltd. is situated at N801, No. 371-375 East Huanshi Road, Yuexiu District, Guangzhou City, China.

NISHAT COMMODITIES (PRIVATE) LIMITED

Nishat Commodities (Private) Limited is a private limited Company incorporated in Pakistan on 16 July 2015 under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017). It is a wholly owned subsidiary of Nishat Mills Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The principal object of the Company is to carry on the business of trading of commodities including fuels, coals, building material in any form or shape manufactured, semi-manufactured, raw materials and their import and sale in Pakistan.

2 BASIS OF PREPARATION

2.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

- 2.2** These consolidated condensed interim financial statements are unaudited and do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Group for the year ended 30 June 2022.

3 ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these consolidated condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Group for the year ended 30 June 2022.

4 CONSOLIDATION

a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The assets and liabilities of Subsidiary Companies have been consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Companies.

Intragroup balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of Subsidiary Companies attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as separate item in the consolidated financial statements.

b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its

interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

Investments in equity method accounted for associates are tested for impairment in accordance with the provision of IAS 36 'Impairment of Assets'.

5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these consolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these consolidated condensed interim financial statements, the significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published consolidated financial statements of the Group for the year ended 30 June 2022.

7 CONTINGENCIES AND COMMITMENTS

a) Contingencies

- i) Guarantees of Rupees 3,845.609 million (30 June 2022: Rupees 4,045.687 million) are given by the banks of Holding Company to Sui Northern Gas Pipelines Limited against gas connections, Shell Pakistan Limited and Pakistan State Oil Limited against purchase of furnace oil, Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess, Directorate of Cotton Cess Management against cotton cess, Collector of Customs against regulatory duty, Inspector General Frontier Corps KP (South) and The President of Islamic Republic of Pakistan through the Controller of Military Accounts (Defence Purchase) against fulfillment of sales orders, High Court of Sindh, Karachi against the matter of importation of LED lights and to the bank of Hyundai Nishat Motor (Private) Limited (associated company) to secure financial assistance to the associated company. Further, Holding Company has issued cross corporate guarantees of Rupees 1,173.333 million (30 June 2022: Rupees 1,173.333 million), Rupees 41.600 million (30 June 2022: Rupees 41.600 million) and Rupees 1,750 million (30 June 2022: Rupees 1,750 million) on behalf of Nishat Linen (Private) Limited - wholly owned subsidiary company, Nishat Hospitality (Private) Limited - wholly owned subsidiary company and Nishat Sutas Dairy Limited - associated company respectively to secure the obligations of subsidiary companies and associated company towards their lenders.
- ii) Post dated cheques of Rupees 14,447.645 million (30 June 2022: Rupees 13,356.688 million) are issued by Holding Company to customs authorities in respect of duties on imported items availed on the basis of consumption and export plans. If documents of exports are not provided on due dates, cheques issued as security shall be encashable.
- iii) Post dated cheques of Rupees 122.180 million (30 June 2022: Rupees 122.180 million) are issued by Holding Company to Sui Northern Gas Pipeline Limited in pursuance of order of Lahore High Court, Lahore in the case of gas infrastructure development cess. Further, post dated cheques of Rupees 2.140 million are issued by Holding Company to Lahore Electric Supply Company Limited in pursuance of order of Lahore High Court, Lahore in the case of income tax on electricity bills for the month of July 2021.
- iv) Holding Company's share in contingencies of associates accounted for under equity method is Rupees 10,446.560 million (30 June 2022: Rupees 10,446.560 million).
- v) Guarantees of Rupees 167.350 million (30 June 2022: Rupees 157.350 million) are given by the Nishat Linen (Private) Limited - Subsidiary Company to Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess and Collectors of Customs against import consignments.
- vi) The deemed assessment for the tax year 2017 was amended by Deputy Commissioner Inland Revenue (DCIR) through order dated 31 May 2021 issued under sections 122(5) / 214C of the Income Tax Ordinance, 2001, whereby tax demand of Rupees 2,436.967 million was raised on various grounds. Being aggrieved by the order of DCIR, the Nishat Linen (Private) Limited - Subsidiary Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] who vide order dated 13 September 2021 granted significant relief to the Nishat Linen (Private) Limited - Subsidiary Company. Against the order of CIR(A)], both the Nishat Linen (Private) Limited - Subsidiary Company and the

department have filed cross appeals before Appellate Tribunal Inland Revenue (ATIR) which are pending for adjudication. Based on the advice of the legal counsel, Nishat Linen (Private) Limited - Subsidiary Company is hopeful for the favourable outcome of the matter, hence, no provision has been made in these consolidated condensed interim financial statements.

- vii) A sales tax demand of Rupees 1,218.132 million was raised against Nishat Power Limited - Subsidiary Company through order dated 11 December 2013, passed by the Assistant Commissioner Inland Revenue ('ACIR') disallowing input sales tax for the tax periods of July 2010 through June 2012. The disallowance was primarily made on the grounds that since revenue derived by Subsidiary Company on account of 'capacity revenue' was not chargeable to sales tax, input sales tax claimed by the Subsidiary Company was required to be apportioned with only the input sales tax attributable to other revenue stream i.e. 'energy revenue' admissible to the Subsidiary Company. Upon appeal before Commissioner Inland Revenue (Appeals) ['CIR(A)'], such issue was decided in Subsidiary Company's favour, however, certain other issues agitated by the Subsidiary Company were not adjudicated. Both the Subsidiary Company and department have filed appeals against the order of CIR(A) before Appellate Tribunal Inland Revenue ('ATIR'). On 02 August 2022, the Subsidiary company has received favourable decision from ATIR.

Moreover, the above explained issue was taken up by department for tax periods of July 2009 to June 2013 (involving input sales tax of Rupees 1,722.811 million), however, the Subsidiary Company assailed the underlying proceedings before Lahore High Court ('LHC') directly and in this respect, through order dated 31 October 2016, LHC accepted the Subsidiary Company's stance and annulled the proceedings. The department has challenged the decision of LHC before Supreme Court of Pakistan and has also preferred an Intra Court Appeal against such order which are pending adjudication.

Similarly, for financial year 2014, Nishat Power Limited - Subsidiary Company's case was selected for 'audit' and such issue again formed the core of audit proceedings (involving input sales tax of Rupees 596.091 million). The Subsidiary Company challenged the jurisdiction in respect of audit proceedings before LHC and while LHC directed the management to join the subject proceedings, department was debarred from passing the adjudication order. During the year 2019, LHC dismissed the petition in favour of the department, by allowing the department to complete the audit proceedings that are pending completion. On 26 January 2021, the department raised demand against such proceedings, however, Subsidiary Company obtained interim relief from Appellate Tribunal Inland Revenue by applying stay against such demand. Later, CIR(A) through its order dated 24 September 2021, has removed the demand in favour of the Nishat Power Limited - Subsidiary Company.

Similarly, during the year 2022 in respect of tax periods July 2016 to June 2017, Nishat Power Limited - Subsidiary Company's case was selected for 'audit' and such issue again formed the core of audit proceedings (involving input sales tax of Rupees 541.486 million). During the year 2022, the Subsidiary company received favourable decision from CIR(A) and ATIR, against which the department has filed appeal in ATIR which is in pending adjudication.

Since the issue has already been decided in Subsidiary Company's favour on merits by LHC and based on advice of the Nishat Power Limited - Subsidiary Company's legal counsel, no provision on these accounts have been made in these consolidated condensed interim financial statements.

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

viii) On 16 April 2019, the Commissioner Inland Revenue through an order raised a demand of Rupees 179.046 million against Nishat Power Limited - Subsidiary Company, mainly on account of input tax claimed on inadmissible expenses in sales tax return for the tax periods of July 2014 to June 2017 and sales tax default on account of suppression of sales related to tax period June 2016. The Subsidiary Company filed application for grant of stay before the ATIR against recovery of the aforesaid demand that was duly granted. Further, the Subsidiary Company has filed appeals before CIR(A) and ATIR against the order which are pending adjudication. Management has strong grounds to believe that the case will be decided in Subsidiary Company's favour. Therefore, no provision has been made on this account in these consolidated condensed interim financial statements.

ix) On 13 February 2019, National Electric Power Regulatory Authority ('NEPRA') issued a show cause to Nishat Power Limited - Subsidiary Company along with other Independent Power Producers to provide rationale of abnormal profits earned since commercial operation date (COD) that eventually led to initiation of proceedings against the Subsidiary Company by NEPRA on 18 March 2019. The Subsidiary Company challenged the authority of NEPRA to take suo moto action before the Islamabad High Court (IHC) wherein, on 01 April 2019, IHC provided interim relief by suspending the suo moto proceedings. The case is currently pending adjudication before IHC. Management is confident that based on the facts and law, there will be no adverse implications for the Subsidiary Company.

x) On 16 March 2020, Government of Pakistan ('GoP') issued a report through which it was alleged that savings were made by the Independent Power Producers ('IPPs'), including Nishat Power Limited - Subsidiary Company, in the tariff components in violation of applicable GoP Policies, tariff determined by National Electric Power Regulatory Authority ('NEPRA') and the relevant Project Agreements. The Subsidiary Company rejected such claims, and discussions were made with the GoP to resolve the dispute.

On 12 February 2021, Nishat Power Limited - Subsidiary Company under the Agreements, agreed that the abovementioned dispute will be resolved through arbitration under the Arbitration Submission Agreement between the Subsidiary Company and GoP. On 15 June 2022, the Subsidiary Company and the GoP have signed the Arbitration Submission Agreement.

Management of Nishat Power Limited - Subsidiary Company believes that there are strong grounds that the matter will ultimately be decided in Subsidiary Company's favor. Furthermore, its financial impact cannot be reasonably estimated at this stage, hence, no provision in this respect has been made in these consolidated condensed interim financial statements.

Nishat Power Limited - Subsidiary Company has issued post dated cheques ('PDC') amounting to Rupees 14.69 million (30 June 2022: Rupees 13.43 million) in favour of Collector of Customs, Lahore on orders of Lahore High Court with respect to differential custom duties case. These PDCs may become encashable if Lahore High Court decides against the Subsidiary Company. Based upon the advice of Subsidiary Company's legal counsel, the management is confident that Lahore High Court will decide in favour of the Subsidiary Company.

xi) The banks have issued the following on behalf of Nishat Power Limited - Subsidiary Company:

- (a) Letter of guarantee of Rupees 11.5 million (30 June 2022: Rupees 11.5 million) and Rupees 6.9 million (30 June 2022: Rupees 6.9 million) in favour of Director Excise and Taxation, Karachi, under direction of Sindh High Court and Supreme Court of Pakistan respectively, in respect of suit filed for levy of infrastructure cess.
- (b) Letters of guarantee of Rupees 500 million (30 June 2022: Rupees 500 million) in favour of fuel suppliers.
- (c) Letter of guarantee of Rupees 1.5 million (30 June 2022: Rupees 1.5 million) in favour of Punjab Revenue Authority, Lahore.
- (d) Letter of guarantee of Rupees 1 million (30 June 2022: 1 million) in favour of Collector of Customs, Lahore and Rupees 31.61 million (30 June 2022: Rupees 31.61 million) in favour of Collector of Customs, Karachi under directions of Lahore High Court and Sindh High Court respectively, in respect of suit filed for concessionary rate of duty under Customs Act, 1969.

- xii) Proceedings under section 122 of the Income Tax Ordinance, 2001 for the tax year 2014 were initiated by Deputy Commissioner Inland Revenue ('DCIR'), who through order dated 31 October 2017, raised a demand of Rupees 1.474 million in respect minimum tax under section 113 on account of disallowances in the light of sections 111 and 174 and disallowed income tax refund amounting to Rupees 14.14 million under section 148 of the Income Tax Ordinance, 2001. Being aggrieved with the impugned order, Nishat Hospitality (Private) Limited - Subsidiary Company preferred an appeal before the Commissioner Inland Revenue (Appeals) ['CIR(A)'] who via its order dated 13 February 2020, upheld the imposition of minimum tax. Consequently, Nishat Hospitality (Private) Limited - Subsidiary Company has preferred an appeal against the order of CIR(A) before the Appellate Tribunal Inland Revenue ('ATIR') which is pending adjudication. No provision has been recognised in these consolidated condensed interim financial statements in this respect as, based on the view of legal counsel, the management of the Subsidiary Company is confident of the favourable resolution of this matter.

Simultaneously Nishat Hospitality (Private) Limited - Subsidiary Company also filed a rectification application with the DCIR as a result of which an income tax refund of Rupees 474,557 was created. However, while passing the rectification order dated 13 December 2017, the DCIR disallowed adjustment of income tax collected of Rupees 14.14 million under section 148 of the Ordinance. The Subsidiary Company feeling aggrieved by the order, filed a rectification application before the CIR(A). CIR(A) through order dated 28 January 2022 accepted Nishat Hospitality (Private) Limited - Subsidiary Company's rectification application, however, upheld the treatment of the assessing officer of disallowing adjustment of income tax deducted under section 148 of the Ordinance. The Subsidiary Company has preferred an appeal against the aforementioned appellate order before the ATIR and the appeal has not been fixed for hearing till date. Based on the view of legal counsel, the management of the Subsidiary Company is confident of the favourable resolution of this matter.

- xiii) Proceedings under section 122 of the Income Tax Ordinance, 2001 for the tax year 2015 were initiated by Deputy Commissioner Inland Revenue ('DCIR'), who through order dated 27 December 2018, disallowed certain expenses amounting to Rupees 100.117 million under section 174 and ordered an addition of Rupees

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

165.902 million to 'income from other sources' under section 39 of the Income Tax Ordinance, 2001. Being aggrieved with the impugned order, Nishat Hospitality (Private) Limited - Subsidiary Company preferred an appeal before the Commissioner Inland Revenue (Appeals) ['CIR(A)']. The CIR(A) via its order dated 2 December 2021, has confirmed the disallowance under section 174 to the extent of Rupees 60.385 million whereas the issue under section 39 has been remanded back to the DCIR for re-examination in the light of evidence provided by the Subsidiary Company. The Subsidiary Company further preferred an appeal against the said order before the Appellate Tribunal Inland Revenue which is pending adjudication. No provision has been recognised in these consolidated condensed interim financial statements in this respect as, based on the view of its legal counsel, the management of the Subsidiary company is confident of the favourable resolution of this matter.

- xiv) The bank has issued the following guarantees on Nishat Hospitality (Private) Limited - Subsidiary Company's behalf in favor of Director, Excise and Taxation, Karachi under direction of Sindh High Court in respect of suit filed for levy of infrastructure cess amounting to Rupees 1.27 million (30 June 2022: Rupees 1.27 million).
- xv) Bank guarantee of Rupees 1.900 million (30 June 2022: Rupees 1.900 million) is given by the bank of Nishat Commodities (Private) Limited - Subsidiary Company in favour of Director, Excise and Taxation, Karachi to cover the disputed amount of Sindh infrastructure cess.

b) Commitments

- i) Contracts for capital expenditure of the Group are approximately of Rupees 3,990.270 million (30 June 2022: Rupees 2,277.395 million).
- ii) Letters of credit other than for capital expenditure of the Group are of Rupees 5,663.366 million (30 June 2022: Rupees 2,973.904 million).
- iii) Outstanding foreign currency forward contracts of the Group are Rupees 4,530.514 million (30 June 2022: Rupees 1,332.998 million).

13 SEGMENT INFORMATION

13.1 The Group has following reportable business segments. The following summary describes the operation in each of the Group's reportable segments:

Spinning:	Producing different qualities of yarn including dyed yarn and sewing thread using natural and artificial fibers.
Weaving:	Producing different qualities of greige fabric using yarn.
Dyeing:	Producing dyed fabric using different qualities of grey fabric.
Home Textile and Terry:	Manufacturing of home textile articles using processed fabric produced from greige fabric and manufacturing of terry and bath products.
Garments :	Manufacturing of garments using processed fabric.
Power Generation:	Generation, transmission and distribution of power using gas, oil, steam, coal, solar and biomass.
Hotel :	Carrying on the business of hotel and allied services.

Transactions among the business segments are recorded at cost. Inter segment sales and purchases have been eliminated from the total.

13.3 Reconciliation of reportable segment assets and liabilities

14 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS**i) Fair value hierarchy**

Judgments and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these consolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 30 September 2022	Level 1	Level 2	Level 3	Total
(Rupees in thousand)				
Financial assets				
Fair value through other comprehensive income	11,779,363	-	-	11,779,363
Derivative financial assets	-	60,915	-	60,915
Total financial assets	11,779,363	60,915	-	11,840,278
Financial liabilities				
Derivative financial liabilities	-	55,390	-	55,390
Total financial liabilities	-	55,390	-	55,390
Recurring fair value measurements At 30 June 2022 - Audited	Level 1	Level 2	Level 3	Total
(Rupees in thousand)				
Financial assets				
Fair value through other comprehensive income	12,382,166	-	-	12,382,166
Derivative financial assets	-	57,518	-	57,518
Total financial assets	12,382,166	57,518	-	12,439,684
Financial liabilities				
Derivative financial liabilities	-	9,595	-	9,595
Total financial liabilities	-	9,595	-	9,595

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the quarter. Further there was no transfer out of level 3 measurements.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments and the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

15 TRANSACTIONS WITH RELATED PARTIES

The related parties comprise associated undertakings, other related companies, key management personnel and post employment benefit plan. The Group in the normal course of business carries out transactions with various related parties. Detail of transactions with related parties is as follows:

i) Transactions

Cash and bank balances	1,343,317	227	1,343,544

16 FINANCIAL RISK MANAGEMENT

The Group's financial risk management objectives and policies are consistent with those disclosed in the preceding audited annual published consolidated financial statements of the Group for the year ended 30 June 2022.

17 DATE OF AUTHORIZATION FOR ISSUE

These consolidated condensed interim financial statements were approved by the Board of Directors and authorized for issue on 27 October 2022.

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the quarter ended 30 September 2022 (Un-audited)

18 CORRESPONDING FIGURES

In order to comply with the requirements of International Accounting Standard (IAS) 34 "Interim Financial Reporting", the consolidated condensed interim statement of financial position and consolidated condensed interim statement of changes in equity have been compared with the balances of annual audited consolidated financial statements of preceding financial year, whereas, the consolidated condensed interim statement of profit or loss, consolidated condensed interim statement of comprehensive income and consolidated condensed interim statement of cash flows have been compared with the balances of comparable period of immediately preceding financial year.

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant re-arrangement have been made.

19 GENERAL

Figures have been rounded off to the nearest thousand of Rupees unless otherwise stated.

پاور جنریشن

گزشتہ سال کی اسی سہ ماہی کے مقابلے موجودہ سہ ماہی میں توانائی کی لاگت میں کئی گنا اضافہ ہوا ہے۔ فرنس آئل اور کوئلے کی قیمتوں میں غیر معمولی اضافہ ہوا۔ اسی طرح، حکومت پاکستان نے موجودہ سہ ماہی میں آرائل این جی کی سبسڈی میں کمی کر دی جو گزشتہ سال کی اسی سہ ماہی کے مقابلے میں 16.5 امریکی ڈالر فی mmbtu سے بڑھ کر 19 امریکی ڈالر فی mmbtu کر دیا ہے۔

موجودہ سہ ماہی کے دوران، سبسڈی والے بجلی کے نرخوں کو جاری رکھنے پر بڑی غیر یقینی صورتحال تھی۔ تاہم، حکومت نے 01 اکتوبر 2022 سے 30 جون 2023 تک 19.99 روپے فی یونٹ بجلی کی فراہمی کا اعلان کر کے چار دیگر برآمدی شعبوں کے ساتھ ٹیکسٹائل سیکٹر کو ریلیف دیا۔

ذیلی کمپنیاں اور کنسولیدٹڈ مالیاتی گوشوارے

میری یونٹ کی فروخت کا موازنہ درج ذیل ہے جو کہ ڈویژن کا ایک بہت اہم حصہ ہے۔ یونٹ کی پیداواری صلاحیت بڑھانے کے منصوبے پر کام جاری ہے۔

اضافہ/(کمی)		30 ستمبر کو اختتام شدہ سہ ماہی		میری
فیصد	قدر	2021	2022	
2.08	11	529	540	فروخت - (کلوگرام '000)
44.95	449.02	998.95	1,447.97	قیمت فی کلوگرام
47.96	253,459	528,447	781,906	فروخت - ('000 روپے)

گارمنٹس

موجودہ سہ ماہی گارمنٹس ڈویژن کے لیے چیلنجنگ تھی کیونکہ ملک کی مجموعی معیشت غیر مستحکم اور سست رہی۔ مہنگائی اور شرح سود میں اضافے نے کاروبار کرنے کی لاگت کو اوپر کی طرف دھکیل دیا۔ عالمی کساد بازاری اور صارفین کی جانب سے زیادہ ذخیرہ اندوزی نے ملبوسات کی مانگ میں مزید کمی کی۔ منفی معاشی حالات کے باوجود، گزشتہ سال کی اسی سہ ماہی کے مقابلے میں موجودہ سہ ماہی میں گارمنٹس کی فروخت میں 31.20 فیصد اضافہ ہوا۔

اضافہ/(کمی)		30 ستمبر کو اختتام شدہ سہ ماہی		گارمنٹس
فیصد	قدر	2021	2022	
(13.20)	(274)	2,076	1,802	فروخت - (گارمنٹس '000)
51.15	643.73	1,258.55	1,902.28	قیمت فی گارمنٹ
31.20	815,162	2,612,752	3,427,914	فروخت - ('000 روپے)

ہم اپنے کاروبار کو برقرار رکھنے، اور اپنی پیداواری تکنیکوں کو بڑھا کر، ٹیکنالوجی کو اپ گریڈ کر کے اور اپنی مجموعی کارکردگی کو بڑھا کر مارکیٹ کے مطالبات کو پورا کرنے کے لیے ہدف بنائے رہے۔

گھرے کلاتھ	30 ستمبر کو اختتام شدہ سہ ماہی		اضافہ/(کی)	
	2021	2022	قدر	فیصد
فروخت - (میٹرز '000)	23,285	24,463	1,178	5.06
قیمت فی میٹر	235.37	347.88	112.51	47.80
فروخت - ('000 روپے)	5,480,613	8,510,284	3,029,671	55.28

مصنوعات / مارکیٹ میں تنوع ہماری طویل مدتی حکمت عملی کا کلیدی عنصر ہے۔ ہم تکنیکی / صنعتی استعمال کے لیے فیبرکس میں مسلسل نئے مواقع تلاش کر رہے ہیں۔

رنگائی (Dyeing)

ڈائنگ ڈویژن نے گزشتہ سال کی اسی سہ ماہی کے مقابلے میں موجودہ سہ ماہی کے دوران غیر معمولی کارکردگی کا مظاہرہ کیا۔ ڈویژن میں رنگے ہوئے کپڑے کی فروخت میں 77 فیصد اضافہ ہوا۔

پروسیسڈ کلاتھ	30 ستمبر کو اختتام شدہ سہ ماہی		اضافہ/(کی)	
	2021	2022	قدر	فیصد
فروخت - (میٹرز '000)	10,383	11,572	1,189	11.45
قیمت فی میٹر	429.81	682.60	252.79	58.81
فروخت - ('000 روپے)	4,462,743	7,899,048	3,436,305	77.00

دوسری سہ ماہی کی پیداواری صلاحیت پہلے ہی بک ہو چکی ہے کیونکہ ہمارے کاروبار کا چوٹی کا موسم شروع ہو چکا ہے۔ اس مدت کے دوران ترسیل اور صلاحیت کا انتظام ہموار کرنا ہمارا بڑا چیلنج ہوگا۔ انتظامیہ کو امید ہے کہ ڈویژن دوسری سہ ماہی میں بھی موجودہ کارکردگی کی سطح کو برقرار رکھنے کے قابل ہو جائے گا۔

گھریلو ٹیکسٹائل (Home Textile)

گھریلو ٹیکسٹائل ڈویژن کی مالی کارکردگی رواں سہ ماہی کے دوران گزشتہ سال کی اسی سہ ماہی کے مقابلے میں مستحکم رہی۔ ڈویژن نے اپنی فروخت کا حجم برقرار رکھا۔ عالمی معاشی کساد بازاری اور اس کے نتیجے میں مانگ میں کمی نے ڈویژن کے آرڈرز اور پروڈکشن پائپ لائن کو متاثر کیا ہے۔ انتظامیہ کو توقع ہے کہ یہ رجحان دوسری سہ ماہی کے دوران جاری رہے گا۔

یورپی اور امریکی خوردہ فروش، چینی مینوفیکچررز پر اپنا انحصار کم کر رہے ہیں اور اپنے آرڈرز کو دوسرے ممالک میں منتقل کر رہے ہیں۔ ڈویژن کو امید ہے کہ مانگ میں موجودہ کمی چین سے ایشیائی کاروبار کی منتقلی سے پوری ہو جائے گی۔

ہے جس سے مقامی کپاس کی فراہمی کم ہو جائے گی۔ اگرچہ بین الاقوامی منڈی میں روئی کی قیمتوں میں کمی آئی ہے لیکن امریکی ڈالر کے مقابلے پاکستانی روپیہ کی تیزی سے گراؤ کی وجہ سے درآمدی لاگت میں بڑے پیمانے پر اضافہ ہوا ہے۔ پہلے سے ہی مہنگی توانائی کے ساتھ مل کر خام مال کی زیادہ قیمت نے پاکستانی ٹیکسٹائل مصنوعات کو علاقائی حریفوں کی مصنوعات کے مقابلے میں کم پرکشش بنا دیا ہے۔

سیگمنٹ تجزیہ

کمپنی کی طبقاتی کارکردگی کا مختصر جائزہ درج ذیل ہے:

کٹائی (Spinning)

مالی سال 2022-23 ملک میں تباہ کن سیلاب کے نتیجے میں کم فصل کی وجہ سے مقامی کپاس کی بہت زیادہ قیمتوں کے ساتھ شروع ہوا۔ اس کے برعکس دنیا بھر میں کساد بازاری کی توقع کی وجہ سے بین الاقوامی کپاس کی قیمتیں گر گئیں۔ پاکستان میں کپاس کی قیمتوں میں اسپنرز کی جانب سے اپنی سالانہ ضروریات پوری کرنے کے لیے جلد بازی کے نتیجے میں مزید اضافہ ہوا۔ کمپنی نے مالی سال 2022-23 کے لیے اپنی یارن مینوفیکچرنگ کی ضروریات کو پورا کرنے کے لیے پاکستانی خام روئی کی مارکیٹ میں دستیابی ہوتے ہی خریدنا بھی شروع کر دیا ہے۔ کمپنی نے مناسب کس بنانے کے لیے کپاس درآمد کرنے کا منصوبہ بنایا ہے۔

یارن	30 ستمبر کو اختتام شدہ سہ ماہی		اضافہ/(کمی)	
	2022	2021	قدر	فیصد
فروخت - (کلوگرام '000)	7,615	9,607	(1,992)	(20.73)
قیمت فی کلوگرام	806.38	581.18	225.20	38.75
فروخت - ('000 روپے)	6,140,603	5,583,413	557,190	9.98

بین الاقوامی اور مقامی منڈیوں میں سوئی دھاگے کی مانگ میں نمایاں کمی واقع ہوئی۔ کمپنی نے گزشتہ سال کی اسی سہ ماہی کے مقابلے موجودہ سہ ماہی میں فروخت کی گئی مقدار کے لحاظ سے 20.73 فیصد کمی کی ریکارڈ کی ہے۔ اسپننگ ڈویژن میں پیداواری سہولت کو متنوع بنایا گیا ہے اور وہ اپنے صارفین کی ضروریات کو پورا کرنے کے لیے باریک اور موٹے دونوں قسم کے دھاگے کو فروخت کر رہا ہے۔

بائی (Weaving)

گرے کپڑے کی مانگ میں کمی آئی کیونکہ یورپ اور امریکہ دونوں کساد بازاری میں ڈوب گئے۔ ہم یورپ میں اپنی فروخت میں کمی کے رجحان کی پیش گوئی کرتے ہیں جو ہماری سب سے بڑی درآمدی منڈی ہے۔ صارفین نے پہلے ہی اپنے آرڈرز کو ملتوی یا روکنا شروع کر دیا ہے۔ تاہم، ویونگ ڈویژن مقامی مارکیٹ میں مواقع کی توقع کرتا ہے کیونکہ کچھ یورپی صارفین پاکستانی مینوفیکچررز سے رنگے ہوئے/تیار کپڑے کی فراہمی کا بندوبست کر رہے ہیں۔

ڈائریکٹرز کی رپورٹ

نشاط ملز لمیٹڈ ("کمپنی") کے ڈائریکٹرز 30 ستمبر 2022 کو اختتام شدہ سہ ماہی کے لیے ڈائریکٹرز کی رپورٹ پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

آپریٹنگ مالی نتائج

مالی سال 2022 کی اسی سہ ماہی کے مقابلے 30 ستمبر 2022 کو ختم ہونے والی موجودہ سہ ماہی میں بعد از ٹیکس منافع میں 861.604 ملین روپے (26.18%) کا اضافہ ہوا۔ منافع میں اضافے کی بنیادی وجہ آمدنی میں 9,944.704 روپے (40.77%) کا اضافہ تھا جو 24,391.883 ملین روپے سے 34,336.587 ملین روپے تک پہنچ گیا۔ فروخت میں اضافے کے ساتھ مجموعی منافع میں بھی اضافہ ہوا۔ مجموعی منافع تا فروخت فیصد مستحکم رہا۔ یہ موجودہ سہ ماہی میں 19.37% تھی جو پچھلے سال کی اسی سہ ماہی میں 19.45% تھی۔ تاہم، تریلی لاگت میں 585.711 ملین روپے کا اضافہ ہوا جس کی وجہ مال برداری اور ترسیل کے اخراجات میں اضافہ تھا۔

مالی جھلکیاں	30 ستمبر کو اختتام شدہ سہ ماہی		اضافہ / (کمی) فیصد
	2021	2022	
آمدنی (روپے '000)	24,391,883	34,336,587	40.77
مجموعی منافع (روپے '000)	4,745,051	6,651,690	40.18
بعد از ٹیکس منافع (روپے '000)	3,290,800	4,152,404	26.18
مجموعی منافع (فیصد)	19.45	19.37	
بعد از ٹیکس منافع (فیصد)	13.49	12.09	
منافع فی حصص - (روپے)	9.36	11.81	

ڈیویڈنڈ کی آمدنی 507.257 ملین روپے (115.27%) کے اضافے کے ساتھ 440.076 ملین روپے سے 947.333 ملین روپے ہو گئی۔ موجودہ سہ ماہی میں مالیاتی لاگت میں بھی 542.937 ملین روپے کا اضافہ ہوا جس کی وجہ قرض کی اوسط لاگت اور قلیل مدتی قرضوں میں اضافہ ہے جو ورکنگ کپٹل کی بڑھتی ہوئی ضروریات کو پورا کرنے کے لیے حاصل کیے گئے تھے۔

مارکیٹ کا عمومی جائزہ اور مستقبل کے امکانات

مالی سال 2022-23 کی پہلی سہ ماہی عالمی کساد بازاری، خام مال کی آسمان کو چھوتی لاگت، بلند افراط زر اور کرنسی کے اتار چڑھاؤ کی وجہ سے ٹیکسٹائل سیکٹر کے لیے بہت مشکل تھی۔ بڑے بین الاقوامی برانڈز نے آرڈر منسوخ کر دیے یا تاخیر کی جس سے ویلیو چین میں ٹیکسٹائل سیکٹر کے تمام طبقات متاثر ہوئے۔

مومن سون کے موسم میں بڑے پیمانے پر سیلاب نے ٹیکسٹائل کے شعبے کی مشکلات کو مزید بڑھا دیا ہے کیونکہ کپاس کی فصل کے بڑے حصے کو نقصان پہنچا
